ESTIMATES WORLD POPULATION

IN, May 21.—(A. P.)— over the face of the earth a population of 1,804,187, seven per cent of which is more than 100,000 in- cluding, according to statistics here and based largely on census reports. Only 36 of the cities listed have cities of 10,000 class, which is the lowest within the classi- fication of "large cities" of approximately 40,000,000 of the inhabitants live in the 15 having a million residents each. About 90,000,000 of the smaller large cities, of which there are only 393 in the world. The average large city has a population of 220,000. From these figures, it is very forty-fifth human rec- ities housing millions, per fourteen finds his a large city of some sort. York is given as the largest city in the world, with a population of 6,480,000, London is second with 4,500,000, and Berlin third with 3,500,000.

leads the continents in population. It has six cities of a million class, London, Ber- lin, Glasgow, Vienna and Mos- cow. London has more than 6,000,000 with more than 100,000 inhabitants. Of the European countries, England has 53 large cities, Italy 16, France 15.

considered surprising that more large cities than America. Six of the Asiatic cities are Shanghai, Hank- ow, Bombay, Tokio, and Peking. India is credited with 20 large cities; China has 20, so available records show, and number 19, including three foreign possessions.

America follows Asia with cities. Four of these, New York, Philadelphia and Chicago, are placed in the million class. Of the nations on that continent, the United States leads with 12 of which more than a half-million in- habitants.

four large cities are lo- cated in South America, Brazil hav- ing Buenos Aires and Rio de Janeiro as the only million-resi- dents. The United States counts eight large cities, of which runs up into a million.

DEWIS "REACH BALM"

FRANCISCO, Cal., May 21. — that Mrs. Elsie L. Ly- merly Lodi telephone opera- tor several hundred times a day to connect with numbers is not suf-

ficient proof that she developed permanent heart trouble, according to a recent decision of the Industrial Accident Commission, which ruled against her claim for compensation. Mrs. Lykins has petitioned for a rehearing which, it is said, will be granted in the near future.

Mrs. Lykins' application for compensation, filed through the Industrial Accident Commission, is said to be the first on record in the United States wherein a telephone operator claimed she suffered heart trouble brought on by reaching with her hand to "plug in" calls. While working for the Pacific Telephone and Telegraph company at Lodi, according to her testimony before the commission, she worked on "position No. 12." This position, she testified, had a lunger reach than those of the other girls.

"I sometimes averaged as many as 250 calls an hour at number twelve," she testified. "My arms got tired and I know that my heart was affected by the reaching."

The attorneys for the telephone company stated that they were not opposing Mrs. Lykins' claim with any idea of depriving her of any compensation to which she might be entitled, but because of the effect a decision might have on the company's working force of 13,000 girls and in cases of the future.

WILD PARTY ENDS IN FATAL AUTO CRASH

SPOKANE, May 21.—Two are dead and three injured seriously as a result of an automobile crashing into a telephone pole after a wild party. Mrs. Luella Carter and Fred Hanks were killed and Mrs. Margaret Jackson suffered a fractured skull. Two other members of the party were slightly injured. The accident occurred shortly after the party was ordered from a cottage at Newman Lake.

COMING WEDDING OF JAP ROYALTY

(Continued from page one.)

expenditure of ¥1,000,000 (\$500,000). When this arrangement was explained to the Prince Regent, His Highness said that he felt that such extensive plans were not in keeping with the times, and he requested that a sum equivalent to that spent upon the marriage of His Imperial Father, ¥200,000, be spent on the wedding. It is stated now that ¥500,000, will be absolutely necessary if the wedding is to be carried out properly. In addition to the money that will be spent on the wedding itself, ¥300,000 has been appropriated for repairs on the Kasumigaseki Palace, where the Imperial couple will live, and a large sum has been appropriated for the building of an Imperial coach and for putting in the best shape the Imperial motor cars which will be a part of the Prince Regent's official establishment. These sums of money, together with an Imperial donation of ¥1,000,000 for social welfare work in Japan, a gift which is to be a part of the celebration of the Imperial wedding, will swell the total expenditures incident to the marriage of the Imperial couple to close by the ¥2,000,000 mark, approximately \$1,000,000.

To Invite Foreign Notables

All heads of missions in Tokio, ambassadors and their families, and military and naval attaches and high ranking consular officials will be invited to the Imperial wedding entertainments at the Imperial Palace. Mrs. Charles Burnett, wife of the American Military Attaché, and a friend of the late Empress Dowager of Japan, has been commanded to write a poem in honor of the occasion. This will probably be one of Mrs. Burnett's last contributions to the poetry of Japan, as she and her husband are expecting to return to America after the wedding. Among her work in the past have been poems commemorative of the Prince Regent's trip to Europe, of his accession to the Regency, and the visit to Japan of Secretary of the Navy Denby.

Tokio and all of Japan will be on feet during the week of the wedding this being the first big Imperial event since the coronation ten years ago.

