

BLANCHE BLAIR

That Taniae is a wonderful medicine for delicate children is conclusively proven by the remarkable results accomplished in the cases of the three children shown in this picture.

Little Blanche Blair, of Providence, R. I., aged 13, gained 10 pounds; Regina McCabe, at right, age 9, of Scranton, Pa., gained 15 pounds; Little Richard Leary, Jr., of Philadelphia, who was very delicate, is now in fine, robust health. The statements made by their parents are as follows:

Mr. A. M. Blair, residing at 20 Atwood street, Providence, R. I., said: "We are just so happy over the change Taniae has made in our little girl that we can't do or say enough to show our appreciation. She had lost nearly 20 pounds in weight and looked so frail and weak that her mother and I were both almost worried sick over her condition. Since taking Taniae, she has already gained 10 pounds, her color is better than it ever has been and she looks and acts like a different girl."

Mrs. Catherine McCabe, 414 Dickens Ave., Scranton, Pa., said: "The 'flu' left my little Regina in such a bad condition that I have no idea she would be with me now if it hadn't been for Taniae. It is a mystery to me how she lived on the little she was eating and was so lifeless she never even cared to play with the dolls and toys she got at Christmas. Since taking Taniae she is as hardy and well as any child could be and has gained 15 pounds in weight. I will always praise Taniae for restoring our little girl's health."

Richard Leary, 2342 Palethorpe St., Philadelphia, said: "There is no doubt in my mind but that Taniae saved my little boy's life. For two years I wouldn't have been a bit surprised to have seen him drop off at any time. He had stomach trouble

REGINA McCABE and RICHARD LEARY Jr.

and many a time the gas pressed up into his chest until his heart palpitated so I thought sure he couldn't breathe but a few more gasps, but Taniae gave him back to us strong and well and we will praise it to our dying day."

The effect of Taniae on the delicate stomachs of the young is one of the strongest evidences of its wholesomeness as well as its unusual merit. Although a powerful reconstructive, Taniae contains no harmful ingredients, minerals or opiates which are so often found in other medicines. Being composed of the most beneficial roots and herbs known to science it is purely vegetable and can be taken by the most delicate children, and does not upset or injure the weakest or most delicate stomach.

Taniae is sold in Roseburg by W. F. Chapman's Pharmacy and by leading druggists everywhere.

TOURIST FUND UNDER FIRE.

SALEM, Dec. 21.—Statements of Senators Upton and Bell, during the joint meeting of the steering committee of the senate and house Tuesday night indicated that an attempt may be made during the present session to repeal the law appropriating \$50,000 annually to the Northwest Tourist association.

Sam A. Kozar, secretary of state, was called before the committee and was asked to explain whether the state of Washington had complied with the conditions under which the Oregon law was enacted. Mr. Kozar said the legislature of Washington had refused to appropriate any money for the tourist association, but that the funds had been raised by popular subscription.

Other questions asked by Senators Upton and Bell indicated that they were dissatisfied with the Oregon law and might seek to have it repealed.

A CHRISTMAS WISH

A token I would send to thee This happy morn, While fancy flirts across the sea Where Christ was born.

The holly is a symbol true Of life beyond; The berries glow in love's own hue— Affection's Bond.

May Heaven's richest blessing fall And comfort thee, Even as the snowflakes cover all With purity.

May He who lit the Eastern Star E'er lead thee on, And lure thee to the Gates Ajar At Heaven's dawn.

Rest safe beneath Jehovah's wing, Though skies be gray, And join the songs the angels sing On Christmas day.
