

CYCOL

MOTOR OIL

Free from
destructive
"Sulpho"
compounds

Destructive "Sulpho" Compounds damage your engine

The presence of destructive "sulpho" compounds in oil and the great damage they cause to engines are comparatively recent scientific discoveries.

Destructive "sulpho" compounds in oil cause it to break down and thin out—cause loss of power—cause engine troubles and heavy repairs.

The Associated Oil Company originated and has sole use of the new Hexeon Process. It makes Cyclo free from destructive "sulpho" compounds. As a result Cyclo retains its "body" under engine heat—maintains the lubricating film between moving parts—prevents many serious engine troubles.

No other oil can do this, regardless of its "base," source or price, if it contains destructive "sulpho" compounds. Don't risk the damage that such oils cause. Flush your crank case with fresh lubricating oil, not kerosene or so-called flushing oil, then refill with Cyclo.

The importance of the Cyclo Lubrication Chart

Different brands of motor oils have different bodies. The safest, surest way to get the best performance from your motor and avoid expensive engine troubles due to incorrect lubrication is to use the grade of motor oil specified on the Cyclo Lubrication Chart.

Tiller to Hold Picnic on Fourth

The residents of the Tiller district are arranging for an enjoyable picnic at the Oliver Cook place on Elk creek, for the Fourth of July. Tiller is not celebrating the Fourth this year, but is arranging for an entertainment on Saturday, July 15th. On the Fourth of July, however, a large number of residents will go to the new resort and spend the day there enjoying a basket dinner and a program of sports, races, music, etc. Mr. Cook is preparing a fine resort at his place on the Elk Creek road. He is located on the new road to Crater Lake, and is putting in a store and camp ground, and will carry a good line of equipment.

Expert furniture packing and crating. Phone 91-J, 202 N. Rose

CHRISTIANS ARE DEFEATED

In a rather uninteresting ball game last night, the Christian team was defeated by the Presbyterian team of the Twilight league by the score of 9 to 1. Only a few of the Christian team turned out last night and several pick-up players were put into the game.

HAD CLEAR VISION OF RADIO

Imaginative Canadian Writer Looked Into the Future With Sight That Was Prophetic.

A remarkable imaginative prediction of wireless telephony was made by Grant Balfour (J. M. Grant) of Toronto in a triologue which appeared in an English magazine in 1889, and was afterward reproduced in a pamphlet entitled "Bahrak-Kohl," two Hebrew words, meaning the voice of the lightning. The characters of this little treatise were represented as in the neighborhood of the Jordan. "The prophet now took from his girdle," says the narrative, "a small instrument resembling a trumpet for the deaf. Coming down to Mohammed, he asked him to turn his right side toward the south and to put the broad end of the instrument to his right ear. The prophet then inquired where his home was.

"My home," replied Mohammed, "is in the extreme south of Arabia, 1,400 miles away."

"Listen now," said the prophet; "do you hear the sound of waves?" "I do," replied the sheik. "Where may they be?"

"Those waves," answered the prophet, "are the waves of the Indian ocean breaking upon the Arabian shore."

Further describing the instrument, the prophet said: "The thing before thee is but a rude pattern in part of the coming needed device of man. No such device is required by a prophet of the Lord to entrust the lightning with a message: The prophet speaks, nay, he needs but to will, and it is done."—Toronto Globe.

GREEK ART LONG IN MAKING

Mistaken Idea Too Long Held That It Was a Thing of Spontaneous Growth.

Every now and then some extreme modernist comes forward with the statement that the Greek inspiration has no place in the art of our time. Yet, from a broad modern standpoint, "classic art" has so greatly enlarged its scope and widened its horizon that it seems in no danger of dying out of the present-day world. What used to be called "the classic traditions" have long since died out and given place to new conceptions of the origins of Greek art, and the tendency of modern criticism is also to revise old ideas of late classic styles. Any and all periods of Hellenic development are accepted—in their relation to our own time, rather than as absolute, conservative ideals of beauty.

Archaeology has, in our day, become one of the most vividly interesting and thoroughly alive of pursuits, continually opening up new avenues of inquiry, and giving light and inspiration to the whole field of art. Archaeological discoveries of the last 50 years have shown that the golden age of Greek art was more than 2,000 years in the making. It is strange enough to think that previously it was regarded as a spontaneous growth, with origins veiled in impenetrable mystery. Now, the adventurer into the great regions of knowledge, where the story of Greek civilization unfolds itself, may become possessed of at least the main facts of prehistoric epochs long before Greek art became Greek—"The Field of Art," in Scribner's.

WILBUR NEWS

Homer, a son of the Wilbur blacksmith, was out in the country sawing wood one day this week.

G. W. Dimmick, our efficient janitor, was making hay one day this week.

R. E. Brown is very busy but he thinks he will take a day off to celebrate the Fourth of July.

Lenoir Grubbe has been indisposed a few days this week owing to an ulcerated tooth.

There was a very enjoyable birthday dinner given to a few relatives at C. T. Grubbe's place, June 28.

A party of young folk are going to celebrate on the North Umpqua. Lots of ice cream and cake and a few fish if Brown can catch them, and if

any of you want any cherries, John McClanahan can furnish them.

Stanley Cervante is the first man to bind grain this year in the neighborhood.

Crops are very good in this neck of the woods. Hay is a little light.

Have your water wells drilled early. Deep or shallow wells drilled. Prices reasonable. Albert Graham, Looking Glass, Oregon.

Here From Oakland—

Mr. and Mrs. E. R. Orrons arrived here yesterday from their home in Oakland to spend a few days here attending to business matters. They are registered at the Hotel Douglas.

NOTICE!

OLALLA ITEMS

Olalla took great pleasure June 18 in giving D. Stevens a birthday dinner at his 82nd anniversary, at up-alla in the grove on the creek. Received the congratulations of friends. Two carloads coming Willis Creek to join in the occasion.

Earl Ollivant, the president of the Busy Stepper club, of Olalla, named the club at her home on Saturday afternoon, June 22. The room was beautifully decorated with sweet and perennial peas. Receiving chamber was lovely with potted ferns and the dining room with crimson rambler roses. White lilies. Mrs. Victor Nicholas bride's cake. Mrs. L. B. Nicholas the coin. Mrs. George Over the ring, and Mrs. J. Bush-brown the button. Mrs. Harvey Northcut one of the birthday cakes. Miss Henrietta Ireland the other hostess presented each with

a lovely serving apron. There was 25 guests present.

Olalla entertained Mrs. E. J. Sheppard, of Tacoma, who is visiting her son, W. T. Sheppard and family, Sunday, June 25, with a picnic dinner in the shade of the old maple trees on Olalla creek. That being her 83rd anniversary. There was a very merry time, and several visitors from Portland, Riddle and Roseburg. All extended their heartiest congratulations and wished for many happy returns of the day.

SQUAW.

Arandel, piano tuner. Phone 189-J.

Neely's Home at Tiller Burned

The J. J. Neely home, near Tiller, was totally destroyed by fire a few days ago. The fire started in the morning apparently from a spark which fell on the roof. Mr. and Mrs. Neely, who are quite old, were there alone and were unable to save any of their possessions. The house and all of its furniture was destroyed, absolutely nothing being saved. No

insurance was carried. The Royal cleaner gets more dirt, runs easier, saves time and won't wear out your rugs. Hudson Electric Store.
