Wages In State Show Decrease

SALEM, Jan. 27.—Wage reductions ranging from 30 to 50 per cent in the past 18 months are shown in a comparison of wages paid to various classes of labor in Oregon, just compiled by C. H. Gram, state labor commissioner.

Farm hands who were receiving an average of \$73.62 a month, with board, in June, 1920, are now receiving an average of only \$37.16 a month and board, in December, 1921, a decrease of almost 50 per cent, the compilation shows. Carpenters who were receiving \$7.14 a day in June, 1920, were receiving \$5.19 a day in December, 1921, a decrease of slightly less than 30 per cent. Teamsters wages have dropped in the 18 months period from \$5 a day to \$3.52; head fallers from \$7.12 to \$4.69; second fallers from \$6.71 to \$4.43; laborers from \$4.96 to \$3.53; camp cooks from \$137.69 per month and board, to \$96 a month and board; dishwashers from \$77.55 per month and board, to \$53 per month and board; milkers from \$58.33 a month and board, to \$50.33 a month and board.

The compilation shows the greatest percentage of decreases between June, 1920, and June, 1921. In the last six months the variation has not been so great except in the case of carpenters whose wages have dropped from \$6.18 per day to \$5.19 per day. Wages of common labor show a slight increase in the last six months period from \$3.32 per day in June, 1921, to \$3.53 per day in December.

A total of 53,971 placements was reported by Portland employment agencies for 1921. During the first six months of 1921 only 20,282 placements are recorded or 32,687 less than the number placed in the same period of 1920.

CHANGE MADE IN WIDOWS PENSIONS

The widow pension checks mailed out by the county today were much larger than usual owing to the operation of the new state law which became effective the first of the year. Formerly the law gave the widows \$10 for the first child and \$7.50 for each of the others, with a limit of \$40. The new law provides \$15 for the first child and \$10 for each of the others with a limit of \$60.
