

D'AUTREMON TBOYS DECLARED GUILTY

PORTLAND, Ore., Jan. 15.—"You're a newspaper man, so I won't tell you where I think the D'Autremont boys are," said C. E. Terrill, sheriff of Jackson county, who is in town as a witness in the federal court, says today's Oregonian. "It wouldn't do to have the information tipped off. But I'll say this, those boys did the robbery at tunnel 12, at Skikyon, and they can't alibi out of it when they are finally caught. There are about 200,000 reward notices sent out for the capture of the boys. More than 15,000 have been printed in the Mexican language and have been scattered all over Mexico. Since the United States government has taken up the case, through the postal department, the notices will find their way all over the world. We've checked up on the movement of the boys so closely that we are convinced without a doubt that they committed the crime. And if by any possibility they are innocent, where are they now and why haven't they showed up and declared their innocence? When we got the first direct clue, the receipt wadded into the pencil pocket of the coveralls, which gave the name of one of the boys, the other clues were easily followed and articles found near the scene were traced to them. Even the iron-bound chest and the eyelids of the canvas cover which they had were found where these articles had been burned. Yes, there is no doubt but what we know who perpetrated the crime and eventually the boys will be caught."

COUNTY FIRE PATROL ELECTS OFFICERS

H. O. Fargester has returned from Portland, where he attended on Monday a meeting of the Douglas County Fire Patrol. The annual meeting resulted in the election of R. M. Fox, of the Roach Timber Company, president; George W. Marshall, vice president; H. O. Fargester, secretary and treasurer; H. Q. Brown, district warden. The directors are H. C. Shaw, Robert E. Smith, H. P. Chaney, R. M. Fox, George W. Marshall, F. R. Pundleton and Herbert Armstrong. The annual report indicated that there were a total of 192 fires during the year, 18 incendiary, 46 caused by burners, 13 started by carelessness on the part of hunters, 3 spread from burning stumps and slashings, 2 started by stockmen, 3 by lightning, 1 by logging engine and 2 by automobiles, 2 resulted from campfires, and 2 from other sources. During the year the patrol conducted a vigorous educational campaign, by means of slides, road signs and newspaper articles, as well as the distribution of 3,000 booklets to campers, and wind shield stickers to auto owners. The membership of the association is made up of 576 companies and individuals representing 887,411 acres of timber lands, an additional 198,937 acres being patrolled under agreement with the state. Considerable improvement work was carried on during the year.

LEAP YEAR KEEPS CUPID QUITE BUSY

Judging from the license records at the office of the County Clerk, I. H. Riddle, Douglas county girls are not overlooking the fact that 1924 is leap year. Marriage licenses have taken a decided spurt, and the clerk's office is being kept busy handling these records. The 1923 January total has at most been reached now, with half the month still to go. In January 1923 there were 12 marriage licenses issued.

Are You an Ailing Woman? Why Not Enjoy Health?
Salem, Ore.—"For about three years I was in very poor health. I was suffering with feminine weakness which was brought on thru motherhood. I became very thin and was nervous, could not sleep, and my appetite was poor. I suffered all the time with aches and pains, especially backaches and bearing-down pains. I was a physical wreck. I knew of Dr. Peirce's Favorite Prescription thru my mother. I decided to give it a trial and it relieved me of all my weakness and so completely brought back my health that I have never had to take any medicine since, and have kept well and strong."—Mrs. L. THEATRES

Antlers Theatre
Gloria Swanson's new Paramount picture, "Bluebeard's 8th Wife," which will be shown at the Antlers theatre tomorrow is said to be one of the most powerful screen dramas produced by Paramount this season.
Miss Swanson has the role of Mona de Urias, a French girl whose parents are in financial difficulties. Their last straw is to marry Mona to a rich man, John Brandon, an American multimillionaire, played by Huntley Gordon, is chosen as the intended husband. The marriage takes place and many thrilling incidents follow.
The climax of the picture is unique. The supporting cast is excellent and includes, among other prominent screen artists, Charles Greene, Paul Weigel and Robert Agnew.

