Price \$1100.00. Sell everything if wanted. Red buyers write to owner, Frank Schmelik, Myrtle Creek, Oregon.

## FORD CAR STOLEN AT DRAIN LAST NIGHT

Sheriff Starmer is today endeavoring to locate a Ford car which was stolen from Drain last night. Owing to a mistake in the license number given the sheriff this morning, considerable time was lost, but it is believed that the men driving the machine are going north. The officers now believe that the three young men who broke jail at Jacksonville did not steal Guy Radabaugh's car but that they are responsible for the theft of the car at Drain. The persons stealing Mr. Radabaugh's machine are believed to be the same ones who broke into F. M. Sebring's garage and stole 29 gallons of gasoline, carrying away a reserve supply in a milk can. They are believed to be on the way to Coos Bay.

The jail breakers were seen walking north through Edenbow about midnight, Monday night. At that time they were coatless and it is believed they broke into Henninger's store at Wilbur and stole coats and shoes there. It is thought that they reached Drain yesterday and last night stole the car which was taken from that place.

Selling out half of Churchill Hardware Co's stock—home folks, farmers, carpenters and builders should take advantage of this sale.

## MANY INCOME TAX RETURNS IN ERROR

PORTLAND, Oct. 15.—Investigations conducted by field deputies of the internal revenue service indicate that hundreds of taxpayers in Oregon have neglected, intentionally or otherwise, to include as income in their returns for 1929, 1921 and 1922 profits realized from the sale of real estate, according to Collector Huntley, who several weeks ago ordered a rigid probe to be made of suspected evasions of income regulations.

In order to close up the government tax net, the collector has ordered that a transcript be made of all doubtful transfers. A careful investigation will be made of all these files, to determine whether or not the sales involved have been reported upon the income tax returns. Collector Huntley suggested that all persons who failed to include the profit realized from real estate sales call at his office, or file amended returns, as it is the policy of the revenue department not to assert heavy penalties when the disclosure of failure to include income are voluntarily made by taxpayers.

"It is my belief that the failure of many taxpayers to include real estate profits in their returns was due to an erroneous interpretation of the income tax laws and to misleading publicity that was given out prior to the ruling of the United States supreme court holding that such gains were taxable income under the revenue laws," Collector Huntley stated.

In cases where the taxpayer does not voluntarily disclose items of income that were omitted, and where the gains from real estate sales have not been reported, the collector said that it would be necessary to full penalties for the investigation of the taxpayer to make gains in his income tax.

T. J. Casey, factor of the Spreckles-Savage Beer Co., was visiting in Roseburg and in the city.
