Support Given at Band Concert

A very fine support was accorded the Douglas County Concert Band last night when they gave their open-air summer concert at the Antlers theatre. The theatre was crowded, each number was vigorously applauded. The program was very well rounded, each difficult classical number being followed by late popular music. An agreeable variety was given by a vocal solo, "Out Where the West Begins," by Clinton Cameron. The cornet duet by George Pesberg and Claude Crocker was particularly good and the humorously selected in which the leader and drummer became slightly mixed was enjoyed. The band will follow up this open-air concert with the weekly music on the courthouse lawn, the first one to be announced within a few days. The proceeds of last night's entertainment will defray the expenses of the summer concert. The Antlers theatre where last night's concert was held was donated by Manager Hill, an act which is deeply appreciated by the band.

IMAGINATION and VISION

The story teller's fancy created Hop-o-My-Thumb and the seven-league boots—the step of twenty-one miles was the limit of his imagination.

Accomplishment as wonderful as the imagery of the fairy tale has followed the vision of Alexander Graham Bell—the instantaneous transmission of the human voice a few feet or thousands of miles.

The seven-league boots exist only in the minds of "the little folks." Over 33,000,000 conversations a day in the United States testify to the value and importance of the telephone in the elimination of distance in the social and business activities of a nation.

Every Bell telephone is a Long Distance station.

Shriners to be Given Roses

Approximately 10,000 Shriners will be presented with Roseburg roses during the next few days, arrangements having been made by the Elim Shrine club to supply all of the trains going through to the San Francisco convention with flowers. There will be 12 trains going south on the 16th and 11th of the month, and 17 or 18 coming north on the 14th and 15th of the month. The occupants of these trains will be from all parts of the country and Roseburg will be in a position to secure some wonderful advertising.

The ladies of the Elim Shrine club have organized themselves into several committees to take the task of presenting all trains with flowers. Ladies on all of the trains passing through will be given bouquets of roses, while there will probably be single flowers also for each of the men. Arrangements will be made so that large bouquets for each dining table shall be placed on the night trains. All of these bouquets will bear a card, "Roses from Roseburg, compliments of the Elim Shrine Club."

All Roseburg ladies are asked to cooperate in this matter and all who have roses which they can spare are asked to notify Mrs. J. C. Hume at once.
