THE SPIRIT OF FRATERNITY

President Harding, in his address to the Shriners in convention at Washington, spoke some pertinent words in regard to the spirit which should characterize people who enter fraternal and religious societies. There is always a tendency among some persons to seek membership in churches and fraternal societies, as a means of promoting their personal interests.

The alleged movement to recall Governor Pierce looks like a huge joke. In the first place this law is in disrepute by every fair minded voter in the state. It is only used by those who have a personal axe to grind or some pet grievance to allay.

At Wichita, Kansas, a bank cashier got away with a million and a half dollars. He placed the money in oil stock. Like many wild-cat oil schemes the boring operation failed to bring forth the crude stuff.

Dear Folks: At pistol shot the race was on and down the level track, the horses flew with streaming tails. Each rider had the knack of knowing how to urge them on, and Bill, who rode on Sue, had ridden her for many months and knew just what to do to make her stretch her flying legs.

GOOD EVENING FOLKS—Ye ed. was sittin' In an ice cream soddy parlor Last eve when in Breezed an outa town Shiek and he was Wearin' a wrist watch And a nonchalant look And he arched his eyebrows And looked around to see If ever' body was lookin' At him and then he Pulled out a package Of Monogramed cigarettes Pulled up his Bell-bottom trousers To show a pair Of clocked socks And ordered a Lemon coke as though He was buying a Roast duck dinner And we wondered how This same bird'll look When he gets older And is apadin' Garden at the poor farm.

I wish you would tell me thru the columns of Prune Pickins whether they be relations or does they just accumulate their names from the fact that they be bad umbreys with a gun.

The trouble with important historical discoveries, is that they are always reflected in feminine styles. The discovery of Eve's tomb wouldn't make a great deal of difference these days.

K. P. LODGE TO STAGE "MIKADO"

Well-Known Light Opera to Be Staged by Home Talent Actors Next Month

PRODUCER IS NOW HERE

George T. Wilson, Who Is Very Successful With Home Talent Shows, Will Be in Charge of Rehearsals

At the regular meeting of Alpha Lodge number 47, Knights of Pythias, last night, it was decided to produce Gilbert and Sullivan's masterpiece, "The Mikado" during the middle of July, as a benefit for

GEORGE T. WILSON

the furnishing of the new lodge hall which has just been constructed. An effort is being made to secure the dates of July 12 and 13 and the definite dates upon which the light opera will be shown will be announced as soon as the definite arrangements can be made.

Mr. George T. Wilson, a graduate of the Conservatory of Music and Oratory of Western College of Toledo, Iowa, and who has had over 17 years of experience in the production of operas and minstrel shows, was present at the meeting and explained in detail the plan upon which the opera is to be produced, and gave evidence of the financial success of the giving of the opera by home talent elsewhere.

The Gilbert and Sullivan operas are in a class by themselves. The Mikado was first published in 1885. It has, consequently, held the boards for a period of 38 years, and will probably hold it that much longer. It is given oftener in England, America, Australia and other English speaking countries both by amateurs and professionals, than any other opera known. It is the only light opera that has had a rendering by the Metropolitan Grand Opera Company.

The production of the Gilbert and Sullivan opera in a community helps to raise the standard of the musical and literary efforts of that community through the training that the participants receive and the observations of those who see it.

BACK GIVES OUT

You tax the kidneys — overwork them— They can't keep up the continual strain. The back may give out—it may ache and pain; Urinary troubles may set in. Don't wait longer—take Don's Kidney Pills. Roseburg people tell you how they act. Ask your neighbor! Mrs. W. R. Conley, 219 W. Wash-farion St., Roseburg, says: "I have used Don's Kidney Pills for some time and have found them beneficial. My kidneys were weak and I had dull backaches and felt dull and languid. My kidneys acted irregularly, too, so when I read about Don's Kidney Pills I used them. Don's helped me by relieving the backache and other signs of the trouble." Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Don's Kidney Pills—the name that Mrs. Conley had. To know how good a cigarette really can be made you must try a—

until the result approaches that of a professional performance. Added to the artistic rendering of the music and lines, and the direction of the orchestra, he must provide correct and adequate costuming and scenery, and be able to so conduct the business end of the show that a financial as well as artistic success is secured.

That Mr. Wilson possesses these qualifications has been amply proven in the Coos Bay country recently. In 1919 he produced a Minstrel Show for the Marshfield Elks, and in 1915 "The Mikado" for the same organization. The opera at this time had three renderings in the Noble theatre and one at Coquille. In the past three months he has produced the comic opera, "The Merry Dairymaids" for the Three Link Club of North Bend, and for the Bandon Concert Band, of Bandon, and a Minstrel Show for The American Legion of Marshfield.

FREE STATE IS NOW WARRING ON IRISH REDS

Bolsheviks Were Permitted to Go the Limit While Rebellion Raged

FARMERS' LAND SEIZED

County Clare Actually Had Its "Lenin" and Trotsky" Couple Are Now in Prison

DUBLIN, June 20.—There were parts of Ireland where Bolshevism ran riot while the pistol and the incendiary were at work. The Free State Ministry was too busy picking up the De Valera gunmen to pay much attention to the lesser happenings. Lands and stock were seized with the utmost impunity from helpless local farmers who were powerless when faced by armed gangs of ruffians. Men who were comparatively well-to-do one day were without a cent the next. Overnight a gang of armed men would have seized all their property and the unfortunate farmers were lucky to escape with their lives. I know of one case where a farmer's herd of cattle was taken and he had to buy it back again the following morning for four hundred pounds sterling.

The Free State government is rapidly putting down this kind of activity. A whole district of County Clare, which has been in possession of the "Reds" for nearly twelve months is now being handed back to the rightful owner by the Free State army. In this district they actually had a local Lenin and Trotsky, who are now spending their time in the goal at Newbridge. The first action by the military was taken near Nenagh, County Tipperary, where a local gang had seized Lord Dunsally's lands and grazed their stock upon them. The military duly arrived drove the cattle off and sold them. The result of this was that in other parts of the country the land robbers became alarmed and hurriedly removed their cattle.

MOVIES

"Grandma" Again Appears. Dear Anna Townsend, the sweet old lady who helped so much in the success of "Grandma's Boy" makes her appearance again with Harold Lloyd in his seven-reel Pathé-comedy "Safety Last" at the Antlers theatre tonight. Among others are Mickey Daniels, the treckled kid of the "Our Gang" comedies; Noah Young, the hardboiled gob in "A Sailor Made Man"; Westcott B. Clarke, and Bill Stretchers. Known across the country as the "human-fly," of course Mildred Davis is the girl, but then, everyone ought to know that. No one will doubt the fact that Harold Lloyd is a glutton for work. Two reels of the offering show Harold climbing the side of a twelve story building and the thrills brought about by the many obstacles he encounters in his dizzy climb surprise anything that has ever been filmed, or anything that ever will be. So that matter, The picture also has a charming love story. RAILROAD MEN ENDORSE "WESTBOUND LIMITED" Railroad organizations throughout the world have heartily endorsed
