Miss Moar Honor Guest at Party

Mrs. Fred Kellington entertained at her home on Pitzer street yesterday afternoon in honor of Miss Edith Moar, who is visiting here at the home of her sister, Mrs. Chas W. Gilbert. The afternoon was spent with sewing and at a late hour the hostess served a delicious two course luncheon. A color scheme of red was carried out with red carnations and red candles. Covers were laid for the following: Miss Edith Moar, the guest of honor, Mrs. H. D. Harris, Mrs. W. C. Burt, Mrs. E. R. Burch, Mrs. J. C. Ponsler, Mrs. Earl Burr, Mrs. Chas. W. Gilbert, and the hostess, Mrs. Kellington.

Miss Moar expects to leave Saturday for San Francisco. She has made many friends during her visit here who regret her departure.

South Stephens Paving Complete

Paving of South Stephens street was completed late yesterday afternoon, and the highway over this route will be opened as soon as the cement has hardened properly to stand the traffic. The cold temperature last night will not do any damage to the pavement and from now on cold cannot injure the cement, Contractor Metzger stated. The pavement will be given several weeks in which to set and the highway will then be opened to travel. The paving has been laid under very discouraging conditions, rain and cold greatly interfering. The work was not started, owing to delays on the part of the city council, until after the fall rains had softened the foundation and made grading difficult. The pavement is of reinforced concrete type and is heavy enough to withstand a great deal of hard traffic.

SHOULD SPRAY PEACH TREES

Bordeaux for peach leaf curl should be applied at once, according to F. B. Guthrie, field manager of the local Oregon Growers association. Growers who desire to get control of the disease should not delay but should apply the spray at once. In the event of delay the disease will gain a hold and cannot be checked, Mr. Guthrie warns. He advises that the spray be applied within the next few days if good results are to be expected.
