(By United Press.)
LONG BEACH, Calif., May 4.—Unwittingly joining the American Tree Association by the planting of a tree, Miss Esther Barth, stenographer, received a letter from Charles Lathrop Pack, president of the association, commending her for her interest in tree planting.

Pack informed Miss Barth he saw a picture of the tree planting set in a local newspaper. This, according to the letter, is the only recommendation needed to become a member.

"We are calling upon the people to celebrate the centennial of Arbor Day in 1972, fifty years before it happens by planting trees now, and I hope that you can get more to join the tree planting army," part of the letter read.
