### Can of Pepper Found in Rear of Car Causes Garage Man to Become Suspicious

Chief of Police Ketch is today endeavoring to trace a Buick touring car bearing an Idaho license, which stopped in this city Thursday night, following the train robbery and murder at Siskiyou. The car was placed in a local garage over Thursday night and left early Friday morning.

Suspicion was aroused, when Clifford Jenkins, day manager of the Roseburg Service Station garage, read in the News-Review last night that the robbers who blew up the mail car of train No. 13 on Thursday afternoon and killed three members of the train crew and the mail clerk, had used pepper in an effort to prevent bloodhounds from picking up their trail. He immediately reported that on Friday morning he had accidentally run across an open can of pepper in the rear seat of the Buick car which had been stored in the garage over night, and marked the fact that it was peculiar that the men would be carrying pepper but had no cooking utensils in sight.

This morning when the police started an investigation and Mr. Jenkins tried to find the slip upon which the car was registered, the slip could not be found, and it is believed that it was stolen by one of the occupants of the machine.

The car came in about 10:30 Thursday night and was checked in by A. S. Newman, night floor man. As each car comes into the garage for storage a slip is prepared and record kept of the machine. The lower stub of this slip is torn off and given to the driver of the car. The larger part is filled out with the license number and description

### ROSEBURG WINS OPENING GAME

### Cottage Grove Gridiron Warriors Lose to Locals by Score of 27 to 7

(By Glenn Radabaugh)  
The local high school football team opened its season with a bang yesterday when it defeated the Cottage Grove high school by a score of 27 to 7, in one of the finest exhibitions of real football ability which the locals have ever put up. Although obviously outweighted, the Roseburg gridiron warriors kept the game on the offensive territory for the greater portion of the time.

With splendid weather and with an exceptionally large crowd of boosters on hand, the first quarter opened with the ball in the hands of the local squad. A five-yard penalty on a neck tackle by one of the Cottage Grove players had a tendency to keep the game clean for the remainder of the time. After making steady line yardage, the locals made a wonderful forward pass and put themselves dangerously near the goal posts. The first real thrill of the game, however, came when Bill Burr grabbed the ball and put it within three yards of the line. One plunge was enough to put the ball over and with a complete goal kick the first score went to Roseburg.

In the second quarter the Team again proved itself on the offensive. Withstanding withering line plunges throughout the quarter the R. H. S. team kept the game at a high pitch every minute. Burr again distinguished himself in the second quarter when he connected himself with the ball and literally ran away from the Cottage Grove players, kicking a successful goal and scoring a second time for Roseburg.

### BLOODHOUNDS STAKE WARM TRAIL IN SISKIYOU BUT BANDIT MURDERERS STILL AT LARGE

### OFFICIALS BELIEVE A GANG OF DRUG RUNNERS OPERATING BETWEEN COOS BAY AND KLAMATH FALLS ARE GUILTY OF COLD-BLOODED MURDERS

(By Associated Press.)  
SAN FRANCISCO, Oct. 13.—Daniel O'Connell, chief special agent of the Southern Pacific Company telephones from Dunsmuir to his office here today that the agent of the company at Ashland had informed him that the bandits who perpetrated the holdup and murders on Train No. 13 had been captured in the Coos Bay region.

It became known today that three strangers spent several days in the town of Hills, Cal., and vanished from there on the day the robbery took place. These men were not known in Hills and their presence there has not been explained.

Bloodhounds today failed to pick up the scent of the desperadoes. Other hounds from Seattle and Yreka are to be given trails later.

Contrary to first belief that the bandits fled empty handed, it was said today by W. G. Chandler, special agent of the Southern Pacific company for this division, that they undoubtedly obtained some loot from the mail car before it was consumed by fire caused by the explosion of dynamite used by the robbers.

Two suspects were detained here today, but authorities admitted they have no evidence against either of them.
