AID WANTED FOR UMPQUA HARBOR

Chamber of Commerce Sends Resolution Urging Appropriation For Harbor Development.

NAPIER IN WASHINGTON

Attorney Representing the Port of Umpqua is Now at the National Capital Working in Behalf of Desired Improvements.

An effort to secure a federal appropriation for the development of the Umpqua harbor is now being made. Attorney J. Hawkins Napier, representing the Port of Umpqua, is now in Washington in an effort to obtain aid for the port development. The Port of Umpqua is heavily bonded and has accomplished a great deal in the way of improvement. No government assistance has ever been obtained and it is believed the government should render some assistance in improving this harbor. In the hope of having some influence in securing the desired appropriation, the following resolution was forwarded today by the local Chamber of Commerce to the Oregon delegation:

Whereas, the Umpqua river is the longest river in the state of Oregon, flowing directly into the Pacific ocean, and carries the greatest volume of water and drains the most territory of any river of said state flowing into the Pacific Ocean; and, Whereas, the river furnishes the natural outlet for a great farming and dairy country in southwestern Oregon; and, Whereas, said river has contiguous to it and to its tributaries, and therefore accessible to the lower bay of said river, a body of merchantable timber comprising some sixty billions of feet, which is supposed to be the greatest body of undeveloped timber left in the northwest accessible to any one stream for transportation purposes, and said river has been used for light draught vessels since 1852, and in earlier days supplied freight for practically all of western Oregon; and,

Whereas, the title to no less than twenty billions of feet of said timber is now in the government; and, Whereas, much of the timber in said territory is now ripe and ready to be marketed in the markets of the world which are demanding timber and timber products; and,

Whereas, the territory, consisting of some four hundred and seventy-five square miles, has been organized under the laws of the state of Oregon into a municipal district called a port district, which said district was organized for the purpose of improving the entrance at the bar of the Umpqua river, and the inside harbor of said river; and,

Whereas, the lower region of the Umpqua river is some twelve miles from where the same flows into the Pacific Ocean and is a great landlocked harbor ready for development; and,

Whereas, the entrance at the said lower bar and the bar of the Umpqua river is known to be an easy project for development as well as a cheap one from the standpoint of development; and,

Whereas, the said municipal corporation of the district of the Port of Umpqua has heretofore issued bonds, sold the same and expended the proceeds on the building of a north jetty, has improved the conditions of navigation on said river and made it possible to use the same for lighter vessels; and,

Whereas, an extension of said jetty for some four thousand feet into the ocean is needed, which said extension it is believed will provide the necessary depth to the entrance at said bar to accommodate vessels drawing from thirty to thirty-five feet of water; and,

Whereas, said port district has authorized an additional issue of bonds, part of which has been sold in the sum of \$250,000.00, making a total of \$450,000.00 of bonded indebtedness, to be used for the purpose, by said port district, of developing the bar at the inside harbor of said river; and,

Whereas, the worth and merit of said project has heretofore been recognized and recommended by the northwest rivers and harbors congress, this being a body of delegates from the five northwestern states; and,

Whereas, the government has never adopted said project, or rendered any aid, or made any appropriation for improvement of said river, and the time for the improvement of said river is at hand, and the commerce to be moved over said bar and through said harbor promises of great and sufficient magnitude to justify the complete development of said harbor and river facilities;

Now, therefore, be it resolved by the Roseburg Chamber of Commerce that we do most heartily recommend to the congress of the United States of America the project of the Port of Umpqua, including both the inside harbor and the entrance at the bar of the Umpqua river, as being a project most worthy of adoption and as-

The Improved 1921

Thor

ELECTRIC WASHING MACHINE

—with new, self-cleaning, Luminoid Cylinder

Saves more time

Lasts more years

See it and you will have no other

WE WANT every woman in this city to come in and see the wonderful, improved 1921 Thor

Even if you have a machine—come in anyway. You will want to know about this latest of all machines which saves up to an hour of the time required by others to do a washing.

