Entered as second-class matter May 17, 1920, at the post office at Roseburg, Oregon, under the Act of March 2, 1879.

ROSEBURG, OREGON, FEBRUARY 7, 1922.

## ROSEBURG'S ANNUAL STRAWBERRY CARNIVAL.

At the close of the meeting held last night at the Chamber of Commerce rooms a number of prominent business men of Roseburg got together in an informal way to discuss Roseburg's Annual Strawberry Carnival, an event that has done more real good to this section of the state in an advertising way than any other important factor carried out by the people of this community.

It was the general consensus of opinion of those present that the strawberry carnival should not be treated in a light manner, as was the case last year, when the annual affair was "passed up" through lack of proper support. It was also made plain that in order to successfully carry out this event steps should be taken at once to get the different committees appointed and plans properly formulated to make this year's carnival the best in the history of the county.

If Roseburg is to keep within the proper sphere—to be rated among the live communities of the state—it must not be a laggard in providing occasional entertainment for the citizens of the county at large, and in the meantime hold that prestige to which it is justly entitled.

Every city in the state that has a spark of enterprise encourages some kind of an annual event that puts the community in a class by itself. Roseburg's proper annual celebration, from the standpoint of local enterprise, is a strawberry carnival. The occasion has long been one of much moment, a home affair in which the people took great pride to present to the outside world, and from which celebration untold benefits have been derived from a legitimate advertising standpoint.

For these and other reasons many of the merchants of this city are a unit in their declaration that the annual strawberry carnival should be carried out the present year on a more elaborate scale than ever before.

Now is the opportune time for people generally to look forward to the upbuilding of the community, to encourage new people to come to Douglas county and make their home. To lend every possible assistance in the way of encouraging new capital and to commercialize the many advantages of this particular section of the state as an ideal place for the homeseeker. No other county in the state offers better living conditions, climate and all that goes to build a happy life, than the conditions existing in Douglas county. All we need to do is to let people know what we have to sell, and we have many important things other than real estate alone to offer to the prospective settler in this section of the state.

The fact of the matter is, people generally have been traveling along in an unsettled channel for the past few years and it is hard to get their heads far enough up in the air to grasp those things that bring about more settled conditions generally. They have had much of their time taken up with matters of state and national importance—things which have now become almost properly adjusted and in a fair way to be smoothed over to the satisfaction of a great majority of the people.

With these conditions adjusted matters of local importance should concern us in a more general way and the best possible manner by which foreign matters can be well eliminated is to start a home campaign for the betterment of our own individual city and county.

So, with this idea in mind, let us put the old town behind the annual strawberry carnival and carry out a program the like of which has never before been attempted by the people of Roseburg.

Are you on? Let's go.

Old Mt. Hood is "steaming off" again. Probably getting ready to gulp up some of those Portland chest slackers who have failed to go over the top in the good cause.

We are gradually coming into our own delightful spring weather after a hard, long winter, and the natives are beginning to "see the light of day."

It's time to start something in the old town—and carry it to a successful end.

It will soon be strawberry time in Douglas county.

Did the "scholarship girl" call on you today?

### AROUND THE TOWN

#### On Business Trip—

G. H. Campbell of the American Express company is in this city on business. Mr. Campbell makes his headquarters in Eugene.

#### Here on Business—

F. B. Waite, a former Roseburg man, is here from Portland attending to business affairs. Mr. Waite is a guest at the Hotel Empqua.

#### Here from Sutherlin—

Mrs. Geo. Shamp of Sutherlin arrived here this morning to spend a short time shopping and attending to business matters.

#### Here from Glendale—

D. C. Settle, a resident of Glendale, is in Roseburg transacting business and visiting friends. Mr. Settle is registered at the Hotel Empqua.

#### In City from Sutherlin—

Mr. and Mrs. Will J. Hayner were in the city today from Sutherlin. Mrs. Hayner was here to consult an eye

specialist while Mr. Hayner was looking after some legal matters.

#### Here on Business—

C. Van Wyck, owner of the Eugene Roseburg auto business, is in this city attending to business matters. Mr. Van Wyck makes his home in Eugene.

#### Called to Corvallis—

Mrs. Jno. R. Howard of Croton has been called to the bedside of her mother, Mrs. E. Fuller, of Corvallis, who is seriously ill.

#### Interest in Printing Plant Sold—

G. W. Young, local real estate agent, has disposed of his interest in the Sun printing plant of this city to Elmer Wimberly who has been managing the plant for Mr. Young for the past year.

