PORTO RICO'S TRADE SHOWS BIG BALANCE IN FAVOR OF ISLAND

SAN JUAN, Porto Rico, December 12.—Porto Rico's trade for the last year increased \$17,698,835 over the fiscal year ended June 30, 1922, and totaled \$154,037,555, according to figures compiled by customs officials. Exports were valued at \$82,293,000 and imports at \$71,744,555, leaving a balance of trade in favor of the island of \$10,548,545. With the exception of 1920 and 1921 when war prices still prevailed last year showed the largest trade ever recorded by the island.

Less sugar was exported during the year, but it was worth more money, the average price per ton being a fraction over \$130 as compared with an average price of \$86.86 for the twelve months ended June 30, 1922. Sugar exports were 359,423 tons during the year valued at \$46,207,276 as compared with 470,000 tons exported in 1922 valued at approximately \$41,000,000.

The growing importance of the citrus fruit industry is shown by its having passed for the first time coffee. Fruit exports in value exceeded \$4,500,000 while coffee exports were valued at approximately \$3,175,000. Cigar exports increased approximately 50 million.

One important item reflected in the exports, indicating the large increase in the extent of the waist and dress industry of the island, is the growth of the exports of manufactured cotton goods valued last year at \$6,261,557, an increase of approximately \$2,500,000 over the previous year.

Trade with the United States was approximately \$141,750,000 an increase of about \$18,000,000 over the previous year, while trade between the island and all foreign countries declined in the neighborhood of \$200,000 over the previous year and totaled \$12,436,836. Imports from foreign countries were valued at \$7,260,000 and exceeded the value of exports to foreign countries by about \$2,000,000.

With a balance of trade favorable to the island of more than \$10,000,000 for the year, the total trade balance in favor of the island since 1915 exceeds \$175,000,000.

The Heintze Conservatory, invites all its students ten years of age and over to attend a Christmas party Saturday evening at 8 o'clock. Each pupil is requested to bring a ten cent gift for the grab bag. Put your name inside.

GRIZZLY BEARS FOR PRESIDENT COOLIDGE

R. B. Pearson, "Colonel Idaho Bill," rolled into the White House a week ago to present President Coolidge with a brace of wild bears. He had them with him, outside in a Dodge Brothers screen side car.

"Colonel Bill" has long made his home in the west, moving further and further into the wilds as settlement has forced him from his preserves. He now lives down in the mountains of Mexico, where he captured the bears that he gave to the president.

President Coolidge enjoyed the presentation ceremony immensely. Known as a man who seldom smiles, he enjoyed the antics of the bears with all of the enthusiasm of a school boy.

There is no doubt about the bears being wild. They carry numerous marks of combat with horses and cattle in the wilds of Mexico. Their spirit has in no way been subdued by their motor trip across country. They will be turned over to the National Zoological Park.

The Dodge Brothers car used in delivering the bears made 4,000 miles on this particular trip from Mexico and has made a total of over 100,000 miles in exploration and hunting trips undertaken by the Colonel. And these trips have been in the wildest and roughest parts of the United States and Mexico.

HOLIDAY CARDS
Order your holiday cards now. A beautiful engraved line to make your selection from. Orders placed during the next thirty days will not be billed before January 1, 1924. Don't delay. Call News-Review office.

OREGON WEEKLY INDUSTRIAL REVIEW
City of Riddle buys Cedar Grove property on Azuleo river for park purposes.
Garibaldi-Harbor improvements to be considered.
St. Helens—Work to start on large dock for Columbia River Packers' Association.

Milwaukie Odd Fellows to erect a new lodge hall.

Give something for the car this Xmas. See us for the car gift. C. A. Lockwood Motor Co.

\$2000 REWARD

For the basketball fan who doesn't get excited at the game Saturday eve. at the high school gym.

PRETTY ORPHAN IN VAIN HUNT FOR KIN

(International News Service.)
ATLANTA, Ga., Dec. 12.—Since her mother died two years ago Ursula Reynolds, pretty 17 year old Atlanta school girl, has been searching for some of her relatives.

Her mother was Mrs. Druella Blanche Gilmer, a widow. When she died she left her little daughter, Ursula, two brothers, Paul and S. M. Reynolds, and two sisters, Miss Ethel and Miss Winnie Reynolds. The girl, however, knows nothing about the two brothers and sisters, her aunts and uncles, except that they live somewhere in the south. She thinks, perhaps, that they live in South Carolina, from which state she and her mother came about two years ago.

Meanwhile the girl is staying with friends of the family here in Atlanta and is going to high school.

If Back Hurts Flush Kidneys

Drink Plenty of Water and Take Glass of Salts Before Breakfast Occasionally

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which helps to remove the body's urinous waste and stimulate them to their normal activity.

The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grams of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of good water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts. Take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate clogged kidneys; also to neutralize the acids in the system so they are no longer a source of irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive; can not injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to help keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache. By all means have your physician examine your kidneys at least twice a year.

SAYS NEW METHOD RESTORES "YOUTH"

Gland System "Put in Shade" by German's Plan, He Tells London

By CHARLES A. SMITH (International News Service Staff Correspondent.)

LONDON, Dec. 12.—Provided one is organically sound, one's youth can be restored, vitality renewed and power recaptured, according to Dr. Heyman, German surgeon, now in London, who claims to have discovered a new serum which puts monkey glands in the shade and—in his own words—"constitutes the most momentous advance in medical science of recent years."

Dr. Heyman has been for years consulting surgeon at the Universities of Breslau and Leipzig and has spent his life in the study of the glands of the human body.

By blood transfusion and the injection of his serum he maintains that youth and vitality can be revived in both sexes—a distinct advance over the Steinhach treatment, which applies only to males. Heyman's only condition is that the organs of the patient must be thoroughly healthy.

"I consider my discovery is the key to the problem of perpetual youth," said Dr. Heyman in an interview. "Old age before its time in men and women is due to a lack of certain constituents of the blood and secretions of the body. My treatment can be effected either by transfusion of blood through the veins or by inter-muscular injection of the serum. The blood is restored, and youth comes back with all its vitality and power."

XMAS PRESENTS FOR THE KIDDIES

Toy Tractors, Fordson tractors, plows, and Andy Gump in Doc Yuh's car. Makes a very good Christmas present for the kiddies. C. A. Lockwood Motor Co.

AIR SERVICE WILL LINK U. S. AND HAWAII, SAYS MITCHELL

HONOLULU, Dec. 12. (A. P.)—Regular airplane service between Hawaii and the United States requiring 20 hours should replace within five years the steamship service of five to seven days, according to Brigadier General William Mitchell, assistant chief of the army air service, who was here recently on a tour of inspection.

This service for mail and passengers, he said, was possible with the type of plane now being constructed or planned by the United States. The present type, he said, includes a plane with a flying radius of 3,000 miles with eight or ten engines operating a single propeller.

"Hawaii now possesses the most powerful and most important air service in the Pacific, and the government is awake to the needs of greater development here," he said. "In time the aviation forces will be strengthened in order to make Hawaii a strong defensive arm of the United States in the Pacific."

The islands, he added, form a fer-

tile field for commercial aviation, and there is no reason why regular mail and passenger service among the islands should not be developed immediately.
