DOING ONE'S OWN PART.

There is a strong tendency for people to complain of the general conditions existing in the country, while they are not doing anything themselves to improve those conditions. There is an old saying that if everyone will sweep in front of his own door, the whole world will be clean. If every person would put faithful and earnest service into his own job, a tremendous gain would be made.

It makes a fine impression if a city has new and handsome business blocks of some enduring material. The more such structures a place has, the more it looks to be built on a substantial foundation.

The great men of the past used to make footprints on the sands of time, but the politicians of the present day have to make handprints on their checkbooks.

Dear Folks: The grocers shelves are piled with cans of peas, and beans, and soup and brans. They stretch along in endless rows, that bring no fragrance to my nose of gardens green, or morning dew, and well I know that I must chew on greens, and fruits, and beets and corn that long ago to earth was born.

Just because time is money its no reason that a mfn who gets 20 years is a millionaire.

As predicted in this great colyum of uplift, the planks at the ch'qua were "as per usual."

Some of those slow moving pictures should be made of movie stars marrying so we could see how they do it so fast.

Good times are those not used as a topic of conversation.

The richest man in the world is the one who is satisfied with what he has.

"A fine stenog you are! Call yourself a typist and don't know how to put a ribbon in a typewriter."

"Johnny, get away from the machinist's bench; you'll get bad habits from their naughty vices."

Time is slipping, said the sand clock as the granules steadily fell.

A bee has the advantage over a man. "They take away all a bee makes in a year, but they don't make him file an income tax return before they take it."

The difference between a saint and a sinner is that one happened at a certain important place to turn to the right, while the other didn't.

"Parents are to blame for every case of bowlegs in the country," concludes a learned discussion in a local store. And we've decided that the conclusion is based upon the solid rock of fact. If there were no parents, it is an immortal cinch there would be no children with bowlegs.

HERE'S AN OLD GAG— Castor oil.

The boys' band is still rehearsing and some blame the youngsters for the heavy rains of the past week.

Another Pest— My favorite pest is Eph O'Pratt. He always says "You're getting fat."

A face that cannot smile is seldom worth while.

The fellow who tries to lie out of a mistake has discovered a form of perpetual motion.

It is easy to cow the man that looks sheepish if you threaten to lam him.

Some men work, although they do watch the clock, and others, again, just watch the clock.

CAMP BANK

Upon arrival at camp each scout will make a deposit of all his money in the camp bank.

BE PREPARED

1. Have your teeth fixed before leaving for camp.

2. Have your hair cut reasonably short. Short hair catches less dirt, and is easier to wash and dries quickly after swimming.

3. Bring night shirts or pajamas to sleep in and USE them. It is unhealthy to sleep in underwear.

4. Be sure your stockings are holeless and undarned, otherwise much blistering and discomfort will result.

5. If you are buying new shoes, see that they are good and long and have good heavy soles. Be sure and break them in before coming to camp. Inflamed and blistered feet will result if you do not.

6. Too much brush and paste must be used at least once each day. A Scout is Clean.

You will find that a duffel bag will be very handy to keep all your belongings in while in camp and also keep everything together while en route to and from camp.

They cost 50 cents. A scout axe will be very handy during the winter months.

WANT TO GO?

Take a hint scouts. If you want to go to camp this year and you haven't as yet been able to convince your parents that you want to go, just stop in and give Mr. Lindott the particulars and we will try our best to help you.

No amount of pleading will be allowed to get you out of camp. This rule is supported by the Camp Directors during the week of the camp.

The Well-Managed Home. THE manager of a household is the purchasing agent for a large proportion of the family needs. In order to do a good job she must know what, when and where to buy. She must study goods and the concerns which make goods and have them to sell. She must put her home on a business basis and run it on business principles in order to make the most of the family income.
