

ACTIVITIES IN PUBLIC SCHOOLS OF ROSEBURG

HIGH SCHOOL NEWS

HIGH SCHOOL NEWS
The examinations which have been in progress all this week have resulted in the consequent decrease in school activities the amount of school for this issue is sadly deficient.

The final examinations of the winter were held on Tuesday, Wednesday, Thursday and Friday of this week. Each class was given two days in which to take the examinations and an additional time if desired. The exemption list, containing 51 names, was posted Tuesday morning bringing a smile of satisfaction to the faces of those who had in doubt as to whether or not they were actually exempt. The high school examination schedule was as follows: Seventh period classes, Friday afternoon; first period classes, Wednesday morning; second period classes, Wednesday afternoon; third period classes, Thursday morning; fourth period classes, Thursday afternoon; fifth period classes, Friday morning; sixth period classes, Friday morning. The schedule as a whole ran smoothly.

The high school basketball team of the Wilbur aggregation Friday night at Wilbur. The team was able to defeat the Wilbur high by a score of 16 to 6. This game was the regular game of the Wilbur-Roseburg basketball league. The score was 72 to 2 in favor of Roseburg. R. H. S. has a very strong team this year and is scheduled to meet the state. If the boys keep up the pace they have started they will not put Roseburg back on the map in basketball.

BENSON SCHOOL NEWS

P. T. A. Meeting, January 26.
There will be a meeting of the P. T. A. on January 26. Much business will come before the society and a program will be given. It is hoped that every member of the association will be present.

Successful Food Sale.
One of the most gorgeous and profitable food sales ever held in Roseburg was promoted by Mrs. Rohr and her able assistants, January 14th. They have received many fine comments and realized a goodly amount financially.

Number Ordered for Play Shod.
The building committee for the erection of the Benson school has let the contract to W. H. ... agent of the J. H. Chambers ... company of Cottage Grove, ... the material for the building. The action was taken January ... and the material is to be on ground January 21st. All ... for the rapid construction of building as soon as the lumber ...

Last Spelling Match Held.
The last of a series of ten spelling matches was held between the Roseburg fifth grades, January 13. The date was unlucky for Benson. In B class the score was 42 to 51 in favor of Rose and in the A class the score was 51 to 43 in favor of Benson school. Benson took six of the ten matches and greatly led them in the total score.

Benson Candy Booth.
A sumptuous candy sale was conducted Thursday and Friday evening at the auto show. The booth is placed under a great Japanese Parasol and all had the Japanese effect underneath. The proceeds will be used in the purchase of athletic goods and school room fixtures.

At the automobile show the Benson school has a very creditable exhibit. Among the many exhibits are art, history, civics, English, geography, physiology, penmanship and arithmetic.

In the primary art department, hand work displaying clever articles made by the little folks show them to be master hands at this work. Specimens of arithmetic and geography are also on display.

In the upper grades for history and civics noted men such as sea fighters, war heroes, war presidents and also a picture of President Harding and his cabinet are on display. In the English department very attractive booklets tell the story of noted pictures. In geography a fine collection of maps is shown and in physiology there were diagrams of the heart, teeth and ear, showing the different parts.

Neatly arranged note books show some of the work covered in Arithmetic. Many Palmer awards prove what the pupils are doing at the Benson school in penmanship. Over the entire exhibit hangs the beautiful pennant presented to the school by Mrs. B. W. Maddox.

The examinations are now over and the promotions were made on Friday.

The next semester will leave the rooms on the upper floor more evenly divided, relieving the congestion in the seventh grade room especially. Nearly all of the pupils have passed very creditably. Only a few pupils were retained and this is due to the fact that they were new to the system and also to irregular attendance.

FULLERTON SCHOOL NEWS

The sand table in the primary room represents an Eskimo scene this week. There are seals and polar bears among the icebergs. Eskimos driving their dogs hitched to their sleds, and Eskimo houses. This scene hasn't looked so inappropriate in sunny Oregon as it sometimes does in January. Eskimo posters have adorned the blackboard as a border, also.

The second grade pupils have made individual weather calendars this month, and are having a variety of scenes to record in the brief time.

Pupils of Mrs. Breckon's and Mr. Faneber's rooms were given a vacation Friday afternoon, same having been earned by their good record last month.

Four pupils in Miss Swinney's room were neither absent nor tardy for the semester ending January 20. They were Eva Cluck, Evelyn Neighbors, Esther Ritter and Cloyce Taylor of the second grade. Nine pupils of the second grade: Cloyce Taylor, Lawrence Goodhue, Evelyn Neighbors, Jack Robertson, Esther Ritter, Floyd Wilson, Mary Stovall, Eva Cluck and Elza Kohlhaugen; and two pupils of the first grade, Esther Myers and Georgia Stovall were neither absent nor tardy for the third term.

Miss Swinney's pupils took their half-holiday which they earned last month on Wednesday afternoon. So many have been absent on account of sickness or bad colds, that only a few individual cases of a quarter holiday are expected for this month.

The Moore Music Studio kindergarten, for children from 4 to 6 years of age, has a closed car that calls for children and takes them home.

