Herwig, superintendent of the Anti-Saloon League of Oregon. Mrs. Silbaugh will speak at Greens at 7:00 o'clock Sunday afternoon and at Sutherland in the evening. Mrs. Mary Mallett will speak at Willbur Sunday morning at 11 o'clock and at Myrtle Creek at 7:30 o'clock in the evening.

Los Angeles Woman Tells of Wonderful Experience

Mrs. Gussie E. Hanson, of 916 West 22nd Street, is now numbered with the multitude of Los Angeles men and women who have realized the wonderful merits of Tanlac. In relating her experience, Mrs. Hanson said: "It is wonderful what Tanlac will do for one suffering from stomach trouble, nervousness and a run-down condition. I have tried it and know from experience. "Before taking the treatment everything I ate disagreed with me so that I had terrible gas pains after every meal, and got where I just dreaded to sit down to the table. I suffered from constipation also, had awful pains across my back, and was so nervous and run-down I was in misery all the time. "Tanlac was helping so many others here in Los Angeles that I thought it might help me, too, and it certainly has. Why, my appetite is just splendid since taking the treatment, and my stomach is in such good order I eat to my heart's content. My back doesn't bother me any more, and I sleep like a child at night. I can't say too much for Tanlac. "Tanlac is for sale by all good druggists—take no substitute. Over 37 million bottles sold. Prof. Fred Jensen, of Sutherland Academy, made a flying trip to this city this afternoon. Rev. Hilton Home— Rev. C. H. Hilton, pastor of the local Christian church, returned home from Portland yesterday after attending state board meeting.

DRUNKENNESS AND CRIME LAID TO HIGH WAGES

VIENNA, April 12.—With the high wages now being paid in Austria has come a big increase in drunkenness. This increase is not confined to Vienna, but is generally found in other towns, as well as in the country districts. Formerly cases of drunkenness were very rare in Vienna, but now they are of daily occurrence. There has also been a corresponding increase in the number of crimes committed under the influence of drink.

RUSSIANS OF BERLIN OPEN SCIENTIFIC SCHOOL. BERLIN, April 12.—Russian educators who were compelled to flee before Bolshevism and have established themselves in Germany, have opened a Russian scientific institute in Berlin which will offer courses in philosophy, law and political economy. This institute which is under the direction of Professor Jan Jansky, is open to foreigners as well as Russians, and has the approval of the German government. In fact German experts on the trade of Eastern Europe and the Far East will lecture in the institute. It is designed primarily to meet the desire of Russian students living in Germany to keep in touch with Russian culture and Russian business. There are 500 Russian students in the high schools of Berlin at present who are endeavoring to carry on their education here. In addition it is estimated there are 500 more young Russians in this city whose high school courses in Russia were interrupted by the war and who are anxious to continue their education. See our windows before you put your old shades on after the spring cleaning. Hudson Electric Store.
