ENORMOUS AMOUNTS OF GERMAN MARKS SOLD TO AMERICANS

(By Associated Press.)

LEIPZIG, Jan. 18.—Money collectors in Germany, like the stamp collectors, have had their hands full this year. New notes, regular and otherwise, have poured in on them from all sides. Thousands of issues of German marks which became worthless as currency within a few weeks of their appearance, have been accumulated by the money collectors whose only rivals in this respect were the garbage men or the factories who sought the valueless marks merely for the paper.

Collectors' agents in Leipzig, Berlin and other German cities have done a land office business all summer and fall among the foreign clients, some of whom ordered marks by the pound. The United States, it is estimated, has taken tons of the paper notes to be sold in the streets by peddlers, or given away as premiums with a ten-cent order.

In addition to the regulation notes, freak issues of marks came from everywhere, some of them especially designed to give the collectors a thrill. These notes were good only in the districts issued. Thousands of them never reached the public at all because they passed directly into the hands of the collectors.

On top of all the money being turned out by the government as fast as hundreds of presses could print it, the big German industrialists, such as Krupp, Siemens and many others, issued marks with which to pay off their workmen. These notes, also gobbled up by the collectors, were acceptable as currency only in the immediate districts where the respective plants were situated.

But collectors were not the only ones interested. Many municipalities, headed by ingenious individuals, reaped a harvest and are planning further moves in what the village masters, for their own amusement, prefer to call "high finance." By striking a bargain with collectors the municipalities, and some of the other leasing bodies, made a clear gain of substantial amounts by the sale of an entire issue, and the local famine of currency was relieved to that extent. Many of these deals were open and above board, and the town or village benefited. It was, in substance, a lucrative form of indirect taxation, with the collectors being the chief taxpayers.

Thousands of the notes were artistically designed for the sole purpose of catching the eye of the collector of the man on the street in the United States, South America, China or Honolulu. Series after series were produced, only to be cancelled automatically after a tiny sliver, thus avoiding any chances that the collectors might "come back" at the village masters and demand redemption in years to come when the town itself might be on its feet again, and not thinking of wasting time with turning out home made money.

in this state as a candidate for president and announcement that two sets of Coolidge delegates to the republican convention would be in the race, were important developments last night in North Dakota cities.

Following conferences here with La Follette's supporter, Gerald Nye of Cooperstown, candidate for congressman for the second district, said that a state-wide campaign would be started immediately to put Mr. La Follette's name on the ballot. At a meeting yesterday, the "independent" republican state central commission, authorized the name of Coolidge and called a state convention for Bismarck on February 14 to name 13 delegates to the Cleveland convention, as well as a candidate for national committeeman.

The regular republican committee, meeting recently at Bismarck, had endorsed President Coolidge and named its 13-delegate candidates. Efforts by L. B. Hanna, Coolidge campaign manager in North Dakota, to effect a compromise with the "independent" committee yesterday failed. He proposed a new convention in which the various factions would get together, but his offer was turned down.

SOAKS RIGHT IN AND LIMBERS UP STIFF JOINTS

Pharmacists Call It "Joint-Ease" Because It's for Swollen, Sore, Painful, Creaky Joints Only.

It took a good many years to get together a combination of pain subduing and swelling reducing agents declared to be the one remedy that almost instantly penetrates through skin and flesh and starts right in to make swollen, inflamed, creaky, pain-racked joints as good as new.

They call this new and wonderful preparation "Joint-Ease" because the medical man who turned the trick worked for years to perfect some low-priced remedy that would really benefit the millions of people who have one or more joints that need helpful attention.

So "Joint-Ease" is prepared only for people who have a swollen, painful, creaky, "distorted" or stiff joint, ankle, neck or finger and whether it is caused by rheumatism or something else.

Of course, it can't help but quickly put an end to such superficial ailments as lumbago, neuralgia, neuritis, aching muscles, stiffness in the side, crick in the neck or sore feet because of its penetrating action, but what it is really recommended for is joint ailments of any nature whatever.

Ask for a tube of "Joint-Ease." You can use it several times in one evening for quick results, because it goes right through the skin with only a few seconds rubbing. It surely is a swift penetrator and when it gets under the skin, it starts right in to clean up all joint trouble.

Nathan Fullerton, Roseburg, Oregon, dispenses it daily for about 60 cents a tube, as do first class druggists everywhere.

It is a simple, harmless preparation that removes the gallbladder stones from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will relieve or money refunded. For sale by all druggists.

Why does a ball bounce?

—because, when it strikes, it is knocked slightly out of shape. But, being elastic, it springs back to shape, and this reaction makes it rebound. The use of Purex RUBBING ALCOHOL helps put "in shape" tired, aching muscles and stiff joints that sport, labor or illness has "knocked out." A refreshing body-rub for athletes, invalids and infants. Excellent also for removing perspiration spots and for soothing the face after shaving.

Use of Purex preparations. Every man the best that skill and conscience can produce.
