

SOMETHING YOU SHOULD KNOW ABOUT WINTER LUBRICATION

**If
an oil solidifies
in cold weather it
can't
lubricate your car.**

That's why we say—use Zerolene "cold-test" oil, — it remains fluid in cold weather and lubricates the bearings and cylinder walls at the first turn of the motor—and makes starting easier.

You'll probably avoid trouble and expense by getting on the safe side, with Zerolene.

A poor "cold-test" oil often means scored cylinders, worn bearings and expensive repair bills.

Be sure—use the grade of Zerolene recommended for the winter lubrication of your car. Consult the Zerolene Correct Lubrication Chart—wherever Zerolene is sold.

STANDARD OIL COMPANY
(California)

Zerolene No. 1, No. 3 and No. 5 are all good "cold-test" oils.

If you have trouble shifting gears, use Zerolene Transmission Lubricant "B"—it remains fluid at low temperatures and permits ready shifting of gears.

CALVIN COOLIDGE DELIVERS ADDRESS

(Continued from page one)

brought prosperity, he said, advising against tariff tinkering as "disturbing and harmful."

Shipping

Until the merchant fleet can be disposed of to advantage, it will be administered "as economically, as possible" under plans devised by the shipping board.

Public Improvements

Resumption of flood control work on the Mississippi and Colorado rivers; improvement of the Lakes-Gulf waterway, development of the St. Lawrence waterway and power development in northeastern states should all be encouraged.

Railroads

Congress should await the supreme court's decision on the recapture clause of the railroad law before legislating new laws on rate-making. The railroad labor board should be left undisturbed until some other tribunal is agreed on between capital and labor.

Permissive consolidation of railroads should be tried, to be followed, if a failure by compulsory consolidation. The freight rate structure should be reorganized at once.

Courts

A commission should be named to revise the laws. Two more federal judges should be provided for the southern district of New York, one in the northern district of Georgia, and two more in the circuit court of appeals for the eighth circuit. A commission should be created to expedite court business.

Government prison reform is needed. Two reformatories should be provided—one for women, one for first offenders. A bureau of criminal identification should be added to the department of justice.

Prohibition

The president referred to the treaty being negotiated with Great Britain to stop rum smuggling, and said the coast guard ought to be provided with fast motor boats to catch rum runners. Sources of liquor should be "rigidly regulated" and every effort made to stop interstate traffic. Urging co-operation of state and nation, he said disrespect for the prohibition law is a menace, and said citizens should not obey the law, but let it be known they are opposed to others violating it.

The Negro

He advocated strict anti-lynching laws, and formation of a commission to study the negro problem from industrial and economical angles.

Civil Service

This should be maintained, Mr. Coolidge said. He advocated adding first, second and third-class postmasters, and the field force of the prohibition service to the classified list.

Public Buildings

He opposed a "pork barrel" public buildings bill but advocated an annual appropriation of \$5,000,000 to provide needed government buildings.

Regulatory Laws

He advised laws to prevent harbor pollution, regulate aviation, radio interference, loading of ships, Alaskan fisheries. Revision of federal trade commission procedure is needed, he said.

Army and Navy

Both services have been reduced "to the danger point," he said. "Both should be strengthened. Additional planes are needed for the navy, and additional submarines for the navy." Panama canal defenses should be perfected. Having war, America should avoid "weakness that invites imposition."

Insular Possessions

He unqualifiedly endorsed administration of the Philippines by General Leonard Wood and gave similar recommendation to all other administrators of island possessions.

Education and Welfare

He advocated child labor and minimum wage amendments to the constitution, and creation of an education department, with its head a member of the cabinet.

Immigration

Immigration should be carefully restricted, with immigrants selected abroad, and registration of aliens here, so that only those intending to become Americans could remain.

Veterans and Bonus

He said the veterans must be given every cure; the service in their behalf "must be clean"; promised to remedy evils disclosed by the senate investigation, and recommended that all government hospitals be permitted to treat free all veterans of all wars, and that new hospitals be built for such purpose. He urged careful consideration of veterans' legislation to be proposed by the American Legion. Of the bonus, he disposed in this sentence: "But I do not favor granting of a bonus."

