ROSEBURG, OREGON, WEDNESDAY, AUGUST 29, 1923.

FAVOR DISARMAMENT CONFERENCE.

The American Legion is considering plans to put before President Coolidge at an early date a call for an international air disarmament conference to be held at Washington, D. C. for the purpose of halting the mad race for supremacy in military airships and airplanes now in course of construction among the countries of Europe.

That war is hell no one knows better than the American boys who participated in its devilish program during the recent world conflict. And they also know that the ruthless loss of life on the battlefield is not a sane way to settle international difficulties. They also realize when foreign nations enter into a huge program to build up their armies, navies and fighting forces generally that the ultimate result is war—there can be no other alternative.

Therefore, the American Legion, composed of men of experience—men who carried the real burden of the World War—is alert to recent developments in foreign countries in the way of building and encouraging military preparations that will in due time threaten the peace of the world.

France has taken the lead in this conflict which threatens the peace of the world today. She has 140 squadrons of military flying machines and intends to have 220 squadrons by the end of 1925. Included in the armament are planes which carry 75-millimeter cannons, planes which can transport six machine guns and their crews, enormous bombers, special fighting ships armored with battleship steel and actual troopships of the air.

England is France's nearest competitor and in response to suggestions of its strategists, has voted an extra $27,500,000, to enlarge its air armada. It has been estimated, however, that even by 1926 England will be able to send aloft only 624 battle-machines to meet 1,580 that France will have ready. The creation of a separate air force by Italy, with extensive plans for its rapid development into a powerful fighting machine indicates that Italy will enter the race. Russia is employing German technicians and is using German machinery to advance toward its air goal announced by Moscow as 10,000 planes.

The American Legion, composed of men who know what war is, feels that action should be taken at once to stop this conflict which menaces the peace of the world before the United States is compelled to expend millions of dollars for planes and equipment.

The usual number of persons are being killed this season by the careless hunter and by the time the season has ended the quota will more than likely be up to the standard for previous years. There doesn't seem to be any cure for the fellow who takes a chance in the woods at shooting a moving object in the brush, bringing down a human. These fellows ought to be supplied with dummy cartridges or their companions an armor of steel.

—o—

Just about the time that a certain crop of a particular kind of fruit reaches the pinnacle of success and the growers are enthusiastic over prices received for their product and are well on the road to general prosperity along comes the overproduction period that knocks the enterprise completely off its feet. This is certainly a cruel world that takes its spite out on those who endeavor to be successful and prosperous.

This might be good vacation weather but that's all that can be said for it. And where does the fellow get off that cannot afford to vacate.

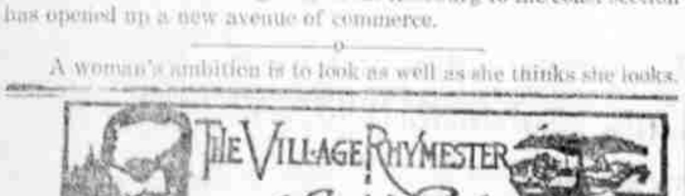
A woman's ambition is to look as well as she thinks she looks.



Dear Folks:

Said Grin to Frown, 'You look upset. For goodness sakes wake up! Don't put your tail between your legs like some poor beaten pup. You lag, and drag yourself along and sigh and cry and moan. What joy do you expect to give to those who hear you groan?"

"You're never asked, where good things are. Folks leave you far behind. They're always glad to pass you up. I wonder if you're blind. If you could only see yourself as others see your face, you'd want go go and hide away in some secluded place."

Said Frown to Grin, "You make me sick. I don't know how to smile. And if I did, 'twould never bring me anything worth while. I try to work up sympathy by looking glum and sad 'cause Life is hard and all the world is going to the bad. The day will come when you'll admit you're wrong and I am right, and then my good friend Mr. Grin, you'll pass right out of sight."

"Poor Frown," said Grin, "You're out of luck. It's such words as these which keep you looking up to me upon your bended knees. Go change your name and all your thoughts on Life and how it's run. For when you do you're going to find there's room for smiles and fun. And sympathy is never won or captured by a groan, as those who make this dismal sound must ever live alone.

When two deacons meet after they've exchanged hats at church we've often wondered how they smooth things over. Doc Delapp and Art Taylor traded derbies unknowingly recently according to a confirmed rumor reaching ye ed's sanctum today. Art was walking down the main drag with Doc's chapeau on his dome and he passed a woman and with a graceful bow he tipped the hat. "Why Art, you don't know that woman—why did you tip you hat?" said his wife. "I don't but Doc Delapp does and this is his hat," answered Art without flinching. And being a deacon Art has had a heluva time explaining why his derby contained a card under the sweat band reading, "D——m you, this ain't you hat."

