

SENTIMENT WILL ENFORCE DEMAND

Prevalence of Public Opinion Will Uphold Railroad Labor Board Vice Chairman Says.

RD PULL IS OVER

That Peak of Hard Times Is Past and That Future Developments Will Reach Far in Restoring Affairs to Normal.

HOOPER SAYS

Public sentiment exerts such a tremendous influence in America that the moral force of the railroads and their employees to avoid interruption of service will make the United States Railroad Labor Board's decisions effective.

HOOPER SAYS

Hooper, G. W. W. Hanger, member of the board, labor member of the chamber at a meeting where Mr. Hooper voiced his opinion that America had passed the winter of our discontent and was now "standing on tip-toe with the slogan of the vernacular, 'Let's go.'"

HOOPER SAYS

Hooper said he expected the number of railway employees to be increased in the spring, that the number would be enlarged by increased business and that conditions probably justify a reduction of the "hard pull is over," the former governor of Tennessee said.

or will there come a time when powerful motives of self-interest will induce one or the other to trample under foot the Board's decisions and override public opinion? "I would not underestimate the potency of public opinion. It exerts a tremendous influence in this country of ours. My personal view is that neither the carriers nor their employees have the moral right to discontinue railway operation to enforce the demands of either upon the other. "It must not be forgotten that there are some labor leaders and certain labor periodicals which persistently preach the disquieting doctrine that the tollers of this country cannot trust the courts and tribunals having jurisdiction of their troubles. The Railroad Labor Board, if moved by a profound desire to do justice, may largely counteract this destructive preaching, and that without slopping over like a neuresthetic parlor communist."

AROUND THE TOWN

Wilbur Visitor—Miss Boulah Parker was in Roseburg for a few hours this morning. She returned to her home at Wilbur this afternoon.

To Visit in Portland—Mr. and Mrs. F. J. Jost left here this afternoon for Portland where they will visit for some time with relatives and friends.

To Visit Here—Mrs. D. J. Perry arrived here today from Byers to visit for a few days at the home of Mrs. Bert Cox who resides in this city.

Here from Medford—W. B. Speck of Medford is in this city on business. Mr. Speck is an employe of the Standard Oil company at Medford.

Here from Oakland—Mrs. B. S. Mode of Oakland was in Roseburg for several hours today trading. Mrs. Mode returned to her home on the afternoon train.

Returns From Business Trip—Mr. and Mrs. Dexter Rice returned from Portland this morning, where they had been for the past few days attending to business matters.

Visiting at Wilbur—Mr. and Mrs. O. E. Ferguson and daughter, Margaret, of Helix, Umatilla county, are visitors at the home of Mr. and Mrs. B. Irving at Wilbur.

Oakland Visitor—Mrs. L. P. Rapp and son, of Oakland, spent several hours in this city today trading and visiting. They returned to their home this afternoon.

To Visit at West Fork—Mrs. L. V. Cutsforth and small son left this morning for West Fork, where they will visit at the home of Mrs. Cutsforth's brother, Mr. D. B. Crosby.

Returned to Portland—Mrs. J. N. Flock left here this afternoon for her home in Portland after visiting several days at the homes of F. L. and E. A. McGrew in this city.

To Remain in Eugene—Mrs. George Engles left here this afternoon for Eugene. Mrs. Engles formerly made her home in this city but she expects to live in Eugene from now on.

Returned to Portland—Mr. and Mrs. J. M. Clark returned to their home in Portland this afternoon after visiting at Grants Pass and Myrtle Creek with friends and relatives.

Registered at the Umpqua—Among those registered at the Hotel Umpqua are the following: J. M. Oram, Junction City; Mr. and Mrs. E. C. Volland, Eugene; Pat Hennessey, Marshfield.

Purchases Prune Ranch—George Strong of Myrtle Creek today purchased the prune ranch formerly owned by W. L. Pratt. The ranch includes 75 acres and is in the vicinity of Myrtle Creek. Mr. Strong will take immediate possession. The place sold for \$7,500.

Sale is Successful—The ladies of the Loyal Circle class of the Christian church held a very successful chicken tamale sale at the Roseburg National bank building today. The proceeds of the sale will be used for the building fund.

Here From Alaska—Mrs. Leatha Davis arrived here this morning to visit with her sister, Mrs. A. A. Veatch. This is Mrs. Davis' first visit to Roseburg in eight years. For the past few years Mrs. Davis has been a resident of Hyder, Alaska, before which time she made her home in British Columbia.

Her address promises to be very interesting and a large attendance is expected. Light refreshments will be served at the conclusion of the lecture. Miss Rolfe is being sent out by Mrs. Ida B. Callahan, state president of the Oregon Women's Clubs.

FIGHT OVER GIRL RESULTS FATALLY—SEATTLE, Jan. 28.—Mike Dukitch probably fatally stabbed Mike Semitch, both restaurant workers, in a fight over a girl also employed in the restaurant where the two worked. Early morning breakfasters witnessed the death struggle.

