**CHILDREN TO BE HEALED TOMORROW**

The afternoon service was begun with a song service which all enjoyed. The hymns which our fathers used to sing are still popular and "Since Jesus Came into My Heart," "Happy Day," "The Old Time Religion" have not lost their charm. After the song service a number of people testified to their having been healed, as follows: "I praise God that my gaiter is gone." A young man who has been bound by rheumatism for seven years, three of which he has spent on his bed, unable to arise, praised the Lord that he found Jesus since coming to the meetings, and he has faith that he will be healed. A young man who had been lame and could not walk without a cane has been converted and is walking without the cane and his "leg is better and better every day." A young man said: "I was converted here last Friday night. I then prayed for my wife, who was also converted and healed as well." A woman testified that she has been healed of very high blood pressure and leakage of the heart. Dr. Price said that Rev. Mr. Townner of San Jose, Cal., has a record of the healings of 1,500 people. This represents the number who received what they sought, out of 2,900 people who came for healing.

Dr. Price preached from the twenty-third Psalm.

The sermon of the evening was taken from 2 Kings 5:1-9. "Naaman the leper and how he was healed by the Prophet Elisha." Naaman was a mighty man and a valiant soldier, but he was a leper. He was a great favorite with the king, but that did not change the fact that he had leprosy. I wonder how many there are in Roseburg who have done much for the city. But something is lost, something is missing if the leprosy of sin has not been washed away. I don't believe that any man can redeem himself by philanthropic works. And I believe that there is only one way, and that is by the way of the cross. And everyone who enters there on the other side of the stream will do so because they are "redeemed by the blood of the Lamb." There was the little maid who waited on Naaman's wife. This story of the little maid is very pathetic indeed. But her very position made it possible for Naaman to find healing for his leprosy. So the Lord found Evan Roberts in the mines of Wales and Dwight Moody in the shoe shop, when he wanted to put His hand upon Wales in the first place and America in the second. When He wanted to put His hand upon India, He found Pandita Kambai, that woman of God. Look at China! Look at Korea! "It is not by might, but by my Spirit, saith the Lord of Hosts." Jesus should be the panacea for all the pains of the human race. Naaman was in need and there was no one who could help him. But there is always a way out. There was only one way, however, and that was through the little captive maid. In simple faith we must take the Saviour. She told him to "go down to the country from which I have come." There is a fountain open in the house of David for sin and uncleanness. Naaman went to the king of Israel, but he did not get what he sought there. So we cannot get from the great men or the chief of men of this world salvation from sin. As Naaman had to go to Elisha in the end, humble himself and go down to the river Jordan, eleven times, without seeing the prophet, before he was healed, so we must come to Jesus, just as we are, in order to be delivered from the leprosy of sin. Naaman was not cured of his leprosy the first time he dipped in the stream, nor the second time. It was only after dipping the required number of times that the healing came. So when we come in faith and humility, we shall not be turned away empty, our request will surely be granted. When we plunge into the fountain opened for sin and uncleanness, we too shall find purity and satisfaction. His flesh became "as the flesh of a little child."

Today, Friday, is healing day. There has been a "preparatory healing" service at 10 o'clock, another at 2:30, and there will be a healing service this evening at 7:30 o'clock. Tomorrow will be healing day for the children. There will be the usual "preparatory healing" service in the forenoon, and the "healing" service in the afternoon at 2:30 o'clock and 7:30 in the evening.

all appear in the court to make their excuse if any were to be presented. This resulted in the selection of the jury just before noon.

In the afternoon the case was interrupted by the naturalization proceedings and the taking of testimony did not start until a late hour this afternoon.

The state charges that Scott had intimate relations with his step-daughter, who is 13 years of age. The wife of the defendant was quite ill for several months with a cancer and died only a few days ago.

The defense alleges that the allegations of the state are a "frame-up" on the part of the girls who do not desire to remain with Scott following the death of their mother. The defense in making the preliminary statement stated that evidence will be introduced to show that the chastity of the girl was no good for a long time prior to the filing of this case.

**Don't overlook this Remarkable offer!**

**THE** nation-wide popularity of Mazola as the leading brand of salad and cooking oil, is due to the fact that Mazola has demonstrated its superior quality and great economy in the household—to the housewife herself.

**HOWEVER**, there are still some housewives in America, who do not as yet use Mazola. There are also some who still believe that expensive imported olive oil is necessary to make a delicious salad dressing. There are others who still believe that foods cooked in lard are

as easily digested as foods cooked with Mazola—the 100% pure vegetable oil. Many housewives continue to use high priced butter, whereas Mazola is equally as rich as butter, costs much less, goes further, and makes the most delicious cakes, etc., that you have ever tasted.

*It is to these Housewives that this 25c Free Mazola Coupon is offered for One Week Only*

*Fill out the coupon—hand it to your grocer. It is worth 25c toward the purchase of one quart can of Mazola. It gets you this remarkable salad and cooking oil at about half price.*

**WE** want you to give Mazola a fair trial. This is your opportunity to prove that Mazola is equal to any oil for salad dressing; that Mazola mayonnaise is smooth, rich and creamy, and will keep longer. And remember, Mazola costs considerably less than expensive imported oils.

For shortening you will find Mazola is equal to rich, creamy butter, and you use less. Makes your cakes and biscuits light and tasty. Once you use Mazola for shortening, you will prefer it to lard and butter.

And for frying you will find Mazola-cooked foods are more digestible. One reason is that Mazola can be heated so hot that the food is instantly crusted over. This keeps in all the rich juices, and makes the food more delicious and tastier. Because Mazola does not carry odors and flavors from one food to another, you can use it over and over again to the very last drop. Merely strain it. Always remains sweet and clean.

**IF** you are not satisfied in every respect with Mazola, as the best oil for salads and cooking, just as we have stated in this advertisement, your grocer is requested to refund your money without question.

All grocers are hereby requested to cooperate with us and their customers in carrying out this guarantee.
