J. L. Clow, local chairman of Sunset Lodge No. 139, B. of E. T., of Portland, Oregon, passed through Roseburg on train number 15 yesterday en route to San Francisco. He was met here by S. McConnell, local

chairman of Roseburg Lodge number 525, Order of Railway Conductors, who accompanied him to San Francisco, where both were called by the general chairman of their respective organizations for conference.

At the Liberty Theatre.

"A WOMAN OF PARIS" Featuring EDNA PURVIANCE written and Directed by Charles Chaplin

BORN

MOSS—To Mr. and Mrs. R. A. Moss, 1047 West First street, a boy, Saturday, December 15, 1923.

PIERSON—To Mr. and Mrs. J. L. Pierson, at Mercy hospital, a girl, Monday, December 17, 1923.

H. H. Williams of Medford is spending the day in Roseburg, while on his way to Portland. Mr. Williams is one of the officials of Pubat Burkan Temple, D. O. K. K. of Medford, and will visit with Alpha lodge this evening. Mr. Williams says that the Dobbie Band is doing some fine work this year, and their concerts in Medford show that they are going to make a still higher rating when they visit the next Imperial Palace convention in Providence, R. I., in 1925. This is the same band that gave Roseburgers a treat last August while on their way to Portland, by putting on one of the finest concerts of the season here.

WOULD PRESERVE WASHINGTON HOME

Funds to Be Raised to Care for Sulgrave Manor in Northamptonshire.

(International News Service.) CHATTANOOGA, Tenn., Dec. 18.—The drive for a \$100,000 endowment fund for Sulgrave Manor in Northamptonshire, England, the home of the English ancestors of George Washington, has just been launched throughout Tennessee. The drive, which is of a national scope, is being fostered by the national society of the colonial dames of America. Each state has been given an allotment and Mrs. C. C. Nottingham, of this city, is Tennessee's chairman for the fund.

In making an appeal for contributions recently, Mrs. Nottingham said: "This quaint old homestead of George Washington's ancestors, rich in historic memories, was purchased in 1914 as a gift from a number of public spirited Englishmen and women to the people of the United States and England as a memorial to their common inheritance and in celebration of the one hundredth anniversary of the signing of the treaty of Ghent, which marked 100 years of peace between the two nations."

"We share with England all her history before the American Revolution. Shakespeare is ours, as well as Oxford and Westminster are ours. They are—until the signing of the Declaration of Independence—a part of our common heritage. But the old Washington manor is especially our own; our flag flutters over it and the place should be our care for all time to come."

"The oldest part of the Manor House was built by Washington's ancestors. Over its door is the Washington coat of arms, with its stars and stripes, which furnished the inspiration and the design for our own flag with its thirteen stripes and its forty-eight stars. Washington's ancestors were living at Sulgrave when the first shipload of colonists landed at Jamestown in 1607 and almost up to the time when the Pilgrims came to Plymouth, in 1620. John Washington, Washington's great grandfather, was born at Sulgrave and came to America in 1620."

"We guarantee two things to the donor of every dollar, or more, to this fund: first, that every penny contributed will go to the fund without any deduction for expenses; second, that the name of each contributor will be enrolled in a volume to be preserved at Sulgrave."

The endowment fund, it was stated, will be administered by a board of trustees, made up of representatives of Great Britain and the United States, with the American Ambassador to the court of St. James as chairman. Other members of this board are: Viscount Bryce in memoriam; Viscount Crowder, Earl Spencer, Sir Henry E. Britannia; Lord Wardale, Robert Donald, Charles P. Taft, J. P. Morgan, Major General Wood, John S. Stewart and H. S. Periss.

BIBLE SCHOOL BANQUET GIVEN

A turkey banquet was served to the Bible school teachers and officers at the Baptist church yesterday evening at 6 o'clock in honor of Attorney O. P. Coshow, who is leaving soon for Salem to take up his duties as associate justice of the state supreme court. Mr. Coshow has been a hard worker in the Baptist Sunday school and has served 22 years as superintendent, 20 years of that service being continuous. Following the delicious repast Mr. Coshow spoke briefly expressing his regret at leaving Roseburg, and outlining some of the things which he believes should be accomplished in the future, especially in the way of adequate equipment. He also told a number of amusing incidents which have occurred during the many years he has served as the superintendent of the school, and recited much of the history of the early church in Roseburg.

When he first became superintendent Mr. Coshow said, there was a total enrollment of about 25 members, and quite frequently he sat on

the steps for half an hour or more after opening time waiting for someone to show up to attend the school. Now the Bible school has a membership of around 400 and an average attendance of 200. A vacation Bible school is supported and a modern up-to-date system of instruction is employed.

A number of the officers and teachers spoke of their appreciation of the work of the departing superintendent has accomplished during the past ten years.

CAPT. SMITH TO TRY FLIGHT AROUND WORLD

SAN DIEGO, Cal., Dec. 17.—Captain Lowell H. Smith, joint holder of eight world's flying records, today was appointed one of the four army airmen who will attempt the proposed around-the-world flight April 2. Major General Mason Patrick, army air service chief, announced in a message received here.

Others selected for the historic flight are: Major Fredrick Martin, commander, and Lieutenant Eric Nelson, engineering officer. A fourth is to be chosen. The flight, 25,000 miles, is to start from Seattle, Wash., and includes stops at British Columbia, Kodiak, Kamchatka, Tokyo, Hongkong, Siam, India, Mesopotamia, France, England, Iceland, Greenland, Labrador, Montreal, and ending in Washington, D. C.

When you get a Myers electric pump or water system you are assured that it will do the best work. The Myers company stand behind their products and we are here to back them up. Wharton Bros.

To Portland—Attorney Elbert Hermann left Monday evening for Portland to spend several days transacting business matters.

VAN THE SALTIEST OF LAKES
Dead Sea Ranks Next to Body of Water in Turkey in Proportion of Saline Ingredient.

The waters of the Dead sea are very salty, but not the saltiest in the world. It is not difficult to account for the saltiness of the Dead sea. There are large quantities of salt and salty matters, generally, in the volcanic rocks of the region, but even if this were not so, when a river empties into a lake with no outlet to the sea, as does the River Jordan into the Dead sea, and which therefore loses its water by evaporation only, the water will gradually become very salty, since the remaining waters of such a lake contain more or less of salt, while the water it loses by evaporation only contains none.

In every 100 pounds of Dead sea water 24 pounds consist of salty matters. The waters of Great Salt lake, in Utah, contain 18 per cent of salty matters. Lake Van, in eastern Turkey, is perhaps the saltiest lake on earth, it containing no less than 33 pounds of salty substances in every 100 pounds of water.—Detroit News.

Corn! Corn! Corn!

Corn is without doubt one of the best and cheapest of all feeds at the present time, and when it is properly cleaned and milled there is nothing any better. Every sack of whole corn that goes out of our plant is recleaned, not once but twice, there are no cobs, no chaff, or dirt of any kind, in fact nothing but corn, and that is what you pay for.

Our cracked corn is milled on the latest, most up to date piece of corn milling machinery known. It is first carefully cleaned, then run through the steel cutting rolls, and then direct to the sifter and finisher. Every particle of dust, corn bran or hull is scoured off, and you buy nothing but the best of cracked corn.

Ground corn goes through almost the same process it is not siftings nor are there any siftings in it. It is simply the cleaned whole corn run through the pulverizer, and is the entire kernel.
