Gained 16 Pounds on 3 Bottles of Tanlac

S. F. Man Declares Famous Medicine Ended Lungs, Stomach Trouble And Restored Perfect Health. Eats Anything Now

As a general thing people who work out in the open and get plenty of exercise enjoy more vigorous health than those who work indoors and who lead a sedentary life. But even those who follow the sportsman's trade which brings exercise and fresh air, do not always escape stomach trouble with its many attendant ills. Take for instance, the experience of John Conroy, a well known carpenter living at 151 Concord St., San Francisco. He will tell you that:

"For over a year before I started on Tanlac my stomach was so out of kilter everything I ate gave me indigestion. I had no appetite at all, had a heavy, depressed feeling in the pit

of my stomach, and would blast up with me until I was in such misery I couldn't even eat at night. I kept losing weight, had to be taking physics all the time for constipation, and was so weak and shaky I didn't feel like work at anything else."

"But, thanks to Tanlac, I have a fine appetite now, eat good and hearty and that indigestion, gas and distressing feeling is wholly gone. I have gained sixteen pounds on three bottles of work doesn't tire me out, and I feel like a new man in every way. I simply think Tanlac has got the world beat."

Tanlac is for sale by all good druggists. Accept no substitute. Over 27 million bottles sold.

Tanlac Vegetable Pills are nature's own remedy for constipation. For sale everywhere.