State Bonus Loans

Attention World War Ex-Service Men:

We are in receipt of the following opinion, which has been handed down by the Commission, relative to titles held under what is known as the Torrens or Registry System of titles:

"Beg to advise that certificates of registration under this system (Torrens) will be accepted as evidence of title, provided the proceedings were regular and the time limit has expired for making appeal. The attorney's examination then would only cover these points and the period from the time the certificate was granted until the time of the examination."

This decision of the Commission will be good news to those who plan to take the loan on property held under this system, as it will save the expense of an abstract.

The examining Attorney for Douglas County has requested that abstracts be sent him for examination soon as possible, so that there will be no delay in closing the loans when the money is available, which will be about March 1st.

If you own land under the Registration System, we will be pleased to advise you the proper method of presenting same to the Attorney, and if you require your abstract completed to date, bring it to us and we will send to the Attorney.

We have a large shipment of abstracts about ready to go forward to the Attorney.

MRS. MINA BABER, Aurora, Ill.

"A short time ago I was one of the most nervous and miserable persons on the earth, but thanks to Tanlac I'm well and happy now," said Mrs. Mina Baber, 446 Farnsworth Ave., Aurora, Ill.

"It was just about two years ago that I began to be distressed after every meal. I had awful smothering spells at times and my heart beat so irregularly that I often thought I wouldn't live through the attack. Headaches were the bane of my existence and I shudder even now when I think of them. My back hurt me, too, and it was just agony for me to bend over and straighten up again.

"Tanlac has done for me far more than I ever expected and I'm like a different person altogether. In fact, I'm in perfect health now. In my opinion, Tanlac is the best medicine under the sun."

Tanlac is sold in Roseburg by W. F. Chapman's Pharmacy, and by leading druggists everywhere.

WILL LOCATE IN ROSEBURG

Roy Oppie, wife and son arrived in Roseburg last evening to make their home. Mr. Oppie represents Dunham, Carrigan & Hayden Co., of San Francisco, and formerly made his headquarters at Seattle. In speaking of Mr. Oppie's departure from Seattle a paper of that city has the following to say:

"Roy Oppie, one of Seattle's best-known sportsmen, is saying goodbye to the Pacific Northwest today, after enjoying a residence here of fifteen years. Oppie has been an authority on fish and game, and is a life member of the Seattle Gun Club. He is one of the few sportsmen who is just about sure to get a full bag every time he starts after game.

"Oppie, who has represented a sporting goods line in this section, is removing to southern Oregon, where he will continue in the sporting goods business. He will probably make his headquarters at Roseburg.

The many friends of the veteran sportsman will regret to see Oppie leave his old haunts, but the fish and game all over the state will hold jollification parties when Oppie departs for other climes."

The upholstery is of the finest leather and plush and all the entire car is heated.

TEX RICKARD ARRESTED TODAY

NEW YORK, Jan. 21.—Tex Rickard, boxing promoter, was arrested today on a charge of criminal assault made by a childrens society on complaint of a 15 year old girl. Two other girls were held as witnesses.

JUDGE IN FAVOR OF BIRTH CONTROL

DENVER, Jan. 21.—Judge Ben Lindsey of the juvenile court, today favored race production with a view to quality than unrestricted quantity in a statement issued, following the case of Mr. and Mrs. Clyde Cassidente, Italians. Sterilization had been recommended for Mrs. Cassidente because the family already had more children than they could raise properly. They finally agreed not to perform the operation, but Lindsey voiced approval of some means of regulating births. This would reduce the number of feeble minded children, he declared.

TO GIVE DEMONSTRATION

Mr. McDougal of McDougal's Music House of Portland and Luper Brothers, formerly soloists with the O. A. C. Band, arrived here today to remain in Roseburg a few days. The Luper Brothers are touring Oregon demonstrating different musical instruments. This evening they will give a demonstration at Ott's music store. This promises to be very fine and a large crowd is expected. The Luper Brothers while with the O. A. C. band visited Roseburg a short time ago and were thoroughly appreciated by those who heard them.

Inquest Held Into Tapp's Death

Coroner M. E. Ritter and Sheriff Starmer returned last night from Elkton where an inquest was conducted into the death of Douglas Tapp. The coroner's jury found that Tapp was killed by C. M. Young and recommended that Young be held for the grand jury. The coroner's jury held out for two and a half hours, it being rumored that three favored a verdict of justifiable homicide, but after receiving further instructions returned a verdict recommending that Young be held, a verdict which caused an expression of satisfaction from the prisoner. Members of the Tapp family stated on the stand that Douglas Tapp sold a gallon of moonshine to Young on Saturday, receiving \$7 for the liquor. Wallace Freyer changed his statement regarding the struggle although he introduced no changes of any material bearing. Hughes states that at one time during the fight he secured the gun from Tapp and struck at him with it. It is possible that this accounts for a gash on Tapp's head which had formerly been attributed to a flying piece of the bullet which killed Tapp.

LAWYERS WRANGLE IN ARBUCKLE TRIAL

SAN FRANCISCO, Jan. 21.—Lawyers wrangling marked the Arbuckle trial today and Mrs. Kate Hardebeck, "aunt" of Virgint Rappe, testified to the girl's good health preceding her death. The lawyers argument centered around the state's attempt to impeach the testimony of Zey Prevost, one of the state's star witnesses.

CALIFORNIA CROPS GREATLY DAMAGED
