

FOUGHT MAN WOMEN

D. GROAT
Correspondent

The Ruhr battle is just on the German side of the men folks. The French and British are fighting a battle at home over the passive resistance in the Ruhr, though the "hard-headed Westphalian" gets madder the more he is prodded. He doesn't want to quit. That is a certainty. He wants to quit only when he gets what he regards as a fair deal, which will leave him free to work without bayonets at his breast.

The government and the industrialist wish to hold on; so does the worker. Whether the government can supply sufficient fats and potatoes, however, will tell the story. The fireline will be the decisive battleground.

LUIS ANGEL CARRIES EFFECTIVE PUNCHES IN HIS MIGHTY RIGHT

NEW YORK, Sept. 12.—(A. P.)—Luis Angel Firpo has a style all his own in the ring. He admits his faults but points to his unbroken string of triumphs as proof of his ability to get results in his own way. He is confident that his methods, unorthodox as they may be, will enable him to wear the world's heavyweight crown after his battle with Jack Dempsey at the Polo Grounds, September 14.

Firpo has been beset by advisers, well-wishers and the like, both in his pugilistic and business affairs, ever since he rose to prominence in this country. But the Argentine giant has listened, then waived most of them aside.

Firpo's first pugilistic efforts here, early in 1922, showed him the rawest of novices but possessed of astonishing strength and a club-like right that offset all other handicaps. His amazing strength and punching power alone were responsible for his early victories over Sallor Maxted, Joe McCann and Jack Herman, third-raters.

Then, about a year later, he returned to the United States to box Bill Brennan. Firpo won by a knockout in the twelfth round but only after sustaining terrific punishment. Again his bull-like courage and power pulled him through where his awkward attempts at ring science failed. He was guilty of the most elementary of ring faults, leading with his right. His footwork was of the crudest, and he had no effective defense.

Just before this bout he was put under the tutelage of Jimmy DeForest, veteran trainer, who had conditioned Dempsey for the fight in which he took the title from Jess Willard. Some effects of this tutoring were apparent when Firpo won from Brennan, but the South American was still lacking in many essential points of the game.

Firpo showed vast improvement in all-round form when he knocked out Jack McAuliffe. His footwork and defense were better than in any of his previous performances, while he still retained his irresistible attacking power. Against Willard, a lumbering object, Firpo did not show to remarkable advantage, but he fought his own battle and won decisively.

In all of these fights, however, Firpo when hardest pressed, fell back upon the rushing, bull-like charges that had invariably carried him to victory. Under the heat of battle he flung most of his newly acquired science to the winds and fought primitively, both his left hand became a more potent weapon under DeForest's coaching, but it was the right that brought down his foe.

The Willard fight marked the end of DeForest's tutelage and soon afterward the advent of Horatio Lavallo, gentleman sportsman from Argentina, as general director of Firpo's training activities. While ostensibly DeForest was released because of the handicap under which he worked in not being able to speak Spanish, it was understood that Firpo also irked under the veteran trainer's discipline and preferred to employ his own methods of conditioning. This he could do with Lavallo.

Firpo is a natural fighter. His style is instinctive, rather than the result of rigorous preparation. He learned much from DeForest, but he profited most from experience. He has acquired ring knowledge and generalship quickly. He has proved that he can take the hardest of punishment, weather the hottest of fistic storms, and come back with a demolishing attack of his own.

Against Dempsey, Firpo will be vastly improved in form over his earlier performances. He is not as fast, nor has he the champion's repertoire of blows, but he has added a fair measure of skill and scientific ability to his rugged strength. Firpo's left may be more of an asset to him than ever before, as a result of his training, but his rights to the body and the head will be his most effective punches, the blows by which he hopes to take the title back to Buenos Aires.

He has proved that he can take the hardest of punishment, weather the hottest of fistic storms, and come back with a demolishing attack of his own.

MORE NEW DESIGN DODGE CARS HERE

Shipment of the second carload of late design Dodge Brothers cars has been received by J. O. Newland & Son, local dealers, and is set up for delivery today. Due to changes in the car and heavy construction work at the factory for greater production, no cars were shipped to dealers during July and most of June. The latest car met such immediate and widespread favor with its improvements in riding qualities, beauty, comfort and power that the provision for a much greater production is being made for the forthcoming year. Some of the new cars are on display now.

The great number of people who have been waiting for the recent improvements is remarkable," said J. O. Newland. "Their expression of satisfaction with the changes made by Dodge Brothers is especially riding qualities and appearance as well as added power and comfort seems to have satisfied a long-wanted desire. These changes have caused many persons to buy new Dodge Brothers cars."

New Dodge Brothers cars of the late design were sold to E. E. Applewhite of Marsters Drug company, Mrs. M. M. Brumback of Roseburg, C. G. Rogers of Ten Mile, J. S. Lawrence of Dixonville, and Rev. L. B. Quick, pastor of the First Presbyterian church.

Painless extraction of teeth at room 9, Masonic Temple, Dr. Nerbas.

R. H. S. BIBLE CLASS. A high school Bible credit class will be started at the Christian church Bible school, Sunday, Sept. 16. All pupils desiring to enroll for this course of study, for which credit will be given in the Roseburg high school, should be present at that time. Further particulars from Mrs. Charles G. Stanton phone 75-J.

