WEDNESDAY

The M. E. Church bazaar of fancy work, painted articles and goods, Wednesday, Dec. 12, O. Newland & Son's Garage, corner Cass

SPECIAL RATES FOR PRUNE WEEK

A new plan to get the Umpqua valley prunes on the market is to be tried out for a week beginning today, December 10, and extending until December 17. This week will be known throughout the state as "Prune Week."

A great effort is being made to establish a definite market for the Umpqua valley products and especially prunes as this is one of the best products of the valley. At the present time the growers are too divided to obtain the best results. An organization is needed to gain a standard market for prunes and thus assure the growers of a market at all times. The residents of the Umpqua valley owe it to the growers to find a market and make it standard, and it is only through the co-operation of the people that the market for home products can be increased.

The Umpqua Chiefs are planning a banquet to be held in the near future at which nothing will be served except Umpqua valley products. This is showing the proper spirit and the only spirit which will increase the market for home products. Many prunes are being shipped east for Christmas gifts. Everyone is urged to eat prunes this week and send them to friends in the east for gifts. They will appreciate a box of Douglas county prunes.

The American Railway Express company has offered the following special rates on prunes for this week only:

Points west of the Mississippi river including Illinois and Wisconsin, 10 lb. box, 60c; 25 lb. box, \$1.40; 100 lb. box, \$4.96; except Arizona, New Mexico, Texas, Oklahoma, Louisiana, Arkansas and Missouri, which is: 10 lb. box, 68c; 25 lb. box, \$1.58; 100 lb. box, \$5.64. Points east of Mississippi river, including Mississippi: 10 lb. box, 68c; 25 lb. box, \$1.58; 100 lb. box, \$5.64.

These rates are effective to all points reached by the American Express company except Florida and Carolina. Exclusive offices of the Southern Express company are not included in these rates.

Mr. Anderson has given this lecture and shown these pictures throughout the West, and meets with the hearty cooperation of all Christian people everywhere.

MAIL ORDERS FOR MARCUS SHOW

Seldom has such interest in a theatrical engagement in this city been manifested as that which surrounds the advent of the Marcus Show to the Antlers Theatre, Thursday, December 13th.

So many demands have been made for advance reservations that the management of the playhouse has decided to accept and fill mail orders. L. A. Goux, manager of the theatre, announces that orders accompanied by remittance and stamped envelope will be filled in the order of their receipt. It is believed that this method will greatly simplify the advance sale and prevent congestion at the Antlers, when the sale opens tomorrow.

In order to guard against speculation in tickets, Mr. Goux declares that those purchased elsewhere than at the box office will not be accepted at the door. This will be an easy matter to determine as the government requires speculators to place their stamp on the back of each ticket at the time of resale.

No other American amusement institution is so certain of attracting capacity houses. It is therefore especially attractive to ticket speculators. On receipt of the information that this type of parasite has been molesting patrons of the big show elsewhere, Manager Goux issued his manifesto against the profiteers and provided for those who cannot attend the advance sale in person, via the mail order route.

JAPANESE QUARE REFUGEES CHARGE CRIMES TO POLICE

(By Associated Press.)

TOKIO, Dec. 10.—(A. P.)—Some terrible dramas were enacted "behind the scenes" during those days of terror in the first week of September after Japan's most destructive earthquake. Details of some of them are beginning to leak out through complaints of victims and investigations of police.

Thousands of police left their posts to look after their families or were unable, because of conditions, to reach their posts. Volunteer police, organized by local communities to patrol the streets until the military could take over the work, in many instances, ran amuck or organized themselves into robber bands and robbed and murdered scores of refugees.

Many such incidents took place in the suburbs, refugees trying to get away from the burning cities of Tokio

and Yokohama being the victims. A number of individual cases also have been reported and the police are making a large number of arrests. On the other hand, the police are being charged by publicists with the murder of some 40 members of a labor union at Kaneko an eastern suburb of Tokio.

Members of mobs that went wild say they were instigated by the police and gendarmes who started rumors for the fires which started after the quake. Meanwhile the police and the gendarmes are trying to shift the responsibility from one to the other with the result that the facts are difficult to obtain.

Mr. Paul Maier, of Portland, one of the principal owners of the C. J. Brewer store in this city, arrived here late last evening for a few days' stay in Roseburg. While here he is consulting with Mr. Goulet, local manager of the store, and planning for next year's business.

CANADAY IS NOMINATE

WASHINGTON, Dec. 10.—(A. P.)—H. A. Canaday, of Medford, was today nominated as registrar at the Roseburg Land Office, by President Coolidge.

COOLIDGE'S FRIENDS OFFERING SUPPORT

(By Associated Press.)
WASHINGTON, Dec. 10.—Assurances of support for President Coolidge in the campaign for the republican presidential nomination poured in today following the announcement yesterday that the president is to be a candidate. Some of Coolidge's friends are preparing to put his name on in the primary in California against Hiram Johnson.