Coal

Public welfare requires reduction of fuel prices, the president said. Neither should fuel families be tolerated. He urged careful consideration of the coal commission's report; said publicity about the industry was probably as far as the government could go in controlling wages and prices in normal times; opposed government ownership and operation of mines, and requested power to name a commission to act in fuel emergencies to prevent famine, profiteering and strikes.

Reorganization

With exception of proposed combination of the war and navy departments, he approved the Brown plan of reorganization.

Agriculture

No complicated scheme of relief, no resort to the treasury will settle the farm problem, Mr. Coolidge said. "Simple and direct methods put into operation by the farmer himself are the only real sources for restoration," he declared. Measures of relief that may be afforded he listed thus: Reduction of national and local taxes;

lowered freight rates; reduction of wheat acreage; cooperative marketing; government loans as emergency aid; cheaper fertilizer; courses in organization and cooperative marketing in agricultural schools; assistance for wheat exports through the war finance corporation.

Muscle Shoals

Subject to the right to take it back at any time, the government should include a site for an auxiliary steam power to replace the Gorgas plant, recently sold to the Alabama Power Co. The price isn't the principal consideration, he added.

He advocated a commission to negotiate for the most advantageous sale, and make recommendations to congress, and said conditions of sale should include agreement to produce cheap fertilizer, and to experiment with use of water power for this purpose.

Reclamation

Occupants of reclamation projects should be given relief from financial burdens, where necessary.

Roads and Forests

Both roads and reforestation should have continued government support.

The Monroe Doctrine

This fundamental doctrine, "one of the foundations of our foreign relations" must be maintained, Mr. Coolidge said.

"But in maintaining it, we must not forget that a great change has taken place," he explained that our rise to power and greatness as a nation impose, in addition to the obligation to protect ourselves, the duty to "help give stability to the world."

He added: "We want idealism. We want that vision which lifts men and nations above themselves. But they must not be cloistered; they must not be impractical; they must not be ineffective."

The time has come, he said, for a more practical use of moral power, and America must speak with the voices of justice and mercy.

GREEN AND WINSTON NEWS

Mr. and Mrs. J. R. Howard and children were guests on Thanksgiving day of Mr. and Mrs. J. W. Howard.

The Claypool family spent the recent holidays visiting with friends in Ashland.

Mr. and Mrs. J. F. Roth enjoyed a visit from Mr. Roth's brother and wife from Salem, last week.

Mr. and Mrs. Dick Redding and daughter accompanied by Mr. Redding's mother, spent Thanksgiving day at the Henry Erskine home. Mrs. Redding and Mrs. Erskine are sisters.

Miss Cooley will conduct a sewing demonstration on December 11, 12, 13, at the Grange hall at Kelley's Corner, to assist the women of this section, and adjoining communities, in their problems of home dressmaking. Come and be helped.

The Green P. T. A. will meet on Friday night, December 14, at the school house. A program is being prepared that will be very helpful to all. Get into this live organization.

Rev. O'Dell gave a very interesting sermonette to the children on Sunday, and followed it with a helpful sermon to everyone. Mrs. Isom sang a very inspiring solo, accompanied by Mrs. J. W. Howard on the piano. We expect Rev. Caldwell next Sunday.

The following officers have been elected for 1924 for Green Union Sunday school: Superintendent, Charles Hoffmeister; assistant superintendent, Mrs. J. R. Howard; secretary, Mrs. William Telford; assistant secretary, Claude Claypool; treasurer, Mr. Sturgis; pianist, Mrs. Isom; chorister for Sunday school, Mrs. J. W. Howard; chorister for church, Mr. Amelia Harkness; Edgar Howard, Fred Groves, Lee Hough and Roy Havens. These officers will take charge of the work the first Sunday in January.

The regular Sunday school get-together supper and meeting will be held on Friday night, December 7,

"Simply Beautiful"

Describes These Strap Slippers

Simplicity—sometimes demure, sometimes sophisticated—is the accented style note of these delightful strap slippers, which are in perfect step with the fashion trend of the newest garment styles, both in their smart lines, and in their subdued colorings. Particular women will appreciate the fashion understanding evidenced by these December displays, for it so simplifies the choosing of footwear that one knows to be correct.

at the school house. Supper will be ready at 7 o'clock. Several snappy toasts will be given at the conclusion of the supper, dealing with what has been accomplished and the future work of the community through the Sunday school. History and romance will be combined in a surprising store of achievement. Come and be one of us, you are welcome. OBSERVER.
