ROSEBURG, ORE GON, MAY 10, 1922.

THE UNDERLYING CAUSE OF WAR.

The statesmen of the world are holding one conference after another, in an attempt to avoid future wars. They are trying to remove the underlying causes of these terrible conflicts. But it will take something more than treaties and conferences to settle this ancient tendency of nations to war against each other.

It is commonly said that the underlying cause of war is the materialism of the world, its intense selfishness and disposition to grab for commercial success. That is largely true. Nations like China and India that lead a more placid existence and do not think so much about commercial success, have in the main been able to

But a country that has ambitions for advancement, must necessarily strive for efficiency, which involves the spirit of commercial rivalry and competition. But along with that spirit of emulation there needs to be a very keen sense of justice.

The man who has a high sense of honor is just as anxious in his daily life to avoid doing injustice to others, as he is to secure justice for himself. He will frequently give up some disputed point in order to keep other people satisfied. A man who takes that point of view rarely has any bitter controversies with other people. They recognize his fairness and they can get along with

The scrupulous point of view is mostly absent in international affairs. Statesmen and politicians have felt they must grab for all they can get for their own country, with little regard to the rights or viewpoint of other peoples. The recent Washington conference achieved a success because the American people took a higher position and were willing to sacrifice themselves to reconcile the interests of other nations. When that spirit generally prevails, there will be no more armed conflicts. It will be seen that it is far cheaper to settle disputed questions by negotiation and arbitration, than to resort to the terribly restructive course of

In spite of all efforts to promote courtesy and care among automobile drivers, a certain element of them will continue to make life and limb unsafe on city streets and motor roads. The police forces should realize that the public is growing more alarmed and indignant at the way some drivers tear around the streets and make the roads unsafe. The police can not wholly check this evil. But if they will maintain constant vigilance, if they will take the numbers and complain of offending drivers and haul them into court relentlessly, they will persuade this class of decent regard to the law. Police forces can't be everywhere a decent regard to the law. Police forces can't be everywhere access and they can't see all the reckless and arrogant things are done. But if they issue a complaint for every violation aw that they do observe, they will make the career of the eder quite unpleasant.

Lady Astor, the famous member of the English House of a Mt. Vernon, N. Y., dealer.

A PIKER.

"Daniel was a piker; he didn't have people that they will avoid bother, worry, and expense if they pay some decent regard to the law. Police forces can't be everywhere at once, and they can't see all the reckless and arrogant things that are done. But if they issue a complaint for every violation of law that they do observe, they will make the career of the speeder quite unpleasant.

Commons, who has just visited the United States, should be an inspiration to every woman who has ambitions for a wider career and would like to do something for her country. Lady Astor says nome life. If women will put into their political relations the same thoughtful and unselfish devotion that they give to their children, they will constitute a great force for good. They will not necessarily have to neglect their home cares, any more than a man need let his business go to pieces when he enters politics.

STATE PRESS COMMENT

William A. Booth was a member of the Masonic and Knights of Pythias lodges, at Prineville. Besides Robert and four sisters, Mrs. J. M. Hockett and Mrs. Bertha Mrs. J. M. Hockett and Mrs. E. E. Belknap and Mrs. Cora Singleton of Roseburg survive. The body will be sent to Eugene for interment in the family mausoleum.

HOW ROSEBURG FEELS

The Roseburg chamber of commerce is up in arms over the prospect of Diamond lake being included in the Crater Lake national park, claiming it would destroy the prospect of development of the water power of the Umpqua river, of which Diamond lake is the natural reservoir. Roseburg was backed by the Portlanders experienced a change of commerce in the attitude it took on this question, and momortalized congress to that effect. Recently, however, for some anaknown reason the Portlanders experienced a change of heart and reversed themselves and went on record as being in favor of including Diamond lake in the national park system. To say that Roseburg is sorted as the grant page of heart and reversed themselves and went on record as being in favor of including Diamond lake in the national park system. To say that Roseburg is sorted as the grant page of heart and reversed themselves and went on record as being in favor of including Diamond lake in the national park system. To say that Roseburg is sorted as the grant page of heart and reversed themselves and went on record as being in favor of including Diamond lake in the national park system. To say that Roseburg is sorted something of the profile of the ded more than 600 cases of which the telephone case is only one. Therefore, and the subject of the subject of the general average the recall in that instance is unwarranted.

**Moreover, the recall as we take it is an average the recall in that instance is unwarranted.

**With all its little powers.

Thirty Miles of

Highway Ordered

PORTLAND, May 10.—Thirty miles of highway construction, representing \$439.814, was awarded by the state highway construction, representing 10.—Thirty miles of highway construction, representing \$439.814, was awarded by the state highway commission yearerday. In addition to this, the commission referred to Chief Engineer Nunn 25.65 miles of work, aggregating \$271,256. The jobs which counties are cooperating and the counties will be consulted before awards are made.

This morning, at the courthouse, the commission will open bids on four other highway jobs amounting to approximately 40 miles.

Owing to death of R. A. Booth's prother at The libits.

company, \$13,477, and the Winston

James Oliver Curwood lives among scenes which he describes, know nature in the great northwest in every mood, knows the desert rat, the adventurous miner, the way-faring orphan, the women of the dance hal and the rough characters which are to be found on the outer fringe of modern civilization. In fact, he to be found on the outer fringe at modern civilization. In fact, he knows the wilds (and wilds still exist). Curwood puts the life of the wilds on the screen. Anybody who wants to see a real American picture produced and acted by American, thoroughly American in sentiment, should not neglect the opportunity of visiting the Liberty theatre to see "The Girl from Porcupine," which plays for the last time tonight. Faire Binney, Buster Collier and the Faire Binney, Buster Collier and the supporting cast do remarkably conscientious work in the picture, which is spiendidly directed, well acted and beautifully photographed. The all around combination has produced a wonderful result.

The following are among the guests registered at the Hotel Umpque: F. S. Johnson, Myrtle Creek: B. L. Hunt, Eugene: Rose E. Haynes Medford; R. J. Glenn and wife, Porland; Dr. and Mrs. P. Boryd, Salem: C. A. Larkin, Usme, Honolulu; Mrs. Jennie B. Withers, Portland; I. Metzger, Rochester; and J. R. Whaler, Winchester.

County Judge

four other highway jobs amounting to approximately 40 miles.

Owing to death of R. A. Booth's brother at The Dalles, the chairman of the commission left for that city a few hours before the time for the highway meeting. Commissioners Yeen and Barratt disposed of the mass of routine, leaving controversial matters pending until there can be a meeting of the full commission.

Among the contracts awarded were the Cougille-Myrite Point section of the Roseburg-Coos Bay highway to Scandia Shipbuilding Co., \$52,129,30, the Pacific highway bridge at Cottage Grove to Morson-Treiweller.

In the is to attend a meeting of the national health service. Dr. Stricker is expected to bring back agreat deal of interesting information to the state board and it is believed that this will be of assistance in handling future work in the state.

J. P. Murphy, of Chico, California, to offer to the voters of Douglas and Ernest Kelly, of this city, each paid fines yesterday in the city court, the charges against them growing out of an auto accident on Monday aight. Murphy was fined \$2,50 for Carless driving and Kelly was fined \$5 for driving a car without a license.
