## AVIATORS COMPLETE NON-STOP AIR TRIP

(By United Press.)  
SAN DIEGO, May 2.—A noisy demonstration greeted Lieutenants John A. MacReady and Oakley Kelly who landed at the North Island air station at 12:27 p. m. today after a nonstop transcontinental flight, establishing a new record for longest flight. The route was approximately 2462 miles by airline but they actually traveled 2750 miles. The elapsed time was 26 hours, 49 minutes, 49 and 2/5 seconds.

## THRILLING CHASE AND RUNNING FIGHT

(United Press.)  
SEATTLE, May 3.—A thrilling automobile chase and revolver battle was staged in the downtown streets early today. A garage reported to the police at three a. m. that a large automobile had been stolen. Fifteen minutes later two patrolmen saw the car driven at a terrific speed through the business section. They gave chase in a police car while one drove the other opened fire. The two cars raced for several miles while exchanging shots. At Alki Beach the robbers ran into sand and wrecked the car. They then deserted it. A police cordon was thrown out to intercept the four escaped bandits. One suspect was later arrested.

## OREGON ELECTRIC TO PAY INTEREST

PORTLAND, Ore., May 2.—The Oregon Electric Railway company has decided to meet the payment of interest on \$2,000,000 outstanding bonds it has learned from reliable sources. This decision on the semi-annual bill is of more than passing interest to Portland and the upper Willamette valley as it is widely known that for the last several years the road has not been a paying proposition.

It is a subsidiary of the Spokane, Portland and Seattle Railway, owned jointly by the Great Northern and Northern Pacific, but just how long these Hill lines will be willing to meet the clock-like deficit is the cause of wide speculation. The authorities for the announcement that the payment of interest, due May 1, would be met within the usual 30 days of grace did not indicate whether this policy would be followed permanently but simply said that the interest would be paid.

The loss to the company is said to have amounted to \$100,000 annually for the last several years in interest payments alone. Then there is another annual loss of about \$5,000,000 besides the operating loss which of late years has been around \$145,000. This total of \$745,000 is a heavy drag on the Hill lines and just how long they will continue to bear it remains to be seen.

## MUCH INTEREST IN BUICK LECTURE

A large and interested audience last night attended the Buick demonstration held at the Armory. A very fine, educational lecture with motion pictures, was given, showing the methods of manufacturing and assembling a Buick car together with some of the performance records. The demonstration was arranged by O. C. Baker, the local agent, and is conducted by W. R. Fenton and E. Dullae representatives of the Buick company. They have two cutaway models, one showing the entire car. The chassis is mounted so that it may be turned in any direction so that all points may be shown. Another model shows the workings of the motor. The sides are cut away so that a person may see the motor in actual operation as it is moved by an electric motor.

The demonstration is of much benefit to all car owners regardless of the kind of a car they possess as the explanation of the mechanical operation will enable the owner to understand his machine more thoroughly. The lecture will be repeated again this evening. In addition to the models used in the demonstration, the local agency is showing several different styles of cars and service trucks.

## Inexpensive Method of Reducing Dangerous Swollen Veins at Home

Doctor's Recent Discovery Also Heals  
Ulcers, Eczema, Carbuncles,  
Abscesses and Open Sores  
in a Few Days

The world progresses. Today ailments that took weeks to cure can now be ended in a few days. If you have varicose veins or bunches you can start this today to bring them back to normal size, and if you are wise you will do so.

Just get an original bottle of Moore's Emerald Oil at any dispensing pharmacist and apply it night and morning to the enlarged veins. It is very powerful and penetrating, and only a little is required.

After a few days' treatment the veins will begin to grow smaller and by regular use will soon reduce to normal.

Moore's Emerald Oil besides being one of the most powerful of antiseptics, capable of destroying the most pernicious germs and the poisons caused by them, is also a marvelous healing agent.

One application, for instance, stops the itching of eczema, and a few applications causes the eruptions to dry up, scale off, and completely disappear. It is equally as effective in barber's itch, salt rheum, redness and inflammatory skin trouble.

