

If EVERY WOMAN who READS this MESSAGE will cut this out as a reminder—

Just remember these facts about Mazola: Not only does it make all foods fried in it more wholesome and digestible, but there is no waste. After frying merely strain, and use it over and over again. Mazola carries no odors nor flavors from one food to another.

For every baking purpose Mazola is equal to butter, and much better than animal fats. As it is an absolutely pure oil, it contains no water, as do butter and lard.

So if your recipe calls for, say, a cupful of butter or lard, use only 3/4 to 1/2 of a cupful of Mazola.

And remember, too, that many of the best judges of salad oil prefer Mazola even to imported olive oil for its purity and flavor.

Your Grocer

sells Mazola in pint, quart, half-gallon and gallon tins, packed and sealed under expert supervision. It is never sold in bottles or bulk. If Mazola is unsatisfactory to you, your grocer refunds the cost without question.

MAZOLA Best for Salads and Cooking

"A PUNCH FOR JUDY" IS PROGRESSING

Senior Class Play to Be Presented on the 28th of the Month, is Making Fine Progress—Cast is Working Hard.

"A Punch for Judy," the senior class play to be staged on the 28th of the present month is progressing rapidly, and will soon be nearing perfection, according to Miss Rosa B. Parrott, who with the assistance of Miss Helen Casey, is coaching the production.

After so many rehearsals as have already been gone through the cast still has a hard time in keeping down the mirth. The catchy, clever, laugh-producing lines keep one in a continual state of laughter throughout the entire three acts of the play.

Business arrangement providing for the Antlers theatre on the afternoon and evening of March 28, have been made. From all evidences the business end of the play has the right start. Admission prices of 50, 75 cents and one dollar have been set, and the advance ticket sale is to start Friday.

Don't Let That Cold Turn Into "Flu"

Turn on Good Old Musterole That cold may turn into "Flu," Grippe or, even worse, Pneumonia, unless you take care of it at once.

Musterole is a counter-irritant which stimulates circulation and helps break up the cold.

As effective as the messy old mustard plaster, it does the work without the blister.

Just rub it on with your finger-tips. You will feel a warm tingle as it enters the pores, then a cooling sensation that brings welcome relief.

Better than a mustard plaster

BAPTIST MISSIONARY TO MEET

The Baptist Missionary society will hold a special meeting on Thursdays afternoons in the church parlors and they have special work on hand to do at this time.

Miss Hunderup who has done home mission work among the foreign class of people in our own cities will speak at this time. A large attendance is desired.

THRILLING DRAMA AT LIBERTY

That's "The Bishop of the Ozarks," the remarkably thrilling and entertaining photodramatic epic showing at the Liberty Theatre Thursday and Friday with special Thursday matinee.

Weak Women Can Find The Help They Need

Portland, Ore.—"In my early married life, after motherhood, I suffered a relapse and blood poisoning set in, which left me a nervous wreck. I was thin and weak and my nerves were in such a bad state that I could not sleep. I went down in weight from 140 to 90 pounds.

FRANK MAYO AT MAJESTIC

It is always an interesting occasion when an actor comes to a touring point in his career. Frank Mayo reaches such a place in "The First Degree," the Universal production coming to the Majestic Theatre tonight.

Having established himself as one of the leading portrayers of vigorous outdoor roles on the screen, in his latest photoplay Mayo returns to the field of purely emotional drama.

A cast of established reputation support the star. Sylvia Brainerd is the leading woman. Other players who have important roles are Phyllis McCallough, George A. Williams, and Harry Carter.

Edward Sedwicz who guided many feature productions to success, was selected to film "The First Degree."

BALL PLAYERS ARE BARRED FROM GOLF

By HENRY L. FARRELL (United Press Sports Editor)

NEW YORK, March 14.—Frank Chance has issued orders prohibiting his Boston Red Sox players from engaging in golf during the training or playing season. Chance has had enough experience and met with enough success on the diamond to make his opinion carry weight and he believes that golf has nothing in it to help a baseball player.

This brings up an old argument that never will be settled. Tris Speaker is prominent among the managers who indulge in golf themselves and who believe that the game is beneficial to players. Other managers have remained neutral, taking the stand that individual cases require individual opinions.

Golf playing among the New York Yankees caused a lot of trouble for Miller Huggins last season. Babe Ruth, Deacon Scott, Carl Mays, and Bob Shawkey are golf fiends and they spend most of their spare time on the courses around the American League circuit.

