Truck Driver's Back Is Broken

MEDFORD, Aug. 25.—T. J. Card, a county employe, driver of one of the county gravel trucks doing work near Beagle, on the Evans creek road, was severely injured yesterday afternoon about 4 o'clock, when the truck completely overturned and he suffered a broken back.

The truck was rounding a curve with a load of gravel and the front wheels encountered soft dirt and gravel at the edge of the road. It is supposed that Card found difficulty in steering the vehicle in the soft dirt. At the same time the edge of the road gave way and allowed one side of the truck to take a position considerably lower than the other side. The truck overturned completely landing right side up.

When the truck had righted itself, Card sat in the seat, paralyzed as a result of having had his back broken during the gyrations of the vehicle. It is supposed that he was thrown against the steering wheel and that the force of the fall broke his back.

The injured man, whose residence is at 411 S. Newtoun, Medford, was taken to the Sacred Heart hospital, where it is said that he may recover, although his condition is considered as grave. Card is married and is the father of three children.

The family moved to Medford about three years ago from their home in South Dakota.

Tree Shaker Proves to be Clever Machine

A demonstration of the Bean Fruit and Nut Harvester was made this morning on the Harry Winston place at Winston by the inventor, William Abildgaard and the Douglas county agent for the machine, A. R. Marsh. The invention will do away with prune tree shakers and aid greatly in the harvesting of the fruit. The engine of the apparatus is mounted on a trailer. A long steel arm reaches out and clamps to a limb of the tree. The engine is started and the "shimmy dance" starts. The tree vibrates to the tip of the branches and the fruit is shaken to the ground by the tremors. The local growers are quite enthusiastic over the proposition and declare that it will be a great boon to the prune growers. The machine will shake the fruit from a tree in less than two minutes, the first shaking not requiring three seconds.

Demonstrations will be made in Douglas county as follows: Riddle and Canyonville on Saturday, Umpqua on Monday, Oakland and Yoncalla on Tuesday.

BILL HAYWOOD BELLYED TO BE AIDING RADICALS

(By United Press.)
WASHINGTON, Aug. 25.—The department of justice officials believe that "Big Bill" Haywood, now in Russia, is working with the Soviet officials to incite violence in the United States during the present industrial crisis. It is believed that the radicals in this country are communicating with Haywood and Lenin through "underground" channels, and that one aim of Lenin is to overthrow Samuel Gompers and other leaders of American labor, and the elevation of William Z. Foster to a powerful position in this country. The documents captured at Bridgman, Michigan, in the raid on the communist convention, substantiates this belief, according to Allen Myers, investigating the communists in the state of Michigan.

CRAZED WITH DRINK, MAN TERRORIZES BOAT PASSENGERS

(By United Press)
SEATTLE, Aug. 25.—Paul Stoness, aged 31 years, San Francisco mechanic, was arrested here today after terrorizing passengers on the steamer Dorothy Alexander, between Victoria and Seattle last night while crazed with drink. Stoness staggered from the ship's saloon to the ballroom and fired a shot into the floor, and then laughed loudly as the passengers backed against the walls in fear of their lives. He marched Jack Marion, a passenger, about the ballroom for half an hour with his pistol pressed against the frightened man's side. He was finally overpowered by the crew.

CONVENTION DATE SET BY PROGRESSIVE PARTY

PORTLAND, Aug. 24.—A state convention of the newly-born progressive party of Oregon has been called to meet at Liberty hall here at 10 a. m. September 5. The call was issued by Norman S. Richards, state chairman, and G. L. Cleaver, state secretary.

While it is not known whether the new party will attempt to place a full ticket on the ballot at the November election, Chairman Richards has announced that a candidate for representative in congress from the first district to oppose Representative Hawley will be named.

At the preliminary organization of the party last Saturday it was also announced that the convention might endorse a candidate for state treasurer. It was not made clear if the plans called for the nomination of a progressive candidate or whether it was the plan to endorse either the republican or democratic nominee.