People who want to reduce varicose veins, warts or boils, or get rid of eczema, ulcers, boils, abscesses or piles in a few days should not hesitate to get a bottle at once. It is so powerful that a small bottle lasts a long time. Nathan Fullerton, The Retail Store, Roseburg, Ore.

## PLAN NEW FLORIDA AUTO CAMP PARKS

(By Associated Press.)  
TAMPA, Fla., May 3.—Camp grounds for the convenience of motor tourists visiting Florida will be located on all main roads leading from the North to the South within a very few years if plans of the Motor Tourists Association are carried out.

C. J. Brown, who has been in charge of the tourist camp at De Soto Park, is president of the association, which, he states, will be incorporated under the laws of the state of Illinois.

The association is composed of tourists who come in Florida each year in automobiles and camp outdoors during the winter months. It is planned to locate the proposed camps about one day's journey apart. Florida camps will be at Jacksonville, Gainesville, Safety Harbor, Sarasota and other points.

## MAID SPURNS SIP; PUNCHES TEMPTER

ATLANTA, Ga., May 3.—The rather common impression that everyone is going about with mouths watering and lips set for a little of the stuff that put Volstead's name on high as one grand and glorious name.

That is the conclusion J. L. Leske has reached and a black eye resulting from an infuriated left from Miss Dixie Williams prompted him to this decision. It happened because he suggested a wee nip from a half-pint Park.

To hold the judge that he was calling on the young woman in the parlors of a downtown hotel when he suggested a drink. The swift left to the eye was her reply. Miss Williams then declared her responded with one in kind.

Judge George E. Johnson charged them \$16 each and costs for taking a nip in a public place without a license.

## SLEUTHS RUSH IN WHERE OTHERS FEAR TO TREAD

(International News Service.)  
MARTINS FERRY, Ohio, May 3.—"Don't you dare come in here, I'm taking a bath!" "Twas a woman's

## I. W. W. WORKER IS KILLED BY GUARD

(By Associated Press.)  
ABERDEEN, Wn., May 3.—William McKay aged 40 years, an I. W. W. logger out on strike was shot and fatally wounded today by E. I. Green, 67 years, a watchman at the Bay City Lumber company mill at south Aberdeen. McKay died an hour after the shooting. Green said that 15 or 20 I. W. W. pickets attempted to rush the mill gates and that Green was knocked down and was being beaten when he fired. The I. W. W. declare the shooting occurred outside of the mill properly and was not provoked. The affair has created tension and reprisals are feared.

voice, prompted by efforts of police decoy sleuths to enter the bathroom while ransacking a local home. But the officers refused to halt. Breaking in the door, they saw a woman pouring liquor into a bathtub. The sleuths placed the stopper in the tub in time to obtain sufficient booze for use as evidence.

## FORMER PATRIARCH LOSES HIS TITLE

(By Associated Press.)  
MOSCOW, May 3.—The All-Russian church concave today adopted a resolution untroubling the Most Reverend Dr. Tikhon, former patriarch of all Russia. Tikhon was not present at the church trial, being in prison awaiting trial on civil charges of opposing the Soviet regime. The speakers at the concave praised the Soviet government and asserted that there was no persecution of religious thought in Russia.

## Made Right : Sold Right : Bakes Right

**FLAVO HARD WHEAT FLOUR** is milled on the famous Marvel Milling system, and is truly a community flour. With this process the nut-like flavor of the wheat is retained in the flour and goes to the loaf, giving you the most tasty and healthful white bread that can be made. Flavo is sold with the understanding that if you are, for any reason, not satisfied, your money will be refunded. Give your home Flour a chance and you will use no other.

## When You Want Good Butter

tell your dealer to send up the old home town product, made by the Douglas County Creamery. It's called "Jersey Brand." Made of specially selected cream brought in by careful dairymen, and handled scientifically in a modern creamery. Particular people want that kind, and that is what we manufacture.
