London's Infamous Slums.

The slums of London, especially in Shoreditch and Bethnal Green, have scores of householders who have not had to pay any rent for two or three years and have not the remotest idea of who their landlords are. The landlords dare not come forward and admit that they own these houses, which are in a shocking state of repair. The property is now a liability rather than an asset. These tumbledown houses have mostly fallen into the hands of foreigners and change hands so frequently that track is lost of the former owners. The queen was shown some of the worst of these places by the mayor when she visited Shoreditch recently. She had expressed a wish that nothing should be "tidied up" beforehand. In two rooms of one ramshackle dwelling in Wilmer gardens lives a man with no less than nine children.

VISITORS AT THE AUTO CAMP GROUNDS

Short Stories of the Strangers Who Stop in Their Journey Along the Highway.

Last night was a rather light night at the camp grounds, due to the hot weather. Many people stopped along the road during the heat of the day and were unable to make the stop they had expected.

A. Kriveriek and James J. Paulero, of Philadelphia, are stopping for a day at the camp grounds. They have been traveling for eight months and in all the country which they have visited they have found no camp ground to compare with that of Roseburg. They came here from Ashland, where they visited with Dr. Jarvis, an old friend. The party has traveled by auto all through the southern states and are now going by the northern route into British Columbia and then return to Philadelphia.

Mr. and Mrs. H. J. Lecair, of Bremerton, are on their way home after a visit in San Francisco.

F. J. Brown and wife are stopping at the camp grounds for the second time. They expect to leave for their home in Chico, California, tomorrow evening.

Other visitors were J. M. Parker and wife, Benton; F. H. Johnson and wife, Hebro, Illinois; D. C. Mathes, Vallejo, California; H. S. Ronsoh and wife, San Francisco; J. A. McDavitt and wife, Sacramento; F. J. Fuller and wife, San Francisco; L. Garrison and wife, Portland; James Hunter and wife, Boston; L. O. Norvall and wife, Vallejo; Art Walsh and family, Glendale, Montana; A. D. Bubles and wife, Twin Falls; Charles J. Earl and wife, New Jersey; J. M. Keist and wife, Milwaukee; P. McKeon and wife, San Francisco.

School District No. 21, Camas Valley, Ore., desires bids on the building of a class room adjoining the school house. Specifications may be had from the clerk. By order of the board. B. R. Richter, Clerk.

GLENDALE NEWS

July 4 passed uneventfully in our city. A quiet, sane Fourth—no accidents to note—peace and prosperity in evidence—the general health good. Our people celebrated at various points in Douglas county, and many attended the Fourth at Ashland, and all report a good time. Yet we feel the intense civil commotion that is evident in the "sticks," and yet we feel sure our leaders are doing all that is possible to effect a sensible and peaceable adjustment that will be satisfactory to all.

Charles Stuerhoff, who was a resident of this city for many years, is greeting his old friends and neighbors in this city. Also, he is looking after his mining interests. He was one of the original owners of the "Anabel" and "Union Leader" mines on Tennessee gulch, where their annual assessment work is in progress.

The Bible school at Olivet church closed last Friday with most interesting and instructive commencement exercises. A large congregation was in attendance. There were 40 pupils in attendance, and all have made excellent progress in their studies of sacred history. Misses Celia Johnson and Gertrude Smith were assistant teachers; also Rev. and Mrs. Webb assisted the evangelist, and we are pleased to note a very fine Bible school course, appreciated by all.

Mrs. R. M. Eberle is at Roseburg today where her daughter, Mrs. A. J. Brown, is receiving medical treatment.

The Rev. R. O. Sterli, of Eugene, preached his farewell sermon at the Lutheran church June 25. It is with deep regret that we all noted his going away. Later on, a new pastor will be here to take charge of this church, where they have an interesting Sabbath school, and a large Aid society.

Theodore Van Gilder, better known as "Teddy," visited his old schoolmates in this city last week. We were very sorry Teddy forgot to come to see us. We first met him when he was a very small boy.

The Auditorium re-opened last week under new management, at popular prices, and drew large audiences.

Mrs. E. E. Jamieson, who has charge of the cook house and commissary at the California mine, greeted her many old friends in this city last Sunday. Mr. and Mrs. Jamieson spent the Fourth at Ashland. They returned to the mine on Thursday.

Mr. and Mrs. J. H. Stewart, and Mr. and Mrs. Lester Dangey spent the Fourth at Ashland.

Mayor and Mrs. Smith, and family, and their guests from Seattle, spent the Fourth at Canyonville.

William Tibbetts is in this city. He owns valuable mines on Rogue River. He is employed as a night watchman in Glendale.

Deputy Sheriff Branham is kept pretty busy just now. He is an excellent official, and a diligent one. He does not know what fear is, so lawbreakers better look out.

Our city ice plant at the Bassel Cash store, is a popular resort at present. Home-made ice from purest water is a luxury.

W. S. Hamilton, of the Gold Bug mine, was visiting his mother last Sunday.

The News-Review is becoming more popular with every issue, and we are pleased to note it. Our notes, and "Ye Ed," and "Mickey" are invincible. XX.

MANY ENJOY DINNER

A large number gathered on the spacious lawn at the Marsters home last evening, and enjoyed a fine cafeteria luncheon, given by the Woman's club. After the dinner hour a program was enjoyed. The proceeds of the dinner will be donated to the public library fund.

Men Wanted

For service as railroad machinists, boilermakers, blacksmiths, electricians, sheet metal workers, pipe fitters, coppersmiths, tinners, car inspectors, car repairers, helpers—all classes under strike conditions best explained by Chairman Ben W. Hooper of the United States Railroad Board, in his statement of July 1st reading as follows: "In this case the conflict is not between the employer and the oppressed employes. The people of this country, through an act of congress, signed by President Wilson, established a tribunal to decide such disputes over wages and working conditions which are submitted to it in a proper manner. It is the decision of this tribunal against which the shop crafts are striking. Regardless of any question of the right of the men to strike the men who take the strikers' places are merely accepting the wages and working conditions prescribed by a government tribunal and are performing a public service. They are not accepting the wages and working conditions which an employer is trying to impose. For this reason, public sentiment and full government power will protect the men who remain in their position and new men who may come in." Adequate provisions have been made for the full protection of all new employes, the same as old employes who have remained loyally at work.

Applicants should apply to the office of the superintendent at Portland (Union Station), or to the assistant superintendent at Roseburg.
