RACE ENTRY TO BE TRIED SUNDAY

Mechanics are Putting Final Touches on Ford Racer to Be Entered in Medford Gasoline Derby Next Week.

"The Lockwood Special," the Ford racer built up here at the Lockwood garage, will be ready for road tests Saturday and on Sunday will be taken to Medford for speed tests on the Medford track. It was stated today by Harry McKibbin, who is building up the machine, that it will drive in the races. Five distinct oiling systems, each controlled by the mechanic, have been fitted up—and only the water cooling device remains for installation. All of the special parts have been made or received and the assembling work will be finished within a short time. Mechanics are working double shift to complete task and it is believed that there will be few adjustments to make after the work has been completed. Every step is being carefully supervised and care taken to make every part firm and secure. The Medford track is rough and the speeding cars will throw considerable gravel so that unless all parts are shielded and protected a breakage is apt to result. Because of this fact and because of the intense strain on the car every part is being braced with heavy oak reinforcing strips and all are heavily taped. Extreme care is being taken in this regard.

Moore Johnson an experienced mechanic will ride with Mr. McKibbin. Instead of Fred Lockwood, Mr. Johnson is traveling salesman for the Stewart Products and had a great deal of experience as a mechanic in auto races. He has been at Medford for some time and is quite familiar with the track as he has been riding in speed tests there. He is quite well known in Oregon having been a star football player on the University of Oregon team, prior to going into the automobile business.

PEANUT VENDOR IS MISTAKEN FOR RUDY

MEDFORD, June 5.—Local feminine hearts fluttered, flopped, jumped, bounced and palpitated Monday evening by the news that Rodolph Valentino, the noblest Shiek of them all was in town, incognito. An elderly Sheila "swore she saw him on Main Street," and the news spread faster than the report of the signing of the Armistice. This caused some casual patrolling of the leading thoroughfare by maid and matron, in the fond hope of catching a glimpse of His Majesty out for air.

Valentino and bride spent Saturday and Sunday in Portland, where they cavorted scientifically at a dance ball, the zent being temporarily out of pictures owing to a disagreement with his boss, over financial and temperamental matters. Rodolph travels in a special Pullman and no special pullman sidetracked here, according to Espie officials. Hence, the rumor was false, but pleasurable while it lasted.

The identity of the citizen mistook for R. V. is not known for sure, but is believed to have been a prosperous Italian peanut stand proprietor from El Centro, California.

RHEUMATISM Leaves You Forever

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Carried to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer that if a full bottle of Allenbur's, the sure conqueror of rheumatism, does not show the way to stop the agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenbur's has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiable and where the patient was hopeless.

Mr. James H. Allen, the discoverer of Allenbur's, who for many years suffered the tortments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenbur's decisively conquers this worst of all diseases, and he has instructed druggists to guarantee it as shown in every instance. Nathan Folliott, the Retail Store, Roseburg, Oregon.

DOKEY CLUB HOLDS A FINE MEETING

The Roseburg Dokey Club met last night and had one of the most enjoyable evenings since the club was organized. Following the business meeting, refreshments were served, and the members present were all highly elated over the progress of the club. The local club will hold another meeting in two weeks and a smoker with athletic entertainment will be indulged in.

The Imperial Palace Dramatic Knights of Khorasan which meets in Portland August 13 to 17, this year will bring thousands of Dokeys to Oregon from all parts of the United States and Canada. Milwaukee the city of cheer, will send two trains with band and patrol. Two trains from Indianapolis, one from New Orleans, two from New York, one from Boston and from all sections they are coming to Oregon. Fully 20,000 reservations have been spoken for in Portland. This means that Roseburg will have as guests hundreds of Dokkies this summer.

Funat Burkan Temple of Medford of which Roseburg Dokkies are members, will come through in one caravan, of over 200, and expect to stay over night in Roseburg on August 11. The Coos County Dokkies are also coming in a caravan, of about 200, while there are over 1000 cars coming from California through here about that date. A big Saturday night Dokkie carnival with one or two visiting bands will be here, and Roseburg Dokkies are getting ready to entertain the visitors in real Roseburg style. The big hit that was made with the Shriners by presenting Roseburg roses, will be made more effective by passing out some of our delicious fruit. The big illustrated \$60 page program will carry two pages about Roseburg, and the Umpqua Valley, and it is up to all of the people of this city and vicinity to help entertain these visitors from all parts of the country in August of this year. The Dokeys will furnish music and entertainment—and we must show our hospitality.

VACATION SCHOOL AT BAPTIST CHURCH

The Daily Vacation Bible School that proved to be so popular last summer will be held again this year at the Baptist church. It will begin June 11th and run through July 6th. The session will be held on every week day from 9:00 a. m. to 11:30 a. m. The program of the vacation school includes the singing of patriotic songs and religious hymns, salutes to the National flag and to the Christian flag, Bible stories, dramatization of Bible stories, calisthenics, and hand work. The handwork is adapted to the age and talent of the child. For the girls there is sewing, flower making and paper cutting. For the boys there is knife work, scroll sawing, putty molding and other work according to the age of the child.

This school is an effort of the church to cooperate with the parents in directing the energies of the children during the vacation period. The work is not made hard on the children, but is done in a well ventilated building, and of a nature that they enjoy it as well as being helped by it. The enrollment last year was 180. It is probable that the enrollment will have to be reduced this year. All children of any church or of no church above six years old will be received until as many as can be handled have enrolled. The first to register will be insured of a place. There will be no registration fee. The expense is expected to be about one dollar per child. This will be met by free offerings.

Several of the most competent directors of children to be had in Roseburg will be in charge. Several teachers in local public schools will be in charge. Miss Lewis of the high school faculty will be the superintendent. Registration will begin Monday morning June 11th at 8:00 o'clock.

STATE PAYROLL GOES UP

SALEM, Or., June 5.—Records in the offices of the secretary of state for May show that 24 employees of the state industrial accident commission have received salary increases during the last four months ranging from \$5 to \$29 a month. The records also show that the payroll at the penitentiary has increased, due to the employment of additional guards to herd convicts employed outside the institution.

Members of the accident commission explained that the increases in salary have been necessary to keep efficient help. In most instances the employees receiving salary increases are paid less than \$100 per month.
