

# Save from \$52 to \$78 a year

You will be amazed to see how the use of "Bull" Durham will cut down the cost of your smoking.

How is it possible to give you quality at the low cost of 10 cents for 50 cigarettes?

ANSWER: The government tax alone on 50 machine-made cigarettes is 15 cents—5 CENTS MORE THAN THE COST OF 50 "BULL" DURHAM CIGARETTES TO YOU!

The average smoker saves \$1 to \$1.50 a week by "rolling his own" from "Bull"—or from \$52 to \$78 a year. This makes quite a Christmas fund—or pays for a fine trip.

### Captain Also Had Grievance.

One of the petty grievances of private soldiers and non-commissioned officers at Camp Taylor during the late war was the ban on rolled leggings. But they were frequently smuggled in and worn on trips home. On such an occasion a private from Camp Taylor had reached Vincennes, Ind., in the full glory of borrowed and illegitimate leggings. However, his pride of possession was short-lived, for he soon saw a captain whom he had known slightly in civilian life. The captain, after looking at him intently for a while, strode up to him and our private had uncomfortable visions of a panorama from the guardhouse to the firing squad. "Do they allow you to wear rolled leggings at Camp Taylor?" the captain demanded with a flashing eye. "No, sir," the private stammered. "Humph," said the officer indignantly, "they don't at Camp Grant, either, and I think it's a good awful shame!"

### Panel's Interesting History.

A gruesome story attaches to a Flemish glass panel of the fourteenth century, which was on exhibition in London, with other stained glass work centuries old. On the panel is represented the suicide of Judas Iscariot, with vividly circumstantial and morbid details. In old books of the period reference is made to a glass painter, known as Charles of Ypres, who is known to have executed a great part of the most remarkable work of the time, having hanged himself to a tree. This and other evidence makes it probable that the panel was the actual work of this very man. Another panel represents what is probably the only contemporary portrait on stained glass of Richard III. It recently came to light after being stored away in an Essex mansion for 113 years.

### WOMEN'S CLUB WILL DISTRIBUTE ROSES

The Roseburg Woman's club will meet all the trains on Monday morning and five or six hundred delegates enroute to Medford for the convention of the State Federation of Women's clubs, will be given clusters of Roseburg roses. The convention starts in Medford Monday evening at eight o'clock, and the majority of the delegates will pass through here Monday morning by train. The Roseburg ladies who will attend will join the trains here, or will leave by automobile Monday morning. Anyone with roses to donate which can be used, is asked to phone Mrs. D. E. Morgan, and she will call for the roses.

### SUTHERLIN GLAD TO GET EVENING PAPER

The Sutherlin Sun makes the following comment on the ability of the Roseburg News-Review to serve the subscribers in the north end of the county on the same evening that the paper is published:

Hurray! The Roseburg News-Review now arrives here every evening at 4:31—right off the press. The recent change in the schedule of trains made it possible for the publishers to get the News-Review to their subscribers in the northern part of Douglas county the same day it was published, and they were not slow in taking advantage of the opportunity. Heretofore the News-Review has arrived in Sutherlin at 8:20 in the morning the day following its publication, the one exception being when Bert Bates brought in the Sutherlin edition by airplane about three years ago. Here's hoping that train 12 will continue right on her present schedule, thus permitting the News-Review publishers to serve their subscribers in this burg within an hour after the paper is published instead of sixteen hours as formerly.

### Oats for men in a hurry.

There is now a Quick Quaker Oats—the quickest cooking oats in the world. It cooks to perfection in 3 to 5 minutes.

Just like regular Quaker Oats in quality and flavor. Flaked from queen grains only—just the rich, plump, flavory oats. So both styles have that luscious taste which has won the world to Quaker.

But in Quick Quaker the oats are cut before flaking. They are rolled very thin and partly cooked. So the flakes are smaller and thinner—that is all. And the small thin flakes cook quickly.

Your grocer has both styles—tell him which you want. The Quick style is marked "Quick" on the label.