#### Returns to Myrtle Creek—

Mrs. M. S. Thomas, who has been in Roseburg at the home of her daughter, Mrs. Ethel Palm, for the past few weeks, left for her home at Myrtle Creek this morning. Mrs. Thomas has been in poor health and while here she had been under the doctors' care.

## Prune Pickin's

By Eric S. Bates

### GOOD EVENING FOLKS—

Yesterday eye ye ed, was seated among the cobwebs in the city council chambers inhaling the mixture of cigarette, tobacco smoke, and hot air and all the time listening to the exhalations of our city dads. A couple weeks ago the fathers of our village proposed knocking down the cluster lamp poles and bringing back the old arc lights, with their spluttering carbons and fluttering moths. A horrible howl of discontent will be raised should the fathers of the city revert back to those old-time methods and ye ed, would suggest that instead of arc lights, kerosene burners be installed. This will give the town cop a job in the evening lighting 'em and the night cop a job in the morning blowing 'em out.

### WHEN THE PAPER DOESN'T COME.

My father says the paper He reads ain't put up right. He finds a lot of fault, he does, Perusin' it all night. He says there ain't a single thing In it worth while to read, And that it doesn't print the kind Of stuff the people need. He tosses it aside and says It's strictly on the bum— But you ought to hear him holler When the paper doesn't come.

He reads about the wedding's And he snorts like all get out. He reads the social doin's With a most derisive shout. He says they make the papers For the women folks alone, He'll read about the parties And he'll fume and fret and groan.

He says of information It doesn't have a crumb— But you ought to hear him holler When the paper doesn't come.

He's always first to grab it, And he reads it plumb clear thru. He doesn't miss an item Or a want ad—this is true. He says they don't know what we want.

The darn newspaper guys: I'm going to take a day sometime An' go an' put 'em wise. Sometimes it seems as though they must Be deaf and blind and dumb— But you ought to hear him holler When the paper doesn't come.

And now we notice where the Los Angeles detectives are seeking a pink silk nightgown reported to have been hanging in the murdered man's apartments. Lessee now, seems to us that pink lingerie sounds familiar—oh yes, we remember.

The movie colony of Hollywood is receiving a shake-up which has removed the spotlight from Fat Arbuckle for the time being.

Al Croason was among those on the sidelines at the council sessions last night who snickered, giggled, and thanked the world that they were not blessed with the toga worn by our town officials.

A letter rec'd at this sanctum this morning propounded the following question to ye ed, which we think is irrelevant and immaterial:

"What are going to be the prevailing colors in women's clothes for the summer?"

We can answer that easily, tho'—the prevailing colors in bathing suits will be flesh.

We were never good at history so don't ask us what date Easter comes on.

A referendum of those opposed to a children's playground reveals the fact that the kickers are not the bachelors but the folks who have forgotten they were kids once in their lives.

A few days ago ye ed, was informed that the bar pins which the sweet young things are buying nowadays are used on their rolled hoes. A jeweler imparted this information. The town gawks who have always wished they could work in a ladies' shoe store will now be taking correspondence courses in the jeweler's trade.

Oh boy, to be a kid once more and spend our Sunday school pennies for a regular Valentine of lace with punctured hearts on it, n'ever'thing.

We'd like to meet some of those New York bankers who predicted prosperity before Feby., rolled around. We've allus been in favor of talkin' prosperity, but we'd like to "Say it with honey."

Now we see the boys strutting around in the English tweeds. Clothes, to be fashionable nowadays, must fit like a gunny-sack.

Some people are natural born gamblers. Take instance the bird who rents a dress suit. He'll send to the metropolis to secure a sleek looking outfit and when it arrives it is usually sleek enough—especially the front of the vest and the seat of the pants.

A feller lates to go home nowadays fer fear his wife'll have a painful of flower seeds for him to plant.

### LATE PERKINS SET:

"The feller with a 12 collar and a 14 shirt has his share of troubles in this here sphere."

## Adopt the Direct Treatment

for the Cold Troubles of all the Family

### VICKS STANDING OFFER

Vicks doesn't relieve every case. No remedy can possibly do that. But it is successful in such a large percentage of cold troubles that we have had for years this standing offer: Buy either the 35c, 75c or \$1.50 size from your druggist. If you are not delighted with the results, mail us the top of the carton, and we will cheerfully refund the purchase price. Or, if you wish to try Vicks before you buy, mail the coupon below for a free sample.

## Rub It On for Deep Chest Colds

ABSORBED, like a liniment, and, at the same time, INHALED, as a vapor, Vicks gets immediately into congested, inflamed air passages.