MANY FEATURES FOR MEDFORD FAIR

Entertainment features at the Jackson County Fair this year September 12th to 15th will play a large part on the daily program and exhibits of livestock, horticultural, dairy and agricultural products in extent heretofore unknown at a Southern Oregon Fair will be crammed with interesting, educational and entertaining features in such numbers that there will be something which will hold the intense interest of each individual present.

Crowds are expected to exceed last year's attendance which was more than 22,000 people. Twenty thousand dollars in premiums are offered by the fair association and $5,500 in purses for the racing events which will include motorcycle and automobile races on the one and one-eighth mile speedway, one of the fastest dirt tracks in the northwest, and horse racing events on the new half-mile horse track.

The auto races will be fast and interesting as some of the best cars on the Pacific Coast will be entered in addition to Medford drivers who have cleaned up at Salem and Eugene and on the Jackson County Fair grounds track this season with remarkable consistency.

Horse races and the horse show are expected to be big features this year as good purses are offered and a string of twenty one thoroughbred racers from Victoria, B. C., will show at the fair and take part in the events.

Stock exhibits with entries of the finest cattle and horses in Southern Oregon and Northern California will be large and the poultry and rabbit exhibits are expected to cover more space and attract more attention than even those of last year.

Seven racing events will be staged each day by some of the most famous daredevils and aerial acrobats on the Pacific coast will be staged in the afternoon and evening of each day. The night flights will be a feature never before seen in Southern Oregon.

Accomodations at Medford for motorists who intend to visit the fair are excellent the City Auto Camp and Merrick's motor inn being two of the best and most completely and conveniently equipped motor camps in the Pacific Northwest. Record crowds are expected.

"MAIN STREET" IS A LEGAL PROBLEM

NEWCASTLE, Cal., Aug. 29.—Newcastle's "Main Street" is a real instead of a figurative problem to the people of this town. The Southern Pacific Railroad company claims the street is in reality a part of its right of way and threatens to utilize it as sites for one or more fruit shipping houses. This action is being contested and the question is now before the state railroad commission.

Newcastle, a small and unincorporated town located on a hill, is credited with doing the largest deciduous fruit shipping business of any town in California.

RHEUMATIC NEURITIS

Says His Prescription Completely Banishes All Rheumatic Pain and Twinges—Is Guaranteed.

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer that if a full pint bottle of ALLENRHU, the sure conqueror of rheumatism, does not show the way to stop the agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

ALLENRHU has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and piteous and where the patient was helpless.

Mr. James H. Allen of Rochester, N. Y., the discoverer of ALLENRHU, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless ALLENRHU decisively conquers this worst of all diseases, and he has instructed druggists to guarantee it as above in every instance. Urinary troubles may set in.

Don't wait longer—take Doan's Kidney Pills.

Roseburg people tell you how they act. Ask your neighbor!!

Mrs. W. R. Conlee, 319 W. Washington St., Roseburg, says: "I have used Doan's Kidney Pills for some time and have found them beneficial. My kidneys were weak and I had dull backaches and felt dull and languid. My kidneys acted irregularly, too, so when I read about Doan's Kidney Pills I used them. Doan's helped me by relieving the backache and other signs of the trouble."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Conlee had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Varicose Veins Are Speedily Reduced and Terrible Eczema Goes Quick

Strong, Powerful Yet Safe, Surgeons' Prescription Called Moone's Emerald Oil Has Astonished Physicians

There is one simple and inexpensive way to reduce dangerous, swollen veins and bunches, and get them down to normal, and that is to apply Moone's Emerald Oil night and morning. People who have painful enlarged veins should not neglect them for they sometimes burst and cause much misery and loss of time.

Moone's Emerald Oil besides being so marvelously antiseptic that it at once destroys germs and poisons caused by germs is such a [illegible] able healing agent that eczema, [illegible] itch, salt rheum and other inflammatory skin eruptions go in a few days. Piles are quickly absorbed [illegible] goiters, wens and swollen glands are dissolved.

For years it has been used in hospitals for boils, carbuncles, ulcers and open sores, and with most perfect success. With each original bottle, which any pharmacist will supply you, is a folder that gives directions for use in all of the distressing complaints. Nathan Fullerton, The Rexall Store, Roseburg, Oregon, will be glad to supply you.

RICE HULLS ARE USED TO END DIRT CAKE

VISALIA, Cal., Aug. 29.—Experiments in the use of rice hulls for the purpose of keeping the ground loose and preventing caking, especially after irrigation, are being tried out near Visalia. Thus far the tests have proven so successful that the orchard company has spread four cars of rice hulls over its vineyard and orchard lands. The new method is based on the theory that the rice hulls will not decompose for five years and during that time will serve to prevent the ground from baking or hardening.
