NEW CITY OFFICERS MEET AND PERFECT NEW ORGANIZATION; APPOINTMENTS MADE

G. Wilson to Be New Chief of Police—J. Ketch to Serve as Night Officer—Mayor Appoints A. N. Orcutt and B. W. Strong Fire Commissioners

NEW CITY OFFICERS

Mayor—N. Rice.
Councilmen—J. F. Barker, E. Conlee, Storey Iles, Louis Hagen, J. E. McClintock, Powell, Fred Reidel, A. S. Seely.
President of Council—W. S. Hamilton.
Order—R. L. Whipple.
Auditor—W. F. Thomas.
Attorney—Carl E. Wimberly.
Engineer—H. L. Eppstein.
Health Officer—B. R. Shoemaker.
Chief of Police—H. G. Wilton.
Night Watchman—J. S. Ketch.
Chief of Fire Commission—A. C. Seely, B. W. Strong, J. F. Barker.
City Engineer—James Fletcher.

The new city council met last night to perfect the new city administration under the direction of Mayor N. Rice. The old city council organized and the meeting was held in the city hall. The new council members took their oaths and were sworn in. Mayor Rice then announced the appointments of the new city officers. J. Ketch was appointed night officer, A. N. Orcutt and B. W. Strong were appointed fire commissioners, and H. G. Wilton was appointed chief of police. The council also organized itself and elected W. S. Hamilton as president. The council will meet again on Monday to discuss the city's financial affairs.

of time and attention. The pay is very small and few physicians would care to hold the office. Dr. Shoemaker declined to accept the position again, but upon the urging of Mayor Rice agreed to serve for another year and practically donate his time and attention to the city's service. A complete shakeup in the city police force was announced by Mayor Rice. Horace G. Wilson, for many years connected with the government Indian service and who has recently been engaged in the insurance business, has accepted the position of chief of police, and Israel Ketch has been appointed night watchman. Mr. Wilson is now in Washington, D. C., attending to business matters and will return to Roseburg in about two weeks to take up his duties. He has been expecting for some time to retire from the work which has kept him traveling over the country almost constantly, as he desires to spend more time at home. He has had a great deal of experience in investigation work while in the government service, is a good mixer, and has traveled enough and had sufficient experience to give him a good knowledge of how to meet the various situations which he will be called upon to meet. Mayor Rice has also decided that it is time for Roseburg to uniform its day officers and Mr. Wilson will select suitable uniforms while he is in the east. Mr. Ketch, the night officer, has been in this service previously. When Mr. Rice was mayor several years ago, Mr. Ketch served very efficiently as night officer and was one of the most efficient officers the city has had. Until Mr. Wilson returns he will be on the day shift and Officer Hardy will continue the night watch. A change was also made in the board of fire commissioners. The new commissioners appointed are B. W. Strong and A. N. Orcutt. Councilman A. C. Seely, being chairman of the committee on fire and water, automatically becomes chairman of the fire commission, while Fire Chief James Fletcher is the secretary. Mayor Rice is continuing the services of H. L. Eppstein as city engineer. Mr. Eppstein has been engineer in charge of practically all of the street improvement work in the past few years and is well qualified to continue the work of this office. All of the mayor's appointments were unanimously ratified by the council. The new organization is actively at work and plans are already under way for future development work. Mayor Rice expects to give a great deal of time into city improvement work in spite of the fact that the budget committee made a decided reduction in the amount of money provided for this purpose. The city, however, has funds on hand for considerable future work, including a new lighting system on the main streets, a bridge across the Umpqua, the development of a park, and other important matters which the new council will take up as quickly as possible.

HARDING AGAIN NOMINATES PIERCE FOR ASSO. JUSTICE

WASHINGTON, Dec. 5.—President Harding today renominated Pierce Butler for associated justice of the supreme court. Pierce's first nomination failed of confirmation by the senate.

Local Surveyors Form Partnership

Gordon Stewart and H. L. Eppstein, well-known Douglas county surveyors, who have been employed with the county for some time, are establishing civil engineer and surveyor offices at the Douglas Abstract company and will hereafter engage in private work in this county. Both are experienced in their line of work and will undoubtedly meet with good success. They state that the old government survey of this section is not accurate and that many of the corner marks are missing, thus causing loss of many property lines. They will make a specialty in this line of business and are already kept extremely busy locating boundaries, etc.