WHEN a cold goes down deep—threatens to turn into bronchitis or pneumonia—with soreness, tight breathing and a heavy hollow cough, apply hot wet cloths over throat and chest to open pores of skin. Then rub Vicks in well until the skin is red. Spread on thickly and cover with hot flannel cloths, and arrange the bedding loosely so that the healing vapors will be inhaled all night.

The penetrative and stimulative effect of Vicks thru the skin helps to relieve tightness and congestion. At the same time, the vapors, inhaled with each breath, carry the medication direct to the lungs and air passages.

### Ideal Treatment for Children

Mothers like to use Vicks for children. It avoids dosing and upsetting their stomachs. When the kiddies come in wet and "sniffing" Vicks is applied to prevent colds. It keeps

off spasmodic croup. Also, its cooling, soothing qualities make it useful every day for cuts, burns, bruises, stings and itching skin.

### A "Tar Heel" Discovery

Twenty-five years ago, Druggist Lunsford Richardson, of Greensboro, North Carolina, the "Tar Heel" State, seeking a better way to treat colds, hit upon a wonderful formula. He combined Camphor, Menthol and certain volatile oils in the form of a salve, so that when applied to throat and chest, it not only penetrated and stimulated like a liniment, but the ingredients were released as vapors by the body heat and inhaled directly into the affected air passages. This remedy, Vicks VapoRub, won instant local favor and its fame has spread, county by county, state by state, until now Vicks is a family standby from coast to coast.

### Best of Nature's Remedies

Vicks contains valuable ingredients brought from distant countries—Camphor from Formosa, land of head-hunting savages; Menthol from picturesque Japan; Oil of Eucalyptus from far Australia; Oil of Juniper Tar from Bedouin haunts of Northern Africa; Oil of

Thyme from smiling Southern France and Oil of Turpentine from Dixie.

### How Vicks Should Be Used

For Spasmodic Croup, Children's Colds—Rub Vicks over the throat and chest until the difficult breathing is relieved, then spread on thickly and cover with a hot flannel cloth. One application at bed time usually prevents a night attack of croup.

For Head Colds, Asthma, Catarrh, Hay Fever—Vicks should be melted in a spoon and the vapors inhaled, or a little can be applied up the nostrils and snuffed up the head.

For Deep Chest Colds, Sore Throat, Tonsillitis, Bronchitis, Coughs—Vicks should be applied over the throat and chest—if necessary, first using hot, wet cloths to open the pores of the skin—then rubbed in well until the skin is red; spread on thickly and covered with one or two thicknesses of hot flannel cloths. If the cough is annoying, swallow small pieces the size of a pea.

Used as a Liniment, Poultice or Plaster—On account of its penetrative and rubefacient effect, Vicks has been found excellent for Bites, Boils, Bruises, Frost bite, Muscular Soreness, Poison Ivy, Sunburn, Headache, Neuralgia and Sore Calloused Feet.

# VICKS VAPORUB

Over 17 Million Jars Used Yearly

The Vicks Spoon Test

### TRIAL TIN FREE

Send this coupon to the Vick Chemical Company, Greensboro, N. C. A 1/4-oz. trial tin of Vicks will be mailed you promptly, sufficient to test the efficacy of its vapors by melting in a spoon, as shown in the illustration to the left.

### With the City Council

At the regular meeting of the Roseburg city council last night a committee of three, Councilmen McClintock, Nichols and Kohlhaugen, was appointed to confer with the several residents of Unqupa addition concerning a bridge which the residents of that section propose to erect.

Mr. Banning, representing the farm bureau of the county appeared before the council and asked their cooperation in starting a public market in this city. The mayor appointed Seely, Brun and Jennings as a committee to meet with the farm bureau officials concerning the proposition.

The petition of J. H. Smith for the purchase of two lots in Kinny addition was allowed. The petitioner agreed to pay the city's lien against the property in return for a quit claim deed.

The petition of L. W. Metzger, a

local contractor, asking for a franchise to maintain a spur track near the site of his proposed warehouse on Pine street, was referred to the city attorney for an opinion.

The city recorder was instructed to write the S. F. company requesting them to improve the crossings of the spur tracks in North Roseburg.

The street department was authorized to fix a "reel basin" on Winchester street, near Prospect.

Health Officer Shoemaker reported that there was only one case of small pox in the city at the present time.

