Money Suit in Court Today

The case of James Boyce, against Ruby Levis-Tapp was continued in the circuit court today. The plaintiff is suing for wages and money alleged to have been advanced on the defendant's farm, aggregating approximately \$1,800. The defendant is setting up a counter claim alleging that an equal amount was collected by the plaintiff and was spent by him without making returns to the defendant. Considerable time was spent this afternoon going over the bill of particulars and taking testimony of both the plaintiff and defendant. The case will possibly be completed this evening.

PROSPECT OR REALITY

Prospecting for gold is filled with as many uncertainties as life itself. It is a game of chance with the odds against the prospector. He thinks a lifetime not too great to wager against the chance of a "strike."

Not so, however, with the man who builds a savings account. He neither gambles with Fate nor matches wits with Nature. In every emergency he is prepared. The Savings Habit is a good habit.