Majestic Theatre
One of the strongest artists Corinne Griffith has ever had in any of her productions was engaged for "Received Payment," which will be shown at the Majestic theatre tonight.
Kenneth Harlan, whose work both as a stage player and screen actor have brought him to the forefront, plays opposite the star. He appeared with Gertrude Hoffman, playing in "The Fortune Hunter," and "The Country Boy," on the stage, and had prominent parts in such well known pictures as "Love, Honor and Obey," "Dangerous Business," "Mamma's Affair," and "Lessons in Love."
The story of "Received Payment" is filled with dramatic incidents, and the suspense is well maintained throughout the production. In fact, it is not until the latter part that the spectator knows whose daughter she is.

LEGION POST HAS A ROUSING MEETING

A potpourri of jazz, oratory, business and humor was "served up" to the members of Umpqua Post of the American Legion last night, with Vice-Commander Vic Peterson presiding. It was a snappy meeting in every sense of the word and the boys were kept on the edge of their chairs throughout the entire session. Sharrad and Toole, the local synopsers, were on hand and early in the evening presented a program of piano and banjo music that brought forth a storm of applause. These boys are going to locate in Roseburg and their talent is a great addition to the city. Many matters of business importance were discussed and the boys decided to attend the "Days of '49" show to be sponsored by the Cottage Grove post in that city on Saturday, Jan. 26. Umpqua Post is striving to place the membership over the 200 mark in the next week and only has ten members to secure to make that figure. A visit is expected from State Commander Kiddle soon and the local vets are planning to show their leader a big reception.

SISLER TO BE A FINE MANAGER

NEW YORK, Jan. 16.—According to a quoted statement drifting in from the Middle West, Ban Johnson has emerged from the slum long enough to interview himself, the subject of George Sisler's managerial proposition. George, according to our Mr. Johnson, is about a wind-blown, flannel-necked certainty to achieve success as a leader of the St. Louis Browns this season. Nothing could be more certain, Ban intimates, not even the departure of yesterday's twinkle. Among other things, our Ban Johnson delivered himself of the following on the Sisler matter: "He has just the temperament to make a successful manager, a natural leader of men, Sisler is a baseball strategist with few equals and his foresight, so remarkable in his own play, will be even more so in his work as a manager." "The chief criticism of Sisler in the past has been his reputed lack of aggressiveness. The truth of the matter is that Sisler is one of the most aggressive players in the game. Simply because he does not trample and bellow at every play, no indication of a lack of fighting spirit. He is in the game minute—determined, confident and resourceful. I look for him to lead the Browns back into the race against strong pennant contenders. "Sisler apparently needs pluck. He has an excellent outfield, and next year with George back at bat in the American League." New York fans will take heart with our Mr. Johnson on this declaration, however. And not without due reason. It is a matter of doubt whether the Brown field of Sisler, McManus, Gerber and Boutanks the Pipp-Ward-Scott-Dug combination of the Yankees, is that is another story.

SYMPATHY IS URGED FOR DOPE ADDICTS

CHICAGO, Jan. 16.—Instead of punishment being meted out to persons addicted to drugs, whole-hearted sympathy and extensive co-operation should be extended to these unfortunate, according to Dr. Herman N. Bundesen, Chicago health commissioner. In a signed bulletin issued recently, Dr. Bundesen also pointed out that each year finds the rank of child narcotic addicts increasing steadily. This is a problem, he said, which demands the highest skill of the medical profession before it will be solved satisfactorily and its menacing aspects gradually eliminated. "Opium, cocaine, morphine and other habit-forming drugs have reached out and clutched thousands of boys and girls within their tentacles," Dr. Bundesen asserted. "Where in other years only adults were victims today the influence of drugs is found in many grammar and high schools. Children, 12 years of age, and others in their teens have been found to be addicts. "Nowadays the use of drugs is not confined exclusively to the under-