Prominent Contractor Now Gives Out Facts

John Thorn Suffered 10 Years With Stomach Trouble, But Feels "Fit as a Fiddle," He Declares, Since Tanlac Entirely Restored Health.

"It certainly was a lucky day for me when I got Tanlac, for its got me to feeling better and stronger than I have in over ten years," said John Thorn, well-known contractor, residing at 675 Howard St., San Francisco, Cal.

"For ten years or more my stomach was in such a fix that no matter what I ate or how little, it hurt me for

hours. I got so run down I felt tired and worn out all the time, even in the morning, for I was so nervous I never slept well. Nights when I came in I just dropped into the first chair I came to.

"But I've taken six bottles of Tanlac now and am feeling fit as a fiddle. I never have a touch of indigestion any more, I sleep like a log every night, and that tired, run down feeling is entirely gone and I am full of energy all the time. What Tanlac has done for me makes me glad to recom- mend it."

Tanlac is for sale by all good druggists. Accept no substitute. Over 27 million bottles sold.

ROSEBURG WINNER IN WENDLING GAME

Roseburg won a slow but interesting game of baseball at Wendling yesterday by a ninth inning rally, taking the game by a score of 5 to 3. The Roseburg team made a very poor showing and would have lost except for a tightening in the last frame, which saved them from a loss, to a much inferior team. The Roseburg players were shipshod in their work and made eight errors before the score keeper lost the count. Roseburg made 8 runs on 18 hits and Wendling made 3 runs on 7 hits. Pruitt was pitching for Roseburg and twirled a good game but had no support. Ashley and Buck took the mound for Wendling and although they were hammered all over the lot kept in the lead until the 8th inning when with a score of 8 to 6 in favor of Wendling Roseburg got desperate and played one inning of baseball and nosed out from behind and won the game.

Garber slammed out two three base hits during the game and Grimm one. Buck for Wendling also connected for three bases; Reibel, Allen and Buck took two base hits.

In other league games Springfield beat Harrisburg 8 to 6 and Cottage Grove defeated Sutherlin 11 to 3.

ANNIVERSARY OF CHURCH OBSERVED

The thirty-fourth anniversary of the founding of the Christian church of this city was observed yesterday in an all-day service. Mrs. D. C. Kellems of Eugene, spoke at the morning service. Mrs. Kellems came to Roseburg as a bride, her husband now deceased, being the second pastor of the church. She gave some very interesting reminiscences of the early days of the congregation. In the afternoon a short service was held and in the evening a fine musical program was given in connection with the sermon. A large number of outside visitors were present and took part in the basket dinner served at noon. Several hundred dollars were added to the building fund during the day.

DODGE BROTHERS USED CARS They say that our Used Car salesmen show an unusual amount of enthusiasm in their work. Why shouldn't they? They see the Used Cars when they come in. They see what overhauling is done and they know how much it costs. They KNOW that both the car and the price are right when the car finally comes to them for sale. Why wouldn't they be enthusiastic? Remember a used car is only as good as the firm with which you deal. A Few of This Week's Offerings: Oldsmobile Truck. 1919 model, now being condition- ed. Three-quarter-ton. MISSIONARY WILL SPEAK The Woman's Foreign Missionary Society of the M. E. Church is fortunate in being able to secure Miss Grace Clark, a returned missionary of "Old Umatali, Rhodesia, Africa," to give an address on Wednesday evening, May 23, in the M. E. Church. Miss Clark has been spending the winter at the Bible seminary in New York, and is filling a few dates in Oregon on her way to California to visit her father. A cordial invitation is extended to all to hear her. It is seldom we hear direct from Africa so this will be a treat to those interested in Mis- sions. At 7:30.

BERLIN IS OVERRUN WITH DOGS WITHOUT LICENSES (International News Service.) BERLIN, May 21.—In a determined effort to add to the city revenues the tax authorities, aided by the dog catcher, are hot on the trail of dogs roaming the streets without licenses. The canine population of Berlin at the end of 1922 was 170,745 dogs of all sorts, as against 135,674 the year before. Most of the dogs apparently are of the famous German pointer breed, with dachshunds second.

The Court of Last Appeal YOU are the judge and the jury. Your verdict is final. There can be no appeal—for this is the High Court of Public Opinion. The wares of the world must appear before you—the product of every factory—the merchandise of every store. Those things that fail to measure up to your requirements are quickly condemned to oblivion. The manufacturer who advertises deliberately places his merchandise on trial. He openly courts your critical inspection. He invites comparison. He directs your attention to his goods and then forces those goods to stand on their own merits. If he were not sure of his wares he would not dare to advertise. For advertising would put him to a test he could not meet, and thus hasten the end of his business career. It would be business suicide. You can depend on the man who advertises. He KNOWS his product is good. That's one reason why it pays to read the advertisements you find in this paper. It is through advertising that you are able to keep in touch with the GOOD things that progressive business men are spending their money to introduce and to keep before you.
