A Chassis as Fine as Its Motor. From whatever viewpoint you study the Willys-Knight car, you reach but one conclusion—it lives up in every way to its marvelous motor. Take the frame, for example—the "back-bone" of your car. A heavy steel channel, 4 1/2 inches deep at the center, is rigidly reinforced with six cross members (the motor legs add additional strength), which minimize frame distortion, the cause of body squeaks and rattles in the average car. Only one American car (and it sells for almost three times as much as

LOCOMOTIVE UNION TO PENSION WIDOWS

CLEVELAND, Dec. 3.—(A. P.)—The board of governors of the Pension Association of the Brotherhood of Locomotive Engineers has arranged to put the widows' pension into effect December 1. On that date, 281 widows will be placed on the pension list and commence to draw a fixed amount each month. In addition there will be paid to them an aggregate sum of \$80,650 in back pay for pensions from the date of their husband's death. Warren S. Stone, president of the Brotherhood, referring to the widows' pension said: "Perhaps one of the most historical events that ever happened in the annals of organized labor occurred when the board of governors of the pension association decided upon putting into effect the widows' pension. "We believe we are the first of the railroad labor organizations, if not of any of the labor organizations, to pension the widows of the pension members for life, and we think it marks a distinct step forward in the history of organized labor, and one that will perhaps have a more far-reaching ef-

fect than any other single action of the many activities of the brotherhood. "Eventually we hope that some plan will be worked out whereby not only the widows of the pension members, but also the widows of all members of the brotherhood will be pensioned from the date of their husband's death." SERVICE DEPARTMENT OF LEGION ACTIVE. PORTLAND, Ore., Dec. 3.—Activities of the state Legion service department for the month of November include 94 compensation cases; 58 permanent compensation claims; 68 affidavits; 7 copies of discharge; 2 back pay claims; and numerous travel pay, lost discharge reimbursement for funerals, guardianship cases and other matters. The report discloses that claims were adjusted with the ex-service men at the hospitals and state institutions through personal visits by the state service officer of the Legion. The service department has operated free of charge to veterans of the world war and their dependents in the adjudication of claims arising out of world war service. Ex-service men with unsettled claims are asked to get in touch with service officers of local posts of the American Legion or communicate direct with the state department of the American Legion, Portland. MOOSE ORGANIZER HERE. M. P. Murphy, of Portland, local organizer for the Moose Lodge, who has been spending the past month here with the local order, returned Sunday from Portland. Mr. Murphy went to Portland in an effort to secure for Roseburg a visit from the five students of the Mooseheart School, at Mooseheart, Ill., who are making a concert tour, but owing to the inclemency of the weather, their itinerary had already been made up, and could not be changed so as to include Roseburg.

Where Do You LUNCH. If you miss our Business Lunch, you'll be unfit for business that day. GRAND GRILL. "Six; I'm through—through forever. I was making my share until the gang went and bumped off a pair of revenue officers. The game got too dangerous for me—I quit. "But I can tell you where I can get you genuine Scotch—\$8 a bottle. Just in from the ships." And so you buy. The Scotch was made in an East Side cellar—the labels printed on the same press that turned out the German marks. Shift the scenes. Follow the mark seller, the truckman, the canary bird seller, and the bootlegger home. You'll find him and his blonde mamma, bedecked in jewels, in a Riverside flat. Perhaps he is keeping a bachelor apartment on the avenue. On the wall you'll notice his bachelor of arts degree. That night, as you sit in the balcony at the Metropolitan, or in the parquet at the Follies, you think the party in the box looks familiar, but you can't place him. The mark seller is the "pliker" of the lot—\$15 a day. Even the fake blind men and cripples on Broadway make \$50. The fur salesman's craft nets him \$75 to \$100—often \$1,000—a day in holiday season. "Scotch from the boots at \$8 a copy," is making profits of \$500 a day for many a New Yorker, records reveal. The canary bird peddler, by actual count, sold 240 birds at \$3 each—\$720—in one hour. Bring your "gold brick" to New York.
