Dainty Maiden

Outstrips World

NEW YORK, Dec. 14.—Strip poker is an old game. It took Betty Landers, a 21-year-old cabaret singer to ring in a variation of the game by inaugurating a moving spectacle entitled strip solitaire.

It would not have been so startling if Betty had not selected the up-town platform of the Lexington avenue subway at 84th street.

It was 2 a. m. when Betty entered the subway station and began to sing and dance. Under ordinary circumstances, there are few travelers at that station at that hour, Betty drew a crowd. She paused, took a bow and then, with no preliminary, she started to undress.

Betty is a quick worker. In 20 seconds there she stood in a pair of silk stockings and two garters decorated with pink silk rouchards.

This is a difficult story to write just about here. We want to give you the facts and we don't know how to do it.

Well, anyway, a cop came along, and put his overcoat around Betty, and took her away. She was arraigned before Magistrate Corrigan in the Harlem court later in the day, and in the middle of the proceedings she suddenly unbuttoned her overcoat and let it drop to the floor.

It was very embarrassing.

A MESSAGE TO THE PEOPLE OF ROSEBURG.

At the meeting on Monday to organize an Associated Charities, those present saw fit to name me as the chairman of this association, and Captain Ford of the Salvation Army as assistant. Now there are a number of needy families in and around Roseburg. The only way we can assist these people is to have the help of the people of Roseburg. About fourteen different organizations of this city have lined up to help in this work, but help cannot be rendered by any of us unless the people who are comfortably fixed and who want to help come to our immediate assistance. Christmas is almost upon us, and those who wish to give through this united charities should do so at once. We must make our plans, finding out the needs of the ones who are calling for help, and then we must know just what resources we have behind us. Will the people of Roseburg respond to the call that was made in yesterday's News-Review to bring fruit, vegetables and clothing to the office of the Commercial club, and leave all money either with myself, Capt. Ford, or at the News-Review office with B. W. Bates. Quick action is necessary.

C. H. HILTON.

Don't forget checks to buy an Oldsmobile, but be sure you see the New Four before you spend good money. J. V. Casey, Agent.

Later Betty was committed to Bellevue for more observation.

The Yoncalla Rod and Gun Club will give their Xmas shoot on Sunday, Dec. 18th, rain or shine, on their new grounds. Buildings are up for shelter.

If the man who measures you for your next suit calls out "N. F. R. B." to the assistant who jots down the measurements, take care! It is a warning that your physique is not all that it should be—in fact a great deal less. It stands for "neck forward, round back."

"It's the commonest fault in the physique of our customers," explained a tailor. "Most men have flat chest and round back. The army straightened some of them up for a while but they've begun slumping back again."

About one man in ten has bow legs, the bow running from 1 1/2 to 4 inches. Practically every man's shoulders are uneven—one higher than the other. But that's so common that you wouldn't call it a defect.

"Here's another thing I've noticed. All the athletes, the professional strong men, have sloping shoulders. The fellow with the straight, heavy shoulders whom you'd take for an athlete usually isn't."—Milwaukee Journal.
