SPECIAL-SIX TOURING \$1275

Wherever motor cars are discussed, and that's nearly everywhere, somebody is sure to remark—"That Studebaker Special-Six is a regular automobile."

The Studebaker Special-Six has been on the market for four years. Each year has seen added to it such refinements and improvements as time has made possible. Today there are more than one hundred and twenty-five thousand in every-day service and we don't believe there's a dissatisfied owner.

The name was selected because comparative tests against all kinds of cars made this car stand out as something special and apart from the ordinary run of automobiles. It requires special merit to warrant calling any car a special—and if the value isn't special the car quickly fades away.

Count the "Special-Sixes" that have appeared since the arrival of the Studebaker Special-Six. That's the proof of the value of the original Special-Six.

Does the Job at Less Cost

LAND-clearing used to be a long, hard, expensive job. It's cheaper and easier today—with Pacific Stumping—the latest du Pont dynamite.

Pacific Stumping gives you one-half more sticks for each dollar—with approximately the same strength, stick for stick, as any standard stumping powder.

Use this new du Pont explosive to clear your land—costs less—gives better results, and it's non-freezing and non-headache.

This store is headquarters for information and quick service on Pacific Stumping and other du Pont dynamites for land-clearing and ditching work. Why not let us help you with that job?