After playing eighteen holes one morning early in the season, Mays went in to pitch in the afternoon and he was getting a fine pasting when Huggins jerked him out. Mays threw the ball over the grandstand and a row resulted that had a permanent bad effect on the club.

To avoid a repetition of this rather unfortunate experience, Huggins has gone far enough this year to order that no pitcher can do any golfing on the morning of a day he is scheduled to pitch.

Babe Ruth, Ty Cobb, Speaker and many others, who might be in a position to know, like golf because they say it helps their eyes and tends to co-ordinate mind and arm.

GOLD IN RUSSIA

MOSCOW, March 13.—Russia produced in 1922 nearly four times as much gold and platinum as in 1921, but even so the totals are less than one-tenth of those recorded for 1913, the year before the war. The 1922 output was 119, 056 troy ounces for gold, and 18,845 for platinum.

BURNING WATER IS PLAN FOR NEW POWER

OAKLAND, Calif. March 13.—Rachelo Jacuzzi, of this city, believes he has perfected a device to make water burn. The device yields a temperature higher than that of the average welder's torch. The water burns in it much the same as household gas, the inventor says.

"Water is fed into a small coil and heated by a gas flame," explained Mr. Jacuzzi. "This latter converts the water into steam at first. Toward the end of the coil the temperature has increased to such a point that the water has been converted into a gas and when augmented by a small flame of acetylene or other inflammable gas, burns with an intense heat."

NOTICE!

To whom it may concern: WHEREAS, the State Game Commission of the State of Oregon has authorized under Section 8, Chapter 66, Oregon Laws for 1921, to close any open season and open any closed season in any County or District of the State of Oregon for the shooting and possession of Game Animals; and

WHEREAS, it having been determined by said State Game Commission of the State of Oregon that the species of Deer known as White Tail Deer are rapidly decreasing and thereby becoming extinct in Douglas County, State of Oregon;

THEREFORE, Notice is hereby given by the State Game Commission of the State of Oregon, that the open season for the shooting and possession of that species of Deer known as White Tail Deer, in Douglas County, State of Oregon, is hereby closed, and it is and shall be unlawful from and after the date of this order to hunt, shoot at, kill, molest, or have in possession at any time in Douglas County, State of Oregon, any of that species of Deer known as White Tail Deer, either dead or alive, in whole or in part.

Any and all persons hunting, shooting at, killing, molesting, or having in possession at any time in Douglas County, State of Oregon, any of that species of Deer known as White Tail Deer, either dead or alive, whole or in part, in violation of this order will be prosecuted as by statute provided. Dated at Portland, Oregon, this 12th day of February, 1923. Oregon State Game Commission. By I. N. Fleischer, Chairman. Geo. H. Kelly, comm. Elmer Mallock, comm. M. A. Lynch, comm. L. E. Bean, Com.

MOVIES

KENTUCKY DERBY PLEASES CROWDS AT ANTLETS

Theatre-goers at the Antlers Theatre last night were treated to an exciting series of thrills, including fights, shipwrecks, rescues and a spirited horse race, when "The Kentucky Derby," a Universal screen version of the old thriller, "The Suburban" was shown. Those who remember Charles T. Dacey's famous melodrama will find in the picture all the suspense, the flavor and the entertainment which gripped the gallery gods of a decade or so ago. This is a new understanding of the story and more vivid climaxes made possible by screen technique.

THRILLING DRAMA AT LIBERTY

That's "The Bishop of the Ozarks," the remarkably thrilling and entertaining photodramatic epic showing at the Liberty Theatre Thursday and Friday with special Thursday matinee. Seldom has the screen seen such a powerful portrayal of a gripping plot as is offered in this P. B. O. release, which was written by former congressman Milford W. Howard, and adapted and directed by Finis Fox. To those responsible for the picture goes the credit for having brought to the screen a new form of drama—drama that drives home with trip-hammer blows a mighty and vital message, yet which at all times entertains to the nth degree.

Greedy wine-bibbing worshippers at the shrine of Mammon—a fighting parson hiding his prison stripes—a beautiful girl at the mercy of a fanatic—an exotic Oriental palace in the heart of America—fery hate and inspired love in the wild fastnesses of the beautiful Ozark Mountains and in the deep valleys of a big city... all of these elements and countless more have been welded together into such a powerful whole as to impress and entertain every one who sees it.
