

Whether You Believe It or Not!

It is true. "See us first, we can save you money." You have seen that so many times in our ads that you don't pay as much attention to it as you should. But we can save you money. Not every time, nor on everything, but on a big enough majority of times and things to be safe in repeating that statement until every farmer in Douglas County has it fixed in his mind. We have no monopoly on common sense and hard work, but in this business they are used exclusively for the customer's benefit. The more of your business you give us, the more money we can save you.
