

NOTE—The Red Top tin contains Velvet that has recently been delivered from the factory. It is in fresh condition—cool and smooth in a pipe.

Each tin of Velvet TOBACCO with the RED TOP

contains freshly made tobacco. Just right for your pipe.

And the mild smoothness you enjoy is the result of Velvet's two long year's ageing in wooden hogsheads. Patient ageing in Nature's way—the right way of removing raw harshness and bite.

You'll say that Velvet is cool, smooth and "sweet as a nut" in your pipe.

State Press Comments

A girl in a California park fell over a cliff and was killed because her hand slipped from that of her father, extended to save her. It may be that one simple bit of knowledge, which everybody ought to possess but few people do, would have saved the girl's life. It is worth repeating, especially at this time of year, when out-door accidents are so common.

There is an "unbreakable grip." When two people clasp hands in the ordinary way, with fingers clutching fingers, the fingers may slip and the hands part. That is likely to happen if the hands are wet or cold or if one person tries to lift the full weight of the other. But let each close his fingers and thumb around the other's wrist—it is the old Roman form of handshake—and the two hands will cling as tightly and surely as any sailor's knot.

It is well to remember this, and to teach it to children. It may serve at any time to save a drowning person or keep someone from a fatal fall or help in making a rescue from a burning building. —Albany Democrat.

THE "WOMEN'S VOTE."

With the holding of primaries and the looming of elections, conversation on the subject of the "women's vote" grows. Yet it is probable that most women will vote as citizens and not as women, in spite of political floundering to the contrary.

A man seeking nomination as governor of one state was asked whether he intended to make any special play for the feminine vote. His reply was interesting: "Why, no. Women are people. I've never discovered any particular difference between women and men, except that women have a somewhat keener sense of what they want. They're more decided in their views. I propose to put my case before the people as a whole as completely as I can, and make an intelligent campaign. And I believe that the women will respond as readily as men." —Eugene Register.

POLITICAL LOVE FEAST.

Chairman Walter Tooe has brought about a reconciliation between Mayor Pop Gates and Governor Olcott and the two have embraced each other and uttered pledges of undying love and fealty while Pacificer Tooe patted them both on the back and uttered words of commendation. There is to be no more Ku Klux and anti-Ku Klux, Catholic or Jew issue in the campaign, which seems to have been only a little byplay between Olcott and Hall to squeeze the other primary candidates out of the race. —Eugene Guard.

SECRET BALLOT.

It would be a gross abuse of the voter's right to cast a secret ballot if he could be forced to tell for whom he voted, unless it were proven in advance that he had committed a fraud in voting. The ballot would not be a secret ballot could any voter be compelled to tell for whom he voted. Judges Bingham and Kelly recognized this in their ruling in the Hall contest. If Hall's supporters run him for governor on the strength of this ruling having been unfair, they will not make much of a case. The inherent fairness and common sense of the ruling.