In sending out the call for the state convention, Chairman Richardson has asked ex-progressives to arrange for county conventions to name delegates to the state convention. Two delegates from each county will be seated at the convention.

Explicit organization rules are contained in the convention call, including a request to collect \$2 from each member, \$1 to go to the county convention and the other dollar to the state organization.

All county organizers have been instructed to allow their delegates free hand as to the endorsement of candidates or nominees for the state election in November.

Radio Stock Frauds Probed

SALEM, Aug. 24.—Because of the radio craze that has seized the country during the last year, radio manufacturers and selling agencies are flooding Ore. with circulars holding out alluring bait for prospective customers. This was announced at the office of the state corporation department today.

Employees of the corporation department said that the radio concerns are following the lead of the spurious oil companies and are using the mails to advertise and sell their stock. In this way they escape liability under the corporation laws.

To make sure of escaping regulation many of the radio companies are promoting what is known as the "stockholder dealer" scheme. Under this plan the person receiving the circular is offered a share of stock and an agency, and is guaranteed liberal returns on his stock. A circular received at the corporation department today informed the recipient that he will be allowed only one share, this to be 8 per cent participating preferred, at par \$100.

"We can only wait ten days for your subscription," said the accompanying letter, "and if you cannot accept we must select someone else for this opportunity. Send check or money order."

The corporation department has issued a warning to investors to refrain from purchasing stock in these wild concerns until they have made a personal investigation, and have determined whether the information contained in the circulars is authentic.

W.C.T.U. Hold Fine Meeting

The W. C. T. U. of Canyonville, had a very interesting meeting last evening at the home of Mr. and Mrs. G. O. McGilvary, the occasion being the 66th birthday anniversary of Mrs. McGilvary, president of the union at that place. Both Mr. and Mrs. McGilvary and their family have been faithful in reform work, and much credit is due them for the advance along those lines in that vicinity. The large number in attendance last evening was evidence of the esteem in which they are held.

A most interesting program had been prepared. The talks by the teachers of Canyonville deserve special mention. Mrs. Pettie, spoke on law enforcement in the school, emphasizing the importance of teaching children to obey all laws. Mrs. Kimble also made an excellent address on school laws.

Mr. and Mrs. C. L. Searing and Mr. and Mrs. A. C. Marsters, of Roseburg, motored over to Tiller. Mr. Marsters spoke on the issues to be voted upon this fall, and Mrs. Marsters and Mrs. Searing told of the accomplishments of the organization and the need of renewed diligence. Six new members came in at the close of the program.

Dainty refreshments were served, and a social hour was enjoyed. All wished their beloved president many happy returns.

Have you tried the Golden Honey watermelon? We have plenty of all kinds of garden produce, yes, and corn to can, by the sack. We guarantee satisfaction. Royer Brothers and G. T. Royer, Dillard, Ore.

Children's Clinic to be Held Here

Arrangements are being made to hold a baby clinic in this city for the coming month. Dr. Wade, county health officer, is in receipt of a letter from Dr. Estella Ford Warner, of Portland, stating that she contemplates being in Roseburg about August 18, and would like very much to meet the mothers at that time.

Dr. Wade is making arrangements with the different chairmen of the local organizations, and in the near future will hold a meeting to arrange for a place to hold the clinic. All the local doctors will co-operate, and give several hours of their time to this fine work.

These clinics are held for the mothers' benefit, and at which time the doctors will consult and advise them. No treatments will be given, however, defects will be put on a record, and the case sent to the family physician. The babies will be examined and graded by a special chart. It has been several years since a baby clinic has been held here, and it is hoped that many mothers will attend. The regular date will be announced later.

Dr. Estella Ford Warner is the medical director of the Child's Welfare bureau, and has been conducting clinics throughout the state. She desires very much to meet any mother interested in this work.
