

What God Says out-WISDOM

"The world by wisdom knew not God."

and the more worldly wisdom and education a man gets, the more he knows of God. And the more he knows of God, the more he understands His wisdom. It is bringing him to a position where he understands Him every day—understands Him so well that he can decide what He did and did not say in His book—what ought and ought not to be.

still, what God says stands, and the darkest hearts in the world are those whose very light is darkness—who see so clearly that they do not see God at all—for spiritual things and things are spiritually discerned.

only way to know God is by believing all that Jesus did, and with His death for our sins and His resurrection for our life. For if Jesus did not die and rise again for us, He is a man. His teachings are not worth shucks, but if He did, and His death breaks in on our souls and we know God. And His life is eternal, and if we have eternal life there's plenty to gather true wisdom from fellowship with Him.

HEALING MEETING TO BE HELD TONIGHT

Dr. Price Tells of Happiness and Satisfaction to Be Found in the Christian Life—Large Crowds Fill Armory

The preaching of Christ in the armory is attended by the "old time power." Yesterday saw the altar filled to overflowing with earnest seekers. Mrs. Price led the morning healing service.

The afternoon meeting was opened by prayer, led by Rev. Gordon. The text of the afternoon sermon is found in St. John 21:23. Simon Peter said, "I go a-fishing." "Many today are like impetuous Peter," said Dr. Price. "Again, Jesus told the disciples to cast the net on the right side of the ship, and the result was a miraculous draught of fishes. There is a right and a wrong way of doing things. This includes the preaching of the Word of God. We want to stay by the 'old rugged cross.' There is still power in Jesus Christ to save men. In the olden times they used to drive fifteen miles to a school house and see people fall under 'the power.' You don't need to sell old clothes and have oyster suppers to get money for the church." The instance of a church in San Jose, Cal. where they had a better way, was cited. Instead of contributing \$4,000 a year, as they were wont to do before receiving the Holy Spirit, they raised that year a budget of \$30,000. "The church without the Holy Spirit is of no more use than a locomotive without fire in it." Dr. Price told of a little boy whom they called "Red Hair" because of his red hair. He was a little ragamuffin, but he was converted and filled with the Holy Spirit. His mother left him in charge of the house one day. On her return she was greatly surprised when she did not see him, but hearing a noise in the barn she went to see, and found him there with eight other boys whom he was leading to Christ. They all found him and were filled with the Holy Spirit.

The sermon of the evening was based on the exodus of Israel out of Egypt until they reached the "Promised Land." The children of Israel were slaves to Pharaoh. Men and women are slaves to some habit today, but there is deliverance in Jesus. Rom. 8:1. Dr. Price visited a hospital ward where he saw about thirty babies. Why, oh, why were they there? The father of one of them was in the penitentiary and the mother dead. But this is only one of the sad stories back of the lives of these unfortunate children. One day Dr. Price called on some friends of his, one a railroad president who was worth his million, yet he said when Dr. Price asked him how he was, "I am so unhappy." "But why?" asked Dr. Price. "You have money, position, all you want." "I am worried to death," he answered. Then Dr. Price preached unto him Christ. From the railroad president's office he went to call on a family who lived in a cottage. There peace and happiness reigned. He asked the father when he came home from work, so happy to see the preacher, how he was. "Oh, business is good. I am making \$2.50 a day now. You must stay to supper." "As we took our seats at the table, every head was bowed and they all gave thanks. Jesus was in the home. There was a family altar and joy and peace reigned," said Dr. Price. A young girl wandered six weeks on the streets of San Francisco. One day she found herself in one of Dr. Price's healing meetings. She prayed for release of a dreadful disease and of the dope habit as well. She was not seen for some weeks after that. One day she returned. Not being recognized, she introduced herself and told how she had been to her father's house and obtained permission to preach in the old school house of the neighborhood. "How is it?" she was asked. "Just wonderful," she replied. From six weeks on the streets of San Francisco to preaching the Gospel of Christ.

Services today at 2:30 p. m., 2:30 and 7:30 p. m. The last service will be for divine healing. LAURA L. DITTMAN, Correspondent.

THE nation-wide popularity of Mazola as the leading brand of salad and cooking oil, is due to the fact that Mazola has demonstrated its superior quality and great economy in the household—to the housewife herself.

However, there are still some housewives in America, who do not as yet use Mazola. There are also

some who still believe that expensive imported olive oil is necessary to make a delicious salad dressing. There are others who still believe that foods cooked in lard are as easily digested as foods cooked with Mazola—the 100% pure vegetable oil.

Many housewives continue to use high priced butter, whereas Mazola is equally as rich as butter, costs much less, goes further, and makes the most delicious cakes, etc., that you have ever tasted.

It is to these Housewives that this 25c Free Mazola Coupon is offered for One Week Only

Fill out the Coupon—hand it to your grocer. It is worth 25c towards the purchase of one quart can of Mazola. It gets you this remarkable salad and cooking oil at about half price

WE want you to give Mazola a fair trial. This is your opportunity to prove that Mazola is equal to any oil for salad dressing; that Mazola mayonnaise is smooth, rich and creamy, and will keep longer. And remember, Mazola costs considerably less than expensive imported oils.

For shortening you will find Mazola is equal to rich, creamy butter, and you use less. Makes your cakes and biscuits light and tasty. Once you use Mazola for shortening, you will prefer it to lard and butter.

And for frying you will find Mazola-cooked foods are more digestible. One reason is that Mazola can be heated so hot that the food is instantly crusted over. This keeps in all the rich juices, and makes the food more delicious and tastier. Because Mazola does not carry odors and flavors from one food to another, you can use it over and over again to the very last drop. Merely strain it. Always remains sweet and clean.

If you are not satisfied in every respect with Mazola as the best oil for salads and cooking, just as we have stated in this advertisement, your grocer is requested to refund your money without question.

All grocers are hereby requested to co-operate with us and their customers in carrying out this guarantee.
