## BENEFIT PROGRAM AT R. H. S. TONIGHT

Band and Student Body to Give Motion Picture and Concert to Raise Funds for Bandstand and Lawn Fund.  
More than two hours of solid entertainment will be provided at the high school tonight by the Douglas County Concert Band and the high school student body which are working together in a joint benefit program. The entertainment will be in the form of an interesting motion picture show "All Baba and the Forty Thieves," an adaptation of the tale from Arabian Nights, and a band concert. This program should be sufficient attraction to pack the high school auditorium to the limit and it is very probable that there will be an excellent crowd present.

The proceeds of the evening will be divided between the band and student body and will be used for community betterment. The band's share will be used for the construction of a bandstand from which the regular weekly concerts will be given during the summer months. This bandstand will be of permanent construction and will be of an artistic type as well as being designed to give the proper acoustic results. It will greatly add to the concert as it will throw out the sound better and will enable the listeners to appreciate more fully the excellency of the selections presented by the band.

The student body will use its portion of the proceeds for the paying off of a portion of the indebtedness incurred in the improvement of the high school lawn. Nearly \$700 was spent in beautifying the high school yard, and approximately \$500 remains yet to be paid. The P. T. A. and the student body are working together to pay off the existing debt and one-half of tonight's proceeds will be used for that purpose.

Think of It! Two hours of wonderful entertainment. Prices 10-15 and 25c. High School, May 17, 8 p. m.

## MANY WILL ATTEND ELKS DANCING PARTY

A large crowd is expected to attend the Elks' dancing party tonight, and the usual pleasant evening of dancing and cards has been arranged. The card committee has announced that the games will be started in the ladies rooms at 8:30 and that prizes will be given. The Umpqua Five orchestra, six pieces, will play for the dancing which will start at 9 o'clock.

## BERLIN SEEKS METHOD TO TAX USE OF FOREIGN WORDS

BERLIN, May 16.—(A. P.)—Castling about for things to tax—so that Berlin's depleted exchequer may be replenished—the Argus eyes of the municipal receiver have fallen upon a host of shop signs which have sprung up along the streets since pre-war days. It is not the signs themselves he wants to assess, nor their newness, but the foreign words used in them.  
Thus he thinks if any Berlin hostility prefers to be known as a "hotel" instead of priding itself on being just a plain German "Gastwirt." It should pay for the privilege of offending good German eyes by its advertisement in this way in a foreign language. The same view prevails as to firms whose doors are crowned with "edifice," "mores," "restaurant," or the like. Even an enterprising chap from overseas who hangs out the shingle "American Dentist" would be hit. Particularly aggravating to dyed-in-the-wool Germans has been the tendency to label a "Fünf-Uhr Tee" as a "Five o'clock Tea," especially since such a matinee luxury is patronized largely by foreigners anyway.  
There is scarcely a man in Berlin which does not list "hans and wags" boldly without any attempt to give its German equivalent, but it is not yet known whether the watchdog of the city treasury would also try to extend his proposed tax to means—or even to the word "meun" itself.  
The tax has not yet reached more than the talk and investigating stage. Its adoption is considered likely, however, for sentiment in favor of such a step has increased greatly since a similar measure was adopted at Milan, Italy.

## CHINESE GOLD PIONEER DIES

(The Associated Press.)  
SONORA, Calif., May 17.—An 82-year-old man, a character of the mountain country, was found dead in his cabin here recently. He was one of the few survivors of the gold rush days, according to the Mother Lode with thousands of other Chinese who followed the white prospectors after the discovery of gold. These Chinese established separate towns and opened small shops, restaurants and gambling dens.

## GRANTS PASS BOXER DIES FROM INJURIES

Elmer Richardson, better known as "Batting Ritchie," a well known young lightweight boxer, died at his home at Grants Pass yesterday from injuries received in a boxing match last Friday night when he met Johnny Carlson at Gold Hill. Richardson received a body blow which ruptured an intestine and acute inflammation followed causing death. He is well known in Roseburg having boxed at Sutherlin on several occasions and having trained in Roseburg where he has many friends who regret his death. He was a clever boxer with much speed and a good punch and was rapidly developing into a first class fighter. He leaves a wife and child.