Following a discussion concerning the proposed arc lights in place of the present cluster lamps, the council decided to appoint a committee, with the mayor as chairman to reconstruct the present poles. The poles will be lengthened about 18 inches and two globes placed on the top instead of the present five, thus diverting more power to the two lamps and furnishing a more brilliant light.

The property owners on West First street petitioned the council asking for paving improvements on that street. The petition was granted and the city engineer authorized to make an estimate of the cost.

A petition signed by hundreds of Roseburg property owners was presented asking the council to place before the voters at the May primary election, the proposition of purchasing the Tipton property on lower Jackson street, on Deer Creek, for a children's playground. The council decided to return the petition to the signers with the suggestion that it be made a referendum petition, thus relieving the council of all responsibility in placing the matter up in the voters.

The council granted permission to a committee of the Merchants Association allowing all visitor cars during the convention, February 21, 22 and 23, to park on the main streets of the city any length of time.

The estimate of the city engineer for improvements on "Rice" street amounted to \$2,549.29. The improvements on Madison avenue were estimated to cost \$2,712.12.

A committee, consisting of the mayor, Nichols, Kohlhaugen and Powell, was appointed to provide entertainment for the visiting representatives of Oregon cities who will be here on February 21st to talk over the camp ground situation.

The following claims were allowed for January:

Herr's Ferrie, supplies, street cleaning, \$2.19.  
W. S. Powell, supplies, street cleaning, \$2.00.  
The Commercial Abstract Co., services, \$1.25.  
Otto F. Hunt, blacksmithing, street

cleaning, \$16.15.  
Earl Benedict, repair lights, lights, \$44.70.  
J. F. Barker & Co., supplies, miscellaneous, \$10.10.  
A. J. Lilburn & Son, supplies, city improvements, \$23.50.  
News-Review, printing and stationery, \$24.80.  
Churchill Hardware Co., supplies, \$4.90.  
Service Garage, gas, fire and water, \$2.95.  
Herman Althaus, plumbing, city improvements, \$12.85.  
George J. Mayer Co., license plates, miscellaneous, \$6.88.  
Roseburg Cafeteria, meals, health and police, \$6.85.  
Douglas County Light & Water company, water and lights, various, \$752.50.

### GET YOUR STOMACH RIGHT.

Stomach indigestion, gas and indigestion are promptly relieved with M-O-Na Stomach Tablets. At W. F. Chapman's on money back plan.

### AROUND THE TOWN

Arundel, piano tuner. Phone 189-L.

Your wife deserves good fuel. Buy coal at Page's.

Painless extraction of teeth at room 9, Masonic temple. Dr. Nerbas.

WATKINS PRODUCTS for sale at 170 W. Lane St. Phone 177.

Pruning and grafting done by expert help. It costs no more. Write L. Bergold, Rt. 2, Roseburg.

Cement walks will be taken back at 15c each until Feb. 15th. After that date they will be 10c each. S. B. Crouch.

Men's and boys' heavy and medium work shoes at a real reduction this week at the old reliable Stephens Shoe Store.

Chas. V. Roede, secretary of the Daily City Products Co., of Warrenton, Oregon, is in the city to remain several days in the interest of his company. He is introducing a pottery product of state manufacture, the first of its kind made in the United States and which will be placed on the market in this city at once. The goods are of a very substantial nature and Mr. Roede says he is doing a new business throughout the state.

### LETTERS FROM THE PEOPLE

#### MAKING L. W. W.'s

One of the things that make L. W. W.'s is a fact that so often deny that there are hundreds of thousands of good men that work if they could find a job, but are on the road now. True, they are some that will not work.

The railroad company should have a right to have policemen in the yards to protect their property and keep men off of the trains and keep them out of the yards. But I don't believe they should have a right to drive the men out of the yards and also go outside of railroad property and get men and drive them out of the yards and without a home. I have seen the railroad officer do good many times, carrying the men all the time, and then if one of the men says anything back, strike them in the face and then tell them, "I came from a fighting town."

When a man is down and out and you treat him like a dog, he will soon be a dog or, worse yet, an L. W. W. Mr. Officer, do your duty, but if you can't do him any good, don't do him any harm.

#### CITIZEN.

SPHRELE, CORSETS—Made to measure. Beile Case, Phone 2114-L.

L. E. BEAN TO BE SPEAKER

EUGENE, Or., Feb. 6.—L. E. Bean, speaker of the house of representatives and a noted candidate for governor, will begin at McMinnville Thursday night a series of speeches which will mark the opening of the gubernatorial campaign.

At that time he will participate in a joint debate with J. E. Crater on the question of financing the Portland exposition.
