nell, Portland; L. Perber, Los Ange-
les; R. J. Norman, Tillam.

Stumping Costs Are Lower This Year

Local results have proved that Pacific Stumping Powder will clear
one-half more land per dollar than other standard stumping
powders.

You can buy enough Pacific Stumping Powder to clear an acre and
a half this year for the same price you formerly paid for dynamite
enough to clear one acre.

Last Spring actual experience in this district proved the non-freezing
and non-headache features of this unequalled stumping powder. We
expect a big demand for Pacific Stumping Powder this season.
Order yours today.

PRESIDENT OF FORD MOTOR COMPANY MAKES STATEMENT

According to a statement just issued
by Edsel B. Ford, president of the
Ford Motor company, Detroit, a gen-
eral reduction of \$50 a car has been
made in the prices of Ford Model T
cars and the Ford 1 ton truck, effective
October 17th.

"The revision in prices," said Mr.
Ford, "is the result of the increased
volume of business which our com-
pany has enjoyed during the present
year, and also, to the fact that we
now own and operate many of our
own sources of raw material, which
enables us to continue increasing the
quality of our product and at the
same time keep the price so low that
Ford cars are in reach of everybody.

"Our production for 1922 is already
in excess of a million, which has been
an important factor in bringing down
costs. Our present daily output is
averaging better than 5,000 cars and
trucks, which means a complete Ford
car or truck every 5 1/2 seconds of each
eight-hour working day. It is in an-
teipation of this continued demand
that price adjustments are again be-
ing made in order to keep in effect the
policy of selling Ford products at the
lowest price consistent with quality.

"Quality, as usual," said Mr. Ford,
"will continue to be a prime consid-
eration in the building of Ford cars. As
our business has increased we have
constantly increased our equipment
and manufacturing facilities, so that
this price reduction merely reflects
the progressive methods which come
as a result of increased volume.

This reduction, which is the sixth
since March, 1920, brings the price of
the Ford Touring Car from \$575, the
price in effect early in 1920, to the
present extremely low level of \$298,
which is nearly 50 per cent less. Cor-

Demonstration of an entirely new kind of soap

Takes the place of bar soap
for the regular family wash

Soap for the family washing
different from anything you
have ever used.

Soap so pure and cleansing that
just soaking clothes in its big
lasting suds loosens the dirt.
Only a few pieces need to be
rubbed—the very dirtiest. This
is why Rinso is taking the place
of bar soap in the family wash.
Rinso suds work down into
every fold and fibre, loosening
the dirt without weakening a
single thread. Use enough Rinso
and you'll find that, at every
step of the family wash, Rinso
saves time and work.

As remarkable for the family
wash as LUX is for fine laun-
dery.

Be sure to see this demon-
stration. Learn the easy way to do
your hardest job.

Cozy Glow Time is Here!

Little Brother to the Coal Fire! In the early
days of fall, in winter, and in spring, the Westing-
house Cozy Glow fills a positive need and comes
nearer to being an all-year-round heater than
you can realize unless you have one. The

Westinghouse

Cozy Glow isn't a fire. It makes no fumes, nor
does it stale the air. It's perfectly safe even if
upset. It throws the heat in any direction—a cozy
glow when and where you want it.

Pick it up and carry it to the room or to the cor-
ner that is chilly. Or send one of the youngsters
to get it. Like all Westinghouse Heating Appli-
ances, it makes a lot of heat for its weight. It's
a convenience, of course, but a winter necessity
also. Get a Cozy Glow from one of the follow-
ing dealers, and have warmth when you want it
right through to next summer.