The sturdy, all-metal construction assures years longer service. The revolving, reversing cylinder method of washing is the safe, thorough way. In fact, it is the thing which has convinced 600,000 users that the Thor has no equal. See the Ball Bearing Swinging Wringer—made entirely of metal so it cannot warp or twist.

\$10 BRINGS IT FOR NEXT WASHDAY

Small monthly payments soon settle the balance

ADVICE TO LOVELORN AND OTHERS

BY MRS. ELLSBURY

A Daily Column of Questions and Answers Conducted by a Woman Who Knows. Address your Letters to Mrs. Ellsbury Care Roseburg News-Review.

Dear Mrs. Ellsbury: Could you tell me how the people of today can tell whether the people of the early stone age had tamed animals such as sheep, goats, cows and horses, and how we know they were tame. Thanking you in advance for your advice.

Ans. I have no room in this column for detailed information such as would be necessary to answer your question. Send to Miss Cornelia Marvin, state librarian, Salem, Ore. Explain what you want, and she will send you a book containing the information.

Dear Mrs. Ellsbury: Will you please give me the names of all that

slipped in the Mayflower, including the helpers. Thank you for your kindness.

Ans. I have never heard of a record that contained the names of the helpers on the Mayflower. The names of the principal characters on the Mayflower can be obtained from any history.

If the little girl who signed herself "Robin" will send me her address I will answer her letter at once personally. In the meantime I would advise her not to take the step she is contemplating until she hears from me.

sistance on the part of the United States government.

Be it further resolved that we do hereby commend the port commission of said port district and the people living in said port district for their progressive efforts looking to the development of the resources of the Umpqua river country, and for the steps taken and the things done for the development of the lower river and harbor of the Port of Umpqua.

Be it further resolved, that a copy of this resolution be forwarded to Hon. C. L. McNary, Hon. R. N. Stanford, and Hon. W. C. Hawley, our delegation in congress.

YOUR PORTRAIT
Will solve the problem. "What shall I give for Christmas?" The Roseburg Studio, Bell Sisters' Bldg. Phone 462.

ENTERTAINERS CLUB
Mrs. Charles Hagar, of Deer Creek, was hostess to the Bellview Social Neighbors' club last Thursday. After the business meeting, which included preparations for a Christmas festival for the children at the school, dainty refreshments were served. The next meeting is to be with Mrs. Carl Roslund at the school house.

Fiction Library, Masonic Temple, Books, Magazines.

BOX SOCIAL.
The ladies of Riverside and Edgewater will give a box social and entertainment at the Riverside school house Saturday evening, Nov. 15th, the proceeds to be used for a Xmas tree. Admittance free. Come all.

COMMITTEE.

GARDINER VOTES TAX
A unanimous vote was cast in Gardiner Saturday for a 5 mill special tax, the money to be used to improve the grade on the county road north of Gardiner. The new grade will be built following the survey of the Roosevelt highway.

Skin Clear and Flesh Firm With Yeast Vitamon

Concentrated Tablets Easy and Economical to Take—Results Quick.

Every man or woman who has heard of the wonderful health and beauty-making power of the vitamins in yeast, fresh vegetables and other raw foods will be glad to know of the amazing results being obtained from the highly concentrated yeast—Mastin's VITAMON tablets. These supply a proper dose of all three vitamins (A, B, and C), and are now used by thousands who appreciate their economy, constancy and quick results. Mastin's VITAMON mixes with your food, helps it to digest and provides the health-giving, strength-building nutriment that your body must have to make new tissue, strengthen nerves, rich blood and a keen, active brain. They will not cause gas or upset the stomach, but, on the contrary, are a great aid in overcoming indigestion or chronic constipation. Pimples, boils and skin eruptions seem to vanish as if by magic, leaving the complexion clear and glowing with health. Be sure to remember the name—Mastin's VITAMON. Do not accept imitations or substitutes. You can get Mastin's VITAMON Tablets at all good druggists.
