In Portland Short Time—

"Ohio has a promise of good crops and good prices; the people are optimistic, and business in general in that state is on the upward trend," reports M. J. Shoemaker, of Roseburg, Ore., who passed through Portland yesterday on his way home after spending three months in the east. The depression of which Mr. Shoemaker heard before going east failed to come under his observation in the 90 days that he was looking around Ohio and many other states. He is convinced that the slump has passed and prosperity is now returning in a substantial manner.—Oregonian.

LABOR UNIONS ATTACK MEASURE

Harding's Ship Subsidy Bill "Cunning Scheme" Says Resolution.

"FOOLING TAXPAYERS"

Head of Seamen's Union Declares Measure Would Make Politics Prime Factor in Ship Operation.

(By United Press.) CINCINNATI, June 13.—The American Federation of Labor convention here today unanimously adopted the resolution condemning the Harding administration's ship subsidy bill now before congress "as inimical to public interest and destructive of the nation's hopes for sea power." The resolution asserted that "the bill is a cunningly devised scheme to enrich certain classes of ship owners at the taxpayers' expense." Andrew Furuseth, head of the seamen's union, declared that the subsidy bill was based on a falsehood and that its enactment "would make politics the prime factor in ship operation."

Miss Willett Given Pretty Shower

A pretty shower was given last evening at the home of Miss Gertrude Raat for Miss Viola Willett, whose engagement to Harold Nichols has been announced and whose wedding will take place this summer. The rooms were artistically decorated with pink and lavender roses and the early part of the evening was spent with bridge and sewing. Miss Myth Hannon was the winner at the games, and was presented a beautiful hand-made card table cover.

At a later hour a dainty luncheon was served. The luncheon table was centered with a great mound of pink and white flowers. The mound was formed around a dozen large pink peonies, and surrounding the peonies were banks of pink and white roses. From the bank of flowers a pink satin ribbon was brought to each place with the exception of the bride-elect. To Miss Willett a white satin ribbon was brought from the center piece. After verses and songs to the bride-elect the shower was given in a very clever way. Miss Willett was told to pull the ribbon which was brought to her place, and to the surprise of all, the ribbon brought out a host of beautiful and useful gifts.

Miss Raat was assisted in serving her tasty luncheon by Mrs. Sawyers and Mrs. Kiddor.

Those present were: Miss Viola Willett, the guest of honor; Misses Bess Wharton, Alice Ueland, Edith Ueland, Emma Ueland, Anna Bryan, Florence Leadbetter, Jane Wharton, Myth Hannon, Florence Kohlhaas, Mildred Parks, Grace Lloyd, Maud Hime, Mahala Ray, Helen Wickham, Mrs. Willett, Mrs. F. H. Vinsel, of Astoria; Mrs. Nelson, of Klamath Falls; Mesdames L. G. Broadway, Lee Wells, H. C. Waddell, Sam Shoemaker, Frank Libburn, George Johnson, Glenn Wimberly, Harry Hildebrand, G. C. Pihay, Ed Thornton and the hostess, Miss Gertrude Raat.

Timber Case to Be Appealed

The defense in the case of the First State Bank of Sutherlin against the Kendall Brothers today obtained a judgment on the pleadings which settles the suit as far as the circuit court is concerned. The case is one in which the bank endeavors to foreclose on delinquent tax certificates, the certificates covering the fire patrol tax. The defense set up the constitutionality of the act, and obtained an opinion from the court upon the arguing of a demurrer that the law as it stood in 1914 when the tax fell due, was unconstitutional. The plaintiff had another cause for action, but as this second cause was also affected by the court's decision on the constitutionality, the bank agreed to having a judgment entered. Attorney Neuner, speaking for the plaintiff, which he represents, states that an appeal will be taken to the supreme court at once.

Improvements at Schools Ordered

At a meeting of the school board last night it was determined to proceed at once with the necessary improvements to the city school buildings. The present fire escape at the Rose school building on the east side, is to be extended and a new one constructed on the opposite side of the building. The lights in this building will also be changed and improved.

At the Benson school an assembly hall is to be built, some of the large hall space being utilized for this purpose.

At the Fullerton school a septic tank will be built and indoor toilets installed. The outdoor toilets there must be done away with at once, and the board has found it necessary either to install a septic tank or construct an expensive sewer system.

At the high school a fire door is to be built in the basement and fire extinguishers purchased. Minor repairs will be made buildings.

The board also considered the applications for teaching staff for the coming year. Practically completed was the selection of only two or three. Although quite a number of men who have been serving are not to return, a good number of new ones will be obtained. It is believed, those employed have excellent recommendations. There is having some difficulty in finding a man to serve as principal of high school and a grade school principal is also needed.
