SENTENCE IS SUSPENDED
Frank E. Deardoff appeared in circuit court yesterday through attorney and entered a plea of guilty to the charge of non-support. He was indicted November 1922. His attorney informed the court that Deardoff has been contributing to the support of his family since ordered by the court, since May 1, 1923, and in view of this the sentence was suspended for such time as he continues to give support as fixed by the court's order.

SUTHERLIN MAN INJURED IN FALL FROM WAGON
Henry Denly is confined to his home east of town with a badly bruised head and other injuries as a result of a fall from a load of wood which he was bringing out of the forest near his home last Thursday morning, says the Sutherland Sun.

Mr. Denly had been engaged for several days hauling wood from the foothills to the main road near his home. About noon Thursday Mrs. Denly noticed that Mr. Denly had not made his regular trip from the forest with a load. Becoming alarmed she sent two of her young children in the woods to see if any accident had befallen their father. A short time after one of the children returned and reported that the father had fallen from the wagon.

hastened to the woods, where they and was injured.
Mrs. Denley secured the assistance of one or two neighbors and found Mr. Denley lying near his wagon unconscious, with blood oozing from his left ear. He was taken to his home where he later regained consciousness and is apparently making good progress toward recovery. His head and left shoulder are badly bruised and up to last Saturday there was a slight flow of blood from the left ear.

Mr. Denley states that the accident occurred about 10 o'clock in the morning, when the loaded wagon on which he was riding overturned while coming down a hillside in the woods. In falling he struck on his head and left shoulder, and was rendered unconscious, in which condition he remained until after he had been removed to his home.

Dr. B. F. DeVore who is attending Mr. Denley stated Wednesday that there is a possibility of the injury resulting in partial paralysis.

Mrs. Grant Osburn, Mrs. Belle Stephenson, Mrs. Allis Bell and daughter and Cecil Black left this afternoon in Mr. Black's car for Marshfield, where they will spend the week end visiting with P. H. Black.

Mr. and Mrs. G. R. Hargan and family were among the many out of matters here today. They reside at Myrtle Creek.

POTATO GRADING TO BECOME LAW

By proclamation of Governor Pierce compulsory grading and labeling of potatoes will be a law of Oregon on and after September 15, and in connection with cooperative growers' associations which are organizing in the state, this law will no doubt greatly help this industry.

The new law provides for standard grades and labeling, according to the schedules of the United States Department of Agriculture. Inspection will be under the state market agent and will be handled in much the same manner as grain is now handled. The government fixes four standard grades, but it is not expected that any one crop will be sorted into four grades. Nor would such practice be desirable. Following is grade No. 1, which will meet the requirements of most of the potatoes grown in Oregon. Growers should clip and preserve this:

No. 1 shall consist of potatoes of similar varietal characteristics which are not badly misshapen, which are free from freezing injury and soft rot, and from damage caused by dirt or other foreign matter, sunburn second growth, cracks, hollow hearts, cuts, scab, blight, dry rot, disease, insects, or mechanical or other means.

The other three established grades are No. 2 and Fancy No. 1. The fancy grade is one that doubtless can be developed in this state with profit. Idaho puts out a fancy grade, very potato being separately wrapped in paper like oranges, and these bring a high top price for select markets. Oregon can develop the same markets as this fancy stock can be readily grown in many localities.

Standard grading and state inspection of potatoes has long been needed in Oregon as an aid to marketing. Many states have long had these standards and Oregon has been at a disadvantage in the big markets. Dealers want to know just what they are buying, and when they do not know, the price they will pay will make them sore and the grower sorry. With central selling agencies in position to meet the demands of large buyers and with guaranteed grades to the trade, Oregon potatoes should come to the front.

PREPARING BUDGET
The various county offices are preparing their annual budgets which must be submitted to the county clerk by September 16. The county clerk, after receiving from all of the offices their estimated expenditures for the coming year, will prepare a tentative budget, which will be submitted to the newly appointed budget committee on October 1.

THE COMPANY

The history of The California Oregon Power Company shows a substantial growth in facilities and earnings resulting from the large sums of money invested in its properties and from the development of the territory in which it operates.

Steady Growth in Customers Served

The territory now served by The California Oregon Power Company includes parts of Jackson, Josephine, Klamath and Douglas Counties in Oregon, and Siskiyou County and parts of Shasta and Trinity Counties in California. This is an area equal to the combined areas of the states of Massachusetts, Rhode Island and Connecticut.

During the period between 1912 and 1922, the number of consumers has grown from 6,561 to 13,123, an increase of 100%.

Increase in Facilities

The Company owns and operates eight hydro-electric plants in Southern Oregon and Northern California. In building these hydro-electric plants, a natural resource is being developed which will be productive forever.

In 1912, the generating capacity was 11,800 H. P., and at the end of 1922 it amounted to 52,980 H. P.

The Company's high tension lines at the end of 1922 were over six hundred miles in length.

The aggregate length of the distribution lines was over eight hundred and ten miles.

The investment needed for the construction of these facilities has increased from \$4,189,325.76 in 1912 to \$10,293,569.69 in 1922.

These figures do not include the recently purchased system of the Douglas County Light and Water Company.

THE STOCK