AGED MAN FOUND DEAD AT WHEEL—SANTA MONICA, Cal., Jan. 28.—The Police found the stiffened body of Harvey Gray, aged 50, dead at the wheel of his automobile with a bullet in the side of his head. Three more bullet holes in the windshield and his own automatic pistol was clutched in his hand. The police believe he was killed in a battle with holdup men.

HIGHWAY COMMISSION DESIGNATES HIGHWAYS—PORTLAND, Jan. 28.—The highway commission today designated 1176 miles of primary highways and 1640 miles of secondary road to receive federal aid. The Pacific, Dalles-Columbia, Columbia river with the Oregon trail extension, and that part of the Oregon-Washington highway from Pendleton to the Washington line, were designated as primary. They decided to leave the policing of the highways in the hands of Chief Traffic Officer Rafferty, who is to name his own deputies. The commission's engineers are also to be assistant traffic officers. They ordered several bids advertised to be opened February 21. The highway commission decided not to change the accepted survey of the Roseburg-Coos Bay highway. It will not go through Bridge settlement, as had been petitioned for. The Coos Bay-Roseburg highway was included among the secondary highways on the federal aid list.

SPRUCE DIVISION PROPERTY SOLD—PORTLAND, Jan. 28.—The last real property of the United States spruce production division, a mill and railroad at Port Angeles, Washington, were sold to E. C. Grammar, of Seattle, head of the Admiralty Logging Co., for one million and a half dollars. The mill cost over a million and the road approximately four millions.

MEXICAN STUDENTS KILLED BY BOMB—HERMOSILLO, Mexico, Jan. 28.—Five pupils of the Cruz Galves public school were instantly killed when a bomb exploded. One of the dead boys had found the bomb on an old battlefield. The group attempted to extract the dynamite, when one of the number, realizing the danger, hurled the bomb from the building. It struck on a rock and exploded, partially wrecking the building.

SPORT

Oral Betting May Be Tried Again on Coast

EL CENTRO, Cal., Jan. 28.—(United Press.)—Twenty round fights are again an actuality on the Pacific coast. Chot Neff of Los Angeles and Leo Morrissey, of Holtville, are carded for a 28-round bout on January 29 at Algodones, Baja-California, eight miles across the international line from Yuma, Arizona.

A special seating capacity of 5000 has been arranged at Algodones to take care of the big crowd of boxing enthusiasts who are expected from all parts of the Imperial valley. Excursions from Brawley, El Centro, Calexico, Yuma, and numerous other border cities have been arranged.

The card has been prepared by Joseph B. Gorman, old time fight promoter and present publisher of a newspaper at Somerton, Arizona. Gorman was placed in charge of the "fisticuffs" by a citizens' committee from cities along the American side of the line which decided to arrange a season of long-bout fights. The two men for the first bout are scheduled to fight at 138 pounds.

but held their opponents close at all stages of the clash. Eugene used no substitutes and Medford made only one change during the contest. One of the largest basketball crowds in several years witnessed the contest and the enthusiasm resembled that at a football match.

DODGERS DRUB BERKLEY—SEATTLE, Wash., Jan. 27.—In a basketball battle, the outcome of which was uncertain until Heine Selk, University of Washington, center, found the basket for his only goal of the game a moment before the final whistle, the University of California was defeated here tonight by the University of Washington in a nip and tuck game, 34 to 33.

California led by one point until Selk's winning shot. At the end of the first half Gallifornia led 19 to 17.

SMITH RIVER TEAM WINS BASKET BALL CONTEST—The Smith River high school won both games of the inter-scholastic games from the Reedsport high school last Saturday night at the strange hall on Smith river. The girls game was very hotly contested and the score was comparatively even the final score being 17 to 11.

The boys game was a very one-sided affair. The river boys smothered the locals by a lopsided score of 84 to 0, one of the worst defeats yet to be handed out to any of the school teams this year. A large crowd from Reedsport and Gardiner witnessed the game.—Port Umpqua Courier.

MEDFORD BEATS EUGENE—MEDFORD, Jan. 27.—Medford was victor over Eugene tonight in the high school basketball game by a score of 20 to 18. The visitors were outweighed by the local team.

BILLIARD CHAMP HERE—O. J. Mills, fancy shot billiard champion of the world, will give a demonstration of his skill tonight at the Club Billiard Parlors. Mr. Mills has appeared throughout the United States in his exhibition and the local billiard fans are planning to attend tonight's performance in large numbers.

Art Required for Bobsled Speed

There are two fair devotees of winter sport at St. Moritz, Switzerland, attired in the latest fashion of winter togs. They are Miss Letcher (at left) and Miss Constance Miller, two Americans, who on their recent trip to the Alps learned the bobsled was invented by an American, Wilson Smith. They found the Swiss priding themselves on the fact that this American invention was generally adopted by them in 1890. Also they discovered that in the Alps bobsleighting has become an art and that an expert leader, who can give the command for simultaneous movement on the part of the riders at the proper time can get more speed out of his sled than the bobsleper.

Miss Miller declares that there is as great a knack to riding on a bobsled as there is in riding a horse. In both instances the driver can get all the speed they are capable of from both the sled and the horse, only if he has both the science and the art of driving at his command.

Incidentally racing bobsleds add greatly to the diversions and interest at the Swiss winter resorts.
