ROSEBURG, OREGON. THE DAY-JULY 2, 1923.

THE PROMISE OF 100 YEARS

If some prophet with a vision of the future had told the patriotic forefathers on July 4, 1776, that the United States government they were forming could on July 4, 1923, itself be present before their posterity in a position to consider and territory, they would have laughed at him as a visionary. Truly, nothing like this could have been imagined back then. The last conception of what this country was to grow into. They regarded all the vast mineral and great west as largely waste and desert land unfit for habitation. But the dream of nearly every nationalist if on that date has come true, and the fulfillment is not so much political, but the attempt to utilize the material resources. If only Washington had known the development of this country, it could have done but little improvement over Europe. Who would have had the courage to tell the world what was to become of the streets of our old home town. The cities paying more attention to their own than this nation. They are being utilized now.

PRUNE PICKIN'S

GOOD EVENING FOLKS—
We're here to shew
A Bull don't care
Doubtless
Commodities because
Yesterday we kinda
Smelled at a big business
Who was all dressed up
And he walked over to us
And passing his paw
On our shoulder and
The other just on his pat
He responded us that we
Were thinking with
The only business and
We kinda grinned and
Tried to smile it over
And then offered to buy him
A bottle of pop and
Then he said
"Good night, I can't
Be comfortable—I'm just
Crossed up like this
Because you didn't expect
To see us wild and woolly."

IT IS
If your girl makes you don't get
it.

IT IS
Montana would make a good golf
course just outside all that we'd rather
be near the streets of our old home
town.

IT IS

IT IS
Cowboy Hippies are the latest thing
we've got they are big business.

the leather pants and a mackin'
back pack on the main drag

choice expressions.

IT IS
The root is gradually drying up and
old dog is coming his best. The world
is growing better and better. P. S.
It's raining again.

IT IS
The bigger a fool is
The better he is and
We find that some of
The top-notch writers here
Are capital sports while
Some of the busters who
Think they're stuff
Are unapproachable.

Timothy O'Brien who resides in St.

and use his knee braces in this city

their feet. He's a question mark
in the eyes of the dogs.

A man of miles can't kick while
passing. Neither can they pull while

The committee on fire and water reported that a new fire gong had been obtained and placed in the fire hall. Under the old system the siren sometimes sounded only momentarily and sometimes was not heard. With the new arrangement, however, when the gong is rung it will trip a switch which is connected to a siren which will sound until the truck driver answers the telephone. This arrangement costs only \$31. It was reported, and the council ordered the sum paid.

The bid of L. W. Melaske, in the sum of \$2000, for the paving of the streets in the block occupied by the Newland Garage, was allowed.

Melaske was also given the contract for the paving of the alleys in the block occupied by the Newland Garage.

The usual monthly reports were read and filed.
