**IRELAND TO CENSOR MOVIES**  
DUELIN, June 14.—(A. P.)—The Irish government is establishing a national censorship of cinema pictures. Hitherto managers have been carrying on such censorship as was provided in England, and many films were uncensored, but there was no uniformity and some public complaint of the exhibition of objectional films.  
The new censorship will supersede all others. Every film must be censored by the national censor, and the exhibition of any uncensored film will be punished by heavy penalties.

**DIPPING VAT IS GREAT HELP**  
Community Arrangement in South Dakota Checked What Promised to Be Serious Epidemic.  
A community dipping vat, built in Jerand county, S. D., in September through the efforts of agricultural extension workers in the county, successfully checked in its beginning what promised to be a serious outbreak of scabies, according to reports to the United States Department of Agriculture. Over 1,200 cattle were dipped during the two months following the completion of the community dipping vat.  
**AVOID DANGER OF FREEZING**  
Tomato Baskets Placed Over Young Plants With Handful of Soil on Top is Favored.  
Putting tomato baskets over the young plants when frost threatens is not in itself a new form of protection; many gardeners, however, do not know that if a handful of soil is placed on top of each basket there is less danger of freezing the young plants. The United States Department of Agriculture recommends that this be done.
