"ROTES" HONOR ANNIVERSARY

(Continued from page one.)

between 6:30 and 7:15 so there will be no interference from any other radio station and it is thought President Haven's message will be received in Roseburg quite clearly. A special effort is being made to put over the president's address in good shape, this means of communication being recognized by Rotarians as one of the big achievements of the present century.

The unique features of Rotary membership is the manner in which the organization has progressed in eighteen years from a single club in Chicago to approximately fourteen hundred clubs in twenty-seven countries with an aggregate of something over 90,000.

Each Rotary Club—and each of the fourteen hundred odd clubs spent today in going over these facts as a part of their world wide anniversary observance—has one inviolate rule.

This is the rule in regard to attendance. Practically every club has a clause in its constitution whereby a member is automatically dropped from membership if he misses four meetings in succession. To this rule is attributed one of the reasons for the remarkable efficiency of Rotary. A careful record of each member's attendance is kept by the secretary and nothing short of sickness or death can excuse a member. Absence from the city is no excuse, for there is a rule whereby a member may attend the meeting of a Rotary Club in any city and receive credit for attendance just as if he had been present at the meeting of his own club.

SCHOOLS PRESENT HOLIDAY PROGRAMS

The 191st anniversary of the birth of George Washington was observed here today. Patriotic programs were held in the grade schools and the children were given a half holiday in the afternoon. Special observance was also given in the high school. Banks were closed and the postoffice and other public places were closed during the day. Circuit Court took a holiday also and the jury was dismissed until Friday morning. Social events for the past few days have been patriotic in the motif of decoration and the season has been fittingly observed in every way.

A special program was given at the high school this afternoon in honor of the day. The program was arranged by the Nebo Forensic Club and consisted of special musical numbers, fitting for the occasion, the singing of patriotic songs and an excellent address by Hon. J. W. Hamilton. By a vote of the student body the half holiday was postponed until March 2, when the basket ball team will go to Medford accompanied by a large number of the local students.

At the Rose and Benson schools special programs were given in each of the grade rooms this morning. The upper grades of the Rose school heard a fine address delivered by Rev. C. H. Caldwell, pastor of the local Baptist Church.
