Power!!

That's what you want in your car. Most new cars have it—but many older cars have lost their "pep." How 'bout yours? Whether it's old or new you'll get more power—more pleasure—by filling your crank-case with

SUNOCO

THE DISTILLED OIL

We made exhaustive tests to find the best oil—we couldn't afford to sell any other. Sunoco amazed us in these tests. It will please you. That's why we're telling you about it.

Distillation removes the impurities from Sunoco that usually prevent perfect lubrication. And it's made in six types—one is best for your car.

Ask any of these dealers for booklet—"What's Happening Inside Your Motor?"—and have your crank-case filled today with Sunoco.

MARSHALL-WELLS COMPANY

DULUTH MINNEAPOLIS PORTLAND SPOKANE

These dealers sell SUNOCO—talk lubrication with them

TALK OF DARK HORSE IS ENDED

MEDFORD, May 23.—Delegates to the State Federation of Women's clubs in convention today discounted the talk of a dark horse candidate for the presidency. The contest between Mrs. Collins W. Elkins of Prineville and Mrs. Sadie Orr Dunbar for presidency is to be settled at the election tomorrow afternoon. Today's session was held at Ashland.

RIOTS BREAK OUT IN DORTMUND AREA

(By Associated Press.) DUESSELDORF, Germany, May 23.—Rioting occurred today in the Dortmund district and several miners were killed and others wounded in conflicts with the police. Reports to French headquarters said that 20,000 striking miners held a demonstration in Dortmund square. The police endeavored to disperse the gathering by firing into the crowd, killing several persons and wounding many others. The angered crowd attacked the police, wounding many. A similar demonstration occurred at Scharnhorst mine where several workmen were killed and others wounded by the police. Communist agitators caused the strike on demands for higher wages and they are now reported trying to effect a general strike throughout the Dortmund area, affecting 200,000.

RICE WELL SHOWS HEAVY OIL FLOW

Word Received that Oil Gushed Up Through Shaft and Flowed Out Over Surface of Ground Before Being Cut Off. Attorney Dexter Rice today received word from Long Beach, that the Rice oil well at Signal Hill is showing a strong flow of oil and it is expected that it will be brought in within a short time. Almost a score of Roseburg men are interested in this well and the news is very welcome here. Drilling has been halted for some time, while casing were put in place to shut off the water. After allowing the concrete to harden the water was haled out and as soon as the pressure of the water in the shaft was relieved, the oil gushed to the top and flowed out over the ground. As quickly as possible it was shut off and drilling has now been resumed. The drill is now penetrating oil sand and it is expected that within a short time a heavy oil flow will be tapped.

OIL MAN LOOKING OVER PROSPECTS

Wm. F. Stiltz, manager of the Union Central Life insurance company at Portland, arrived in Roseburg today accompanied by Attorney Elbert Hermann, formerly of Roseburg, now of Portland, and will spend several days here investigating the oil prospects and indications of this vicinity. Mr. Stiltz is looking over the land with a view of investment and it is possible that he will later become financially interested in the oil development of the Umpqua Valley. Mr. Stiltz is one of the 100 Portland business men who are the owners of a new well which came in at Huntington Beach on Saturday. Mr. Stiltz says that all preparations for bringing in the well were made prior to the time the heavy flow started, and by Monday morning the well was connected with the pipe line, after having been thoroughly cleaned out and was delivering a large quantity of oil. A wet gas is also being produced and is bringing much profit, Mr. Stiltz says.

This well is in the midst of the Signal Hill oil district. An acre of ground was purchased there, the property having been taken over by Sylvester Rice, formerly of this county, and now a wealthy Los Angeles resident. He allowed a number of his friends here to take shares in the company and approximately \$39,000 was raised here among almost 20 men and the well was drilled. All indications point to the fact that the well will be a great success and the local stockholders will receive excellent returns from the amount invested.

MAXWELL AUTO SALES INCREASING

DETROIT, May 23.—Maxwell and Chalmers, which by their tremendous growth in the past two years have given automotive experts cause to rank the advanced made as forming one of the greatest achievements in motor car history, again hold the local business spotlight with the announcement by Arthur E. Barker, vice-president of the companies, that April was the largest month Maxwell-Chalmers has ever experienced, both in number of sales and in volume. The records of the present organization as well as its predecessors are surpassed in the sales figures for the month.

BOYS' BAND HOLDS ITS FIRST MEETING

The first meeting of the boys' band being organized in this city was held last night. Owing to the conflict of the boy scout meeting a rehearsal was not held, but instead the boys were taken to the Masonic Hall where they met the Knights Templar who are sponsoring the organization.

REFUSE TO CONDEMN MINISTER'S DOCTRINE

INDIANAPOLIS, May 23.—Without a dissenting voice, the bills and overtures committee today rejected the overture from the Philadelphia Presbytery to the Presbyterian general assembly protesting against the doctrine preached by Harry Emerson Fosdick, of New York, the committee recommended substitutes, proposing that the New York Presbytery, which is investigating the Fosdick case, be asked to submit its findings to the assembly next year. The assembly rejected the committee report on an overture endorsing the League of Nations, and submitted one urging membership in the world court as proposed by President Harding.

GIRL HOBOES ARE ALLOWED TO LEAVE

Two Boys Are Allowed to Go to Street-Work in Mill and Girls Are Sent Back to Eugene and Will Go Home. The three boys and two girls picked up here yesterday by police officers, were released from custody

last night and this morning and left at once. The girls went back to Eugene where they have money waiting for them, and two of the boys went to Brookings, where they have been promised work in a saw-mill. John Hall, another member of the party was held until 10 o'clock this morning while officers were endeavoring to investigate his record as it is possible that he is wanted at some other point. O'Halloran, the boy who swam the river and was later arrested near the Masonic cemetery, emphatically denies that he or his friend Wm. Coudeau begged any money. He had \$45 in his possession belonging to him and his friend and says that they have not done any begging here or elsewhere. The boys gave the two girls, Georgia Wortskey and Maxine Faund, \$5 and they promised to return to their homes at Spokane. They had telegraphed for money to be sent them to Marshfield, but through the efforts of Miss Plichford, local juvenile officer, the money was transferred back to the Eugene office and they will receive the amount there.

Memorial Day will soon be here. Let us help solve your problem with fresh flowers. The Fern.
