A MESSAGE

To the People of This Community!

For 19 years we have catered to the wants of the people of Yoncalla, and surrounding territory, and many people were surprised to know that we had decided to quit business for good. However, it is true we are retiring from business and true to our original advertised declaration, everything in this mammoth stock will be closed out and no reasonable offer will be refused for any part or all of this stock and fixtures. We have gone through the entire stock, and where a further reduction was thought advisable, the big bargain knife has not been spared, and we are going to make a mighty effort, beginning Saturday, February 10th, to sell every dollar's worth of goods in this store, also all farm implements and machinery in the shortest time possible.

We believe we deserve your patronage at this sale as we have made a conscientious effort to serve the trade for the past 19 years with the very best merchandise, farm implements, machinery, etc., that money can buy. You have an opportunity to make your dollar go farther in our store during the balance of this sale, than has ever been your good fortune to stretch its buying power since Yoncalla was established. If you fail to take advantage of this matchless opportunity, you have only yourself to blame—we are doing our part. In addition to selling you hardware, stoves, ranges, kitchen utensils, farm implements, machinery, furniture, etc., at the lowest prices known in years, lower than can be found anyplace, we offer you the following *Daily Specials* at almost give-away prices. Come! See for yourself, then tell us if you know any place anywhere in this great United States where these bargains can be equalled.