## SHELBY IS EAGER FOR BIG BATTLE

(Continued from page one.)  
may be purchased.  
Liquors—whiskey, gin and beer—are as cheap in Shelby as they are in Cuba. Shelby is about 20 miles from the Canadian line and along the highway which scores of bootleggers follow in bringing automobile loads of booze from Canada.  
Liquor Flows Freely  
Fairly good whiskey—generally bourbon—may be purchased in the oil town at from \$5 to \$7.50 per quart. Good brands of Scotch whiskey are sold for from \$5 to \$10 per quart, while gin may be purchased at from \$2 to \$7 per quart. Drinks of good whiskey from bottled-in-bond goods are sold at 25 cents each. Canadian beer, made in Lehighville is sold for 25 cents a drink and 50 cents a bottle. In some of the "cheap" cater beer may be had at 10 cents a glass. All liquors, including champagne, may be purchased at more reasonable prices in case lots.  
At the hotel brands of bourbon and Scotch whiskey, as well as gin, once famous in this country, may be purchased at 50 cents a drink, or at from \$5 to \$10 a quart.  
Moonshine manufactured from corn, wheat and rye, in the hills surrounding the town, is sold for 15 and 25 cents a drink. By the gallon the "moon" is sold at from \$2 up. Many Non-Southwesterns reside in the country near Shelby, and it is said that the quality of the moonshine whiskey is excellent.  
After dark gambling holds sway in Shelby. The stakes run high, and from \$5,000 to \$10,000 are lost on the single turn of a card. The other night one old well owner was reported to have lost \$75,000 during an evening's entertainment. Often oil stocks and leases in oil lands change ownership around a card table. There are scores of gambling places—found in barber shops, hotels, rear rooms of business houses, in tents and in rudely constructed shacks used for no other purpose.

At a game of gambling  
Poker is the most popular game. Both "stud" and "draw" poker are played. There are also other gambling games to be found in more secluded spots where gamblers, rollers and dice are favored.  
Daily races are made for gambling. Hooray sales and manufacture of Hi-Bi papers, but the violations on the last week a wagon was employed of selling drinks and sentenced to serve 30 days in the county jail.  
Gambling hot-spots— and sometimes women—lawboys, Indians gamblers, ranchers and stockmen fill Shelby's one long street, but the concentration of most of the town's residents is found in the oil game. Tank oil, oil stocks and oil wells fill the air, and show that some wild tricks and shots at "Watch Shelby Grow" and "Shelby gets the big Dampier light."

## CORVALLIS, MAY 17.—Three army

air planes from Vancouver, Wash., will carry news of the military tournament at O. A. C. May 26 over the Willamette valley, sowing handbills in every town Friday and Saturday, May 25 and 26. Requests for 12 large battle planes to take part in the night sham battle on the outskirts of Corvallis have been sent to the headquarters of the 9th Corps area in San Francisco. It is expected that the planes will leave Crissie field, San Francisco, in time to arrive near Corvallis, so night landing will be possible.  
Outgrowing the armory, the military tournament will be put on from 7 to 10 o'clock in Bell field, with flood lighting from the tops of the great grandstand on the west and the bleachers on the east. The huge smooth football gridiron will furnish an excellent footing for the horses in the mounted events, and the seating accommodations will take care of the thousands of visitors pouring in from over Oregon and southern Washington.  
A polo game between the Portland Hunt club of Portland and the O. A. C. cavalry unit will open the program at 2 o'clock Saturday, May 26. The military circus on Bell field at 7 o'clock will include all the events that have made the tournament successful in former years and several new stunts. The program includes a military review and ceremony, wall scaling competition, cavalry exhibition drill, rough riding, rescue races, rodeo stunts, and Tom Mix competition; infantry machine gun competition between the college unit and the national guard champions, rescue race, artillery exhibition drill, tug of war contests and bridge building contests. The night sham battle is to be the biggest affair ever staged in the northwest. All combatant branches of the army will take part, and the pyrotechnics will light the heavens like day for the spectacular charges and counter attacks.

## SALMON FLEET ALASKA BOUND

(City Associated Press.)  
SAN FRANCISCO, Calif., May 17.—The salmon fishing fleet has cleared the Golden Gate and the sturdy little ships are now en route to Bristol Bay, Alaska, where the season opens July 1. Red salmon fishing in Bristol Bay lasts only thirty days, and the ships of the various canning companies will be concentrated in the bay until August 1.  
Last year the fleet of 500 vessels in the Alaska waters brought a pack to the canneries valued at nearly 40,000,000. More than \$70,000,000 is invested in the Alaska salmon industry, and 27,500 persons are normally employed in the work of fishing and canning.  
A total of 7,248,182 cases of salmon were caught last year, distributed as follows: Alaska, 4,501,428; British Columbia, 1,269,326; Siberia, 718,184; Columbia River, 502,174; Puget Sound, 348,725; and outside streams, 53,544.  
Since 1878 the canned salmon pack in Alaska has reached \$6,271,475 cases. The next largest catch is 29,832,971 cases from British Columbia since 1878, and 22,784,546 from the Puget Sound since 1877. The Columbia River has yielded 22,541,101 cases since 1866.

Officers were today notified that Wm. "Blacker" Brown, held under \$100 bonds on a charge of lewd cohabitation, had skipped bail and disappeared from town.