Have Kidneys Examined By Your Doctor Take Salts to Wash Kidneys if Back Pains You or Bladder Bothers

Flush your kidneys by drinking a quart of water each day, also take salts occasionally, says a noted authority, who tells us that too much rich food forms acids which almost paralyze the kidneys in their efforts to expel it from the blood. They become sluggish and weaken; then you may suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To help neutralize these irritating acids, to help cleanse the kidneys and flush off the body's noxious waste, get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys may then get fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate sluggish kidneys; also to neutralize the acids in the system so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive; can not injure and makes a delicious effervescent table-water drink. By all means have your physician examine your kidneys at least twice a year.

Why Dealers Here in Town are selling so many Remington Game Loads

IT doesn't take sportsmen long to get the ins and outs of anything new that's offered them.

When Remington announced the Remington Game Loads last year, not all the men who wanted to try them could do so. Because it was their first year and there weren't enough to go around.

But those who *did* shoot them told the others, and *this* season there is a demand for Remington Game Loads that has never been approached in the history of the loaded shell business.

Whether you are already a Game Load enthusiast or have yet to shoot your first box—you will be interested in the facts about powder we uncovered in our Bridgeport tests on loaded shells. These are given in the panel at the right.

To the practical minds of the Remington organization, these discoveries indicated that there was just one thing to be done—

Fix a safe working standard of velocity, pattern and penetration for each kind of small game.

Make this standard *absolute*. And load just the right amount of powder to give it—whether it takes an eighth dram more or an eighth dram less.

That is the theory and practice of game loads.

Uniform shooting results—instead of a hard and fast loading formula. Powder varies—Remington Game Loads do not.

Naturally, you won't find the weight of powder indicated on Remington Game Load boxes—because the weight is *not* fixed.

You do not find the name of the powder because Remington takes full responsibility for the shell complete—including the powder.

Go to your dealer's. Get one box of Remington Game Loads and shoot them. We'll leave the rest up to your judgment.

REMINGTON ARMS COMPANY, Inc.—New York City
Established 1816

Remington

THE AUTHORITY IN FIRE ARMS, AMMUNITION AND CUTLERY

These are the Facts disclosed by Remington's Ballistic Tests

A—A given weight of the same kind of powder doesn't always give the same velocity, pattern or penetration.

B—Powder varies batch by batch—even the same kind and make. One batch, for instance, gives a velocity of 525 feet per second. Another may fall as low as 540 feet per second.

C—This is nobody's fault. Powder comes that way.

D—The man who buys his shells by the weight and kind of powder—often misses a lot of game and never knows why.

GLENDALE NEWS Our public schools opened on Monday under most favorable auspices. Our nearby schools are now combined with our Glendale school system and school cars bring our pupils here on time.

Mrs. A. H. Henson returned to her home in this city after an extended visit with her daughter, Mrs. F. H. Newell in Portland.

Charles Koehler and wife and Mr. and Mrs. Nesham returned to their home at Dunsmuir, California, on Sunday. Miss Honor Wilson returned home with them for a short visit.

Mr. and Mrs. W. D. Holsclaw of this city are enjoying a vacation at Diamond and Crater lakes.

Carl Sother was elected school clerk by 54 votes, Mrs. Siemera polled a vote of 33 being second on the list of aspirants.

Mrs. Mosier of the New Eldon and her house guest, Mrs. J. A. McVezah, were Roseburg visitors this week.

A recent very unpleasant happening in which the flag was found nailed to the steeple of the Catholic church, is creating a very serious controversy in this city. J. L. Campbell has been called upon by our mayor to explain it. As we recall every act of Editor Campbell's since he first came here, it has been for the improvement of our city and we do not believe Mr. Campbell had anything to do with such an unholy act of vandalism. We think it was the act of a degenerate, who expected Mr. Campbell would be accused of it. We hope the real criminal will be found and punished. How anyone passing by the Catholic church with its sacred emblem of the cross, could do such a deed, we cannot understand. It is surely a very serious offense against our city.

Mr. and Mrs. R. A. Barnes and children of Tekoa, Washington, will arrive on Monday for a visit with home folks.

Mrs. A. R. Watkins is visiting Mrs. W. C. Lovens this week. MOLLIE. Buy your school tablets and pencils at Goettel's Variety Store.

Over From Oakland— Mrs. Henniger and daughter, Ruth, were over from Oakland today shopping and attending to other business.

Mr. McGehey in— Mr. D. C. McGehey of the rural districts was in town today transacting business matters.

Mrs. E. F. Northrup of Wilbur will return the latter part of this week from Nebraska, where she has been visiting with her parents for several months.

SPIRELLA CORSETS, Made to measure. Bell Case, Phone 391-L. Try our way with a Meadow Lark Electric washer. Easy payments. Hudson Electric store.

Left for Portland— Glenn Taylor left this afternoon by motor for Portland. He will drive an Overland car back, which he purchased in that city.

Will Take Trip— Mrs. F. A. Clemons left Monday for an extended trip to North Dakota, where she will visit at James-town with relatives. Mrs. Clemons expects to be absent about six weeks.

WHEN SCHOOL STARTS Your children will need ink, and pencil tablets, pencils, crayons, note books, inks, rulers, etc. You can buy them at Carr's. Also school bags and book straps, Eversharps, fountain pens. All at moderate prices. Tell the children to get them at Carr's.
